Power of Prayer offers an analysis of a mystic ancient form of prayer that manipulates subtle cosmic energies through ancient techniques of yoga science and religious rituals that are not understood in today's materialistic modern science. The mystic prayer technique that this book is advocating uses the spoken word along with positive imagination and visualization to invoke and harness this power of cosmic energies or pranas. This book goes into detail on the ancient science for manipulating the five major pranas that flow through our subtle bodies and gross physical body. The technique also uses pranayama techniques, an ancient method of breath control that allows man to control the flow of prana that enters and exits the body's psychic centers, Chakras. The prayer technique also incorporates mudra yoga that assists the prayer practitioner in sealing and redirecting pranas so that they can be impregnated with a mind substance that has the purpose and direction of the intended target.

The Spiritual Scientist Maria Afentakis, 2020-04-06. The Spiritual Scientist bridges the gap between science and spirituality to give the reader an understanding of how energy works and how one can balance and restore their energies to have a tranquil and peaceful life. The book covers the scientific concepts of energy and the human body and relates these concepts to their spiritual aspects. The scientific concepts will be written in an accurate and a simple fashion so the reader will be able to understand these concepts without having a high degree of scientific knowledge. The book will discuss the scientific concept first then relate these to the spiritual aspect. The first chapter is an introduction to what energy is in basic terms with equations and diagrams.

so the reader can fully understand that every living thing has its own unique energy Chapter 2 will describe energetic aura in detail as this is very important for the reader to fully understand as the book will focus on spiritual practices that can be used to balance and restore energetic aura including the chakra system Chapter 3 will describe the basic anatomy of the human body and will describe the basic fundamental structures such as a cell and DNA as well as organs and bodily systems including the endocrine system Chapter 4 will focus on the 13 chakras in the body The 13 chakras are represented in the spiritual scientist s logo This chapter will help the reader understand the different chakras in the body and identify when there is a problem or if chakra is inactive overactive or imbalanced Chapters 5 7 will describe specific spiritual practices including crystal healing and aromatherapy that can be incorporated to ground balance and restore ones chakras Chapter 8 will describe the basic function and structure of the brain and how mindfulness techniques including meditations can be used to restore peace and tranquility in ones everyday life The final chapter will be a guided step by step protocol combining all the knowledge learnt throughout the book to create their own meditation kits to balance specific auras Throughout the book there will be guided meditations and activities so the reader will find it easier to understand the importance of these spiritual practices and incorporate them into everyday life

Aromatherapy and Chakras Salvatore Battaglia,2020-11-13 The aromatherapy and chakras workshop that I have been teaching for over 20 years has always been my most popular workshop It is an excellent way to incorporate my passion for essential oils within a holistic framework to promote personal and spiritual growth Many of us are aware of chakras and have some understanding of how they influence our wellbeing however the origins of chakras are shrouded in mystery In Aromatherapy and Chakras balancing your body s energy centres for optimal health and wellbeing I will demystify the origins of the chakras I share with you my personal journey into the chakras and provide you with my interpretation of how we can use chakras to reconnect our body mind and spirit I hope that this book provides you with insight to use essential oils within a holistic framework of the Western concept of chakras as psycho energetic centres and energy medicine I introduce you to the principles of subtle therapies and energy medicine We examine the scientific evidence for the existence of chakras and review the results of a study that confirms the relationship between the chakras and essential oils We examine how modern Western psychology and transpersonal psychologists are using chakras to provide us with a more holistic framework of understanding human consciousness We examine each of the major seven chakras in detail examining the influence that each chakra has on our psyche and wellbeing what to expect when the chakra is balanced or not balanced and most importantly strategies to keep the chakras balanced using essential oils
