Chant Royal Louis Xi Of France:

Chant Royal James Cleugh,1970 Ideology and Royal Power in Medieval France William Chester Jordan,2024-10-28
Ideology and Royal Power is a collection of essays describing and assessing the ways in which royal publicists in medieval France conceived the authority of the crown especially with regard to protecting and defending its Christian subjects from their alleged enemies at home and abroad corrupt officials Jews particularly moneylenders heretics and Muslims A number of the essays also describe the execution of royal policies with respect to these groups and evaluate their impact both in terms of the groups affected and their influence on further developments in royal ideology A key figure is that of Louis IX Saint Louis r 1226 1270 The Soldier Kings of France Philip J Potter,2024-07-30 The Soldier Kings of France explores the reigns of eight monarchs from King Charles II to Napoleon Bonaparte tracing their roles in expanding French power and shaping European history In early October 1795 Napoleon Bonaparte led the governing Directory s army against the rioting royalists in Paris who were rebelling to restore the monarchy crushing their campaign and beginning his rise to supremacy and greatness Napoleon is one of the eight sovereigns discussed in The Soldier Kings of France who brought glory power and territorial expansion to France while altering the course of European history The work begins in the ninth century with King Charles II s seizure of the French crown and concludes in the nineteenth century with Napoleon s rise and fall In the book the reign of Philip II and his participation in the Third Crusade to the Holy Land is the second monarch reviewed followed by Louis XI who ended the Hundred Year War with the English and Louis XII s rule is next which fought to expand French territorial holdings into the Lombardy region of Italy The fifth king surveyed is Francis I and his enlargement of French lands into Italy while the sixth king is Henry IV whose conversion to the Catholic faith ended thirty years of French religious wars and established a stable and popular regime The kingship of Louis XIV is the book s seventh overlord whose rule was occupied with wars to expand his territories and the building of France into the center of European culture arts architecture and music during the Baroque era while presiding over a magnificent court at the Versailles Palace The final sovereign lord discussed is Napoleon Bonaparte who led his armies to victory establishing French dominance across Europe until his defeats at Leipzig and Waterloo and his forced exile to the remote and desolate island of Elba in the south Atlantic Ocean
Louis XI Joseph M. Tyrrell,1980 *Levensbeschrijving van de Franse koning 1423 1483* *English Princesses* Compiled from Wikipedia entries and published by DrGoogelberg,2012-06-06 This book is completey compiled from Wikipedia pages Learn about Diana Spencer Kate Middleton and all the other UK Princesses from then and now Kings and Their Sons in Early Modern Europe Mark Konnert,2018-12-01 Some of history s greatest dramas have unfolded in the stories of kings and their sons in early modern Europe and their conflicts presaged in some ways today s tensions in family run businesses In several notorious cases the kings despised their sons to the point of committing murder thus killing their own heirs Prof Konnert shows that these tragic dramas actually represent an extreme of the normal state of affairs rather than unusual

occurrences They are different in degree not kind This book is the first to look at these episodes in a systematic and comparative fashion The stories are moving in themselves but viewed in their historical context they illuminate aspects of a past society which has faded from view in the 21st century Two of the most famous episodes those of Frederick the Great of Prussia and his father and of Peter the Great of Russia and his son are examined here as well as three less well known cases These episodes are put into historical context and the family dynamics of these royal dynasties are discussed showing not only how they differed from those of today but also from those of their more common contemporaries These tensions are also compared to those that have emerged in family run businesses where conflicts between fathers and sons are also very common Furthermore when the interests of the dynastic enterprise whether political or corporate take precedence over family life and personal happiness marriage practices can produce particularly toxic relations The cases examined here are unusual only in the degree of hostility rather than in its existence

Early Music History Iain Fenlon, 2009-03-19 Early Music History is devoted to the study of music from the early Middle Ages to the end of the seventeenth century It demands the highest standards of scholarship from its contributors all of whom are leading academics in their fields It gives preference to studies pursuing interdisciplinary approaches and to those developing novel methodological ideas The scope is exceptionally broad and includes manuscript studies textual criticism iconography studies of the relationship between words and music and the relationship between music and society Articles in volume ten include Machaut's motet 15 and the Roman de la Rose the literary context of Amours qui a le pouvoir Faus Samblant m'a deceu Vidi Dominum Giulio de' Medici's music books Parisian nobles a Scottish princess and the woman's voice in late medieval song

Monarchs of the Renaissance Philip J. Potter, 2014-01-10 During the Renaissance the monarchy became the dominant ruling power in Europe It was an era of formidable kings and queens who crushed the feudal rights of their nobles defended the Catholic Church against the encroachments of Protestantism fought self-aggrandizing wars and were great patrons of art architecture literature and music This work chronicles the lives and reigns of the 42 monarchs in England Scotland France Spain and the Holy Roman Empire between 1400 and 1600 presenting in the context of their era their personalities accomplishments and failures

