Opening to Spirit Caroline Shola Arewa, 1998 Contacting the Healing Power of the Chakras and Honouring African Spirituality The Chakras are very powerful wheels of energy that are present within the body They are vital to our health and well being and many healing and bodywork traditions such as yoga are based around them Psychics can often diagnose the health of each chakra through clairvoyant sight This ancient energy system is often thought to have emerged from the yogic traditions of India But in *Opening to Spirit* Caroline Arewa explores importance of the Chakras to the Ancient Africans and Egyptians and explores the common root of many of our spiritual traditions through the mythology of Ancient Egypt Early India and West Africa The author draws on ancient Egyptian and African spirituality to create a powerful and accessible way of working with the chakras By tapping into their healing energy we can learn how to use them for our personal growth and spiritual development This groundbreaking workbook will allow the people to approach the chakras in a far more complete way and to understand how to access them for everyday use This book reveals the ancient mysteries of the Aura and Chakras introduces African deities including those of Creation Truth Sensuality describes techniques for healing and balancing the chakras shows how the chakras can be gateways for healing and self discovery

Exploring Chakras Susan G. Shumsky, 2005-01-01 Exploring Chakras is a brilliant highly illustrated and comprehensive exposition of the system of chakras a network of energy within your subtle body Inside you will discover the 14 main chakras responsible for physical mental and spiritual activity and evolution A magnificent companion book to Dr Shumsky s *Exploring Meditation* this book links the practice of meditation to the highest attainment of self realisation by connecting it with the body s energy vortices the chakras

Project Athreya Sai Hari N, 2025-03-22 In *Project Athreya* embark on a transformative exploration of two profound practices Kundalini and Kayakalpa Rooted in ancient Indian wisdom these disciplines offer a holistic path to harness the immense power of the human body mind and spirit This book delves into the mystical journey of Kundalini energy the coiled serpent believed to lie dormant at the base of the spine and its awakening that leads to expanded consciousness and spiritual enlightenment Complementing this is the timeless science of Kayakalpa a

practice that rejuvenates the body purifies the mind and extends longevity Together they unlock the boundless potential within leading to ultimate vitality and transcendence Whether you are a spiritual seeker a wellness enthusiast or someone curious about the ancient sciences Project Athreya offers practical guidance for safely navigating the path of awakening and rejuvenation With insights from both ancient texts and modern perspectives it bridges the gap between mystical wisdom and contemporary wellness Prepare to unlock the dormant energy within and experience the transformative power of integrating Kundalini and Kayakalpa a journey towards health enlightenment and lasting inner peace *Golden Keys to Ascension and Healing* Joshua David Stone,1998-05-01 This volume represents the wisdom of the ascended masters condensed into concise keys that serve as a spiritual guide There are 420 golden keys that present the multitude of methods techniques affirmations prayers and insights Dr Stone has gleaned from his own background in psychology and life conditions and his thorough research of all the ancient and contemporary classics that speak of the path to God realization The teachings of Sai Baba and other ascended masters are at the core of these keys and the author has also drawn up on various spiritual scriptures such as the Bhagavad Gita and the Bible Especially valuable are practical methods to support the ascension process such as journal writing and spiritual logs as well as meditations and prayers *Hinduism and Quantum Theory* Bruno Del Medico,2025-03-09 Comparing Eastern philosophies and quantum physics reveals fascinating similarities that invite us to reconsider our understanding of reality The intent of the book is to explore the surprising connection between the ancient philosophical traditions of Hinduism and the principles of quantum physics An initial part explains in a totally understandable way the basic principles of quantum physics and the philosophy related to this new science In the sequel an evocative journey leads the reader to discover how these two seemingly distant realities can interact and influence each other Hinduism with its profound metaphysical principles offers a framework that seems to anticipate in many respects the discoveries of quantum physics The book compares some of the major themes of Hinduism with their corresponding quantum notions Brahman represents ultimate reality an interconnected whole that permeates everything This aligns with the concept of quantum entanglement in which particles can remain connected regardless of the distance between them and suggests that separation at the fundamental level may just be an illusion One of the Upanishads reads All this is Brahman highlighting universal interconnectedness and recalls the Higgs field which gives mass and wave nature to particles Atman the individual soul that is a manifestation of Brahman can be viewed through the lens of quantum superposition in which one particle exists in multiple states simultaneously This reflects the idea that the true essence of the self exists on multiple planes of reality The concept of Karma is based on the law of cause and effect parallel to Heisenberg's indeterminacy where the precision of one measure affects that of another Actions in the present can thus influence future outcomes in ways that are not always predictable Moksha liberation from the cycle of death and rebirth finds a parallel in quantum decoherence the process by which a quantum system loses its quantum properties This transition represents the transformation of consciousness from

