Discipline and Experience Peter Dear, 2009-05-13 Although the Scientific Revolution has long been regarded as the beginning of modern science there has been little consensus about its true character While the application of mathematics to the study of the natural world has always been recognized as an important factor the role of experiment has been less clearly understood Peter Dear investigates the nature of the change that occurred during this period focusing particular attention on evolving notions of experience and how these developed into the experimental work that is at the center of modern science He examines seventeenth century mathematical sciences astronomy optics and mechanics not as abstract ideas but as vital enterprises that involved practices related to both experience and experiment Dear illuminates how mathematicians and natural philosophers of the period Mersenne Descartes Pascal Barrow Newton Boyle and the Jesuits used experience in their argumentation and how and why these approaches changed over the course of a century Drawing on mathematical texts and works of natural philosophy from all over Europe he describes a process of change that was gradual halting sometimes contradictory far from the sharp break with intellectual tradition implied by the term revolution **The Practical Teacher** , 1885 **The English Improver Improved** Walter Blith, 1652 **Essential Health Assessment** Janice

Thompson, 2022-02-21 A practical real world approach focus on what's normal to identify abnormal Here are all of the how tos what tos when tos and why tos you need to master in a well organized well illustrated text that makes the material easier to learn now and reference later First it focuses on the normal and the normal variants of the adult child elderly and pregnant patients seem most frequently in practice Then when a finding falls outside of those parameters you'll be able to identify it as abnormal Second assessment is presented as a linear and consistent process so you will always do the same steps in the same order assuring that you don't miss anything An access code inside new printed texts unlocks resources online at FADavis.com including Advanced Assessment Techniques an Audio Library with sample auscultation and percussion sounds Case Studies featuring real life scenarios and Performance Checklists that document the steps of each technique