Fifteenth-Century Studies 37 Barbara I. Gusick, Matthew Z. Heintzelman, 2012-03 Annual collection on diverse aspects of the fifteenth century emphasizing literary topics with essays on French German English Gaelic and Middle Scots The fifteenth century defies consensus on fundamental issues most scholars agree however that the period outgrew the Middle Ages that it was a time of transition and a passage to modern times Fifteenth Century Studies offers essays on diverse aspects of the period including liberal and fine arts historiography medicine and religion Volume 37 includes articles on Ren d'Anjou and authorial doubling in the *Livre du Coeur d'Amour* pris tradition and innovation in popular German song poetry from Oswald von Wolkenstein to Georg Forster the role of sacred images in Capgrave's *Life of Saint Katherine* milieu John Strecche and the Gawain poet Gaelic Middle Scots and the question of ethnicity in three Scottish flytings William Caxton's

translations of Aesop the visualization of information in Conrad Buitzruss s compendium and Gilles de Rais and his modern apologists Book reviews conclude the volume Contributors Albrecht Classen Nicholas Ealy Richard Garrett Rosanne Gasse Janice McCoy Jacqueline Murdock Ben Parsons Carolyn King Stephens Elizabeth Wade Sirabian BARBARA I GUSICK is Professor Emerita of English at Troy University Dothan Alabama MATTHEW Z HEINTZELMAN is curator of the Austria Germany Study Center and Rare Book Cataloger at Hill Museum Manuscript Library Saint John s University Collegeville Minnesota [Catalog of Copyright Entries. Third Series](#) Library of Congress. Copyright Office,1972 **The Gargantuan Polity** Michael Randall,2008-11-18 Critics and scholars have long argued that the Renaissance was the period that gave rise to the modern individual The Gargantuan Polity examines political legal theological and literary texts in the late Middle Ages to show how individuals were defined by contracts of mutual obligation which allowed rulers to hold power due to approval of their subjects Noting how the relationship between rulers and individuals changed with the rise of absolute monarchy Michael Randall provides significant insight into Renaissance culture and politics by showing how individuals went from being understood in terms of their objective relations with the community to subjective beings By studying this evolution he challenges the argument that subjectivity enabled modern political autonomy to come into existence and instead argues that subjectivity might have disempowered the outwardly directed and highly political individuals of the late Middle Ages A profound and detailed study of one of the most drastic periods of change The Gargantuan Polity will be of interest to scholars of French literature the Renaissance and intellectual history *Music and Ceremony at Notre Dame of Paris, 500-1550* Craig Wright,2008-10-30 This book is a history of the early musical life of the Parisian cathedral of Notre Dame All aspects of the musical establishment of Notre Dame are covered from Merovingian times to the period of the wars of religion in France Nine discrete essays discuss the history of Parisian chant and liturgy and the pattern and structure of the cathedral services in the late Middle Ages Notre Dame polyphony and the composers most closely associated with the cathedral among them Leoninus Perotinus and Philippe de Vitry the organ and its repertoire the choir the musical education and performing traditions and the relationship of the cathedral to the court **Music and Power at the Court of Louis XIII** Peter Bennett,2021-05-27 A study of the strategies by which sacred music and liturgy was used to legitimate Louis XIII s power **Introduction to the Literature of Europe** Henry Hallam,1864 *Introduction to the Literature of Europe in the Fifteenth, Sixteenth, and Seventeenth Centuries* Henry Hallam,1837 **Introduction to the Literature of Europe, etc** Henry Hallam,1839 **Introduction to the Literature of Europe in the Fifteenth, Sixteenth, and Seventeenth Centuries by Henry Hallam** ,1839 *Coronations* János M. Bak,2024-03-29 Fascination with royal pomp and circumstance is as old as kingship itself The authors of Coronations examine royal ceremonies from the ninth to the sixteenth century and find the very essence of the monarchical state in its public presentation of itself This book is an enlightened response to the revived interest in political history written from a perspective that cultural historians will also enjoy The symbolic and ritual

acts that served to represent and legitimate monarchical power in medieval and early modern Europe include not only royal and papal coronations but also festive entries inaugural feasts and rulers funerals Fifteen leading scholars from North America Britain France Germany Poland and Denmark explore the forms and the underlying meanings of such events as well as problems of relevant scholarship on these subjects All the contributions demonstrate the importance of in depth study of rulership for the understanding of premodern power structures Emphasis is placed on interdisciplinary approaches drawing on the findings of ethnography and anthropology combined with rigorous critical evaluation of the written and iconic evidence The editor s historiographical introduction surveys the past and present of this field of study and proposes some new lines of inquiry For reality is not a one dimensional matter even if we can establish what actually transpired we still need to ask how it was perceived by those present This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **Songs, Scribes, and Society** Jane Alden,2010 Songs Scribes and Society explores the cultural and musical importance of five 15th century Chansonniers personalized portable and lavishly decorated songbooks from the Loire Valley of France Author Jane Alden treats the Chansonniers as physical artifacts to reveal their cultural context and its relationship to their commission creation and use
Introduction to the Literature of Europe ... Fourth Edition Henry Hallam,1854