one state to another analogous to the quest for spiritual liberation Dharma or each person's ethical duty is reflected in correlations between particles where interactions influence the behavior of a complex system Any action taken in accordance with Dharma can have long term effects similarly quantum relationships shape our universe It should be pointed out that this book deals with Hindu philosophy not Hindu religion This distinction takes on particular relevance in the context of quantum physics While Hindu religion deals with devotion and the cosmic order established by deities Hindu philosophy offers a framework for understanding a complex interconnected and constantly changing reality For example the idea of Maya the illusory perception of the material world has parallels with the uncertainty principle in quantum physics according to which we cannot simultaneously know precisely the position and velocity of a particle Finally religion is a collective and ritual path while philosophy is a more individual and contemplative path Both enrich Hinduism but with different perspectives and goals In religion one seeks union with the divine In philosophy one seeks an understanding of being The two dimensions therefore coexist but offer different tools for exploring the same reality As Swami Vivekananda told the World Parliament of Religions in 1893 Hinduism is not a religion but an infinite wealth of human experience A phrase that perfectly sums up this richness and complexity

The easiest, safest and combined Way to open chakras (to reach Nirvana or to awaken Kundalini) providing the best results on all meaning indicators and, therefore, allowing to become the best player Sergey Tandilov, 2014-01-14 Working speaking for itself title of the present book was My Way to opening chakras to reaching Nirvana or to awakening Kundalini which unlike all other ways does not include dangerous and difficult respiratory exercises Pranayama and comprises a lot of very effective secrets of spiritual development while the known secrets of spiritual development remain invariable and ineffective thousands of years The present book could be entitled and characterized in following way too The easiest safest and combined Way to open chakras to reach Nirvana or to awaken Kundalini which author learned about existence of chakras only after he opened them An author of the present book elaborated logically and intuitively absolutely unique the only possible recommendations to reach spiritual realization opening chakras by the best in the author's sincere opinion Way The author opened 6 from 7 existing chakras as a result of two year special pleasant very effective very much facilitated combined occupations Please compare The most specialized discipline for the fastest opening chakras Sahaja yoga needs the same two years but of unpleasant occupations to open at least one chakra The author achieved fantastic results in intellectual games and he felt himself as the happiest person As though the effect of eternal superconductivity of energy in his body was observed All his organs worked like a clock There were objective and very pleasant feelings of that all his organs were washed by energy from chakras and that he will live 1000 years it will be especially important for you if you are not so young It gives all grounds to believe that rare and optimum from the point of view of internal pleasure and health and from the point of view of external productivity see below about increasing intellectual level opening majority of chakras was observed at the author The author even considers his level of

development as further spiritual development after known at present levels of spiritual development This level was reached by the author in two weeks after his Ajna chakra opened It happened so fast because he did not stop following to entire without exceptions recommendations described in the present book after his Ajna chakra opened All these circumstances represent mentioned in the title of the present book meaning indicators distinguishing the described in the given book Way to opening chakras from known ways However author s chakras were opened during one month only since he made two mistakes led to two closings of chakras The author opened chakras after the first mistake again but unfortunately he could not open chakras after the second mistake Both mistakes and other cautions are described in the present book not to let you make mistakes The present document has such impact characteristic as perfect most probably the best guide for professional players and certainly all other ones The author s experience and his former wife s one say that mediocre player who opened chakras according to just this document begins to play such games as chess lawn tennis and Preference card game on professional and very very successful level Most probably the majority of players will reach the same success playing other games This circumstance represents one of mentioned in the title of the present book meaning indicators distinguishing the described in the given book Way to open chakras from known ways Thus very substantial increase of author s intellectual level in that period when his 6 chakras were opened was expressed in his great successes in games chess lawn tennis and Preference card game Author s former wife also opened her Ajna chakra and just after it she won a match with a professional lawn tennis player a woman Their match passed in 1990 within the limits of competition in which the Physical Culture Institute which author s former wife studied in participated
