Challenges to Faith James E. Smith,

Ph.D., 2014-05-14 A verse by verse commentary on 1 Samuel 1 15 dealing with the ministry of Samuel and the reign of King Saul

Theology of the Old Testament Walter Brueggemann, 2012-06-01 In this powerful book Walter Brueggemann moves the discussion of Old Testament theology beyond the dominant models of previous generations Brueggemann focuses on the metaphor and imagery of the courtroom trial in order to regard the theological substance of the Old Testament as a series of claims asserted for Yahweh the God of Israel This provides a context that attends to pluralism in every dimension of the interpretive process and suggests links to the plurality of voices of our time

The Challenges of Resolving the Israeli-Palestinian Dispute Bren Carlill, 2021-01-02 This book explains why the Israeli Palestinian dispute is so difficult to resolve by showing that it consists of multiple distinct conflicts Because these tend to be conflated into a single conflict attempts at peace have not worked Underpinned by conflict theory observations of those involved and analyses of polling data the book argues that peace will not be possible until each of the dispute s distinct conflicts are managed Early chapters establish a theoretical framework to explain and define the different conflicts This framework is then applied to the history of the dispute The actions and perceptions of Israelis and Palestinians make sense when viewed through this framework The Oslo peace process is examined in detail to explain how and why each side s expectations were not met Ultimately lessons in ways to build a future viable peace are drawn from the failures of the past

The Suicide of Christian Theology John Warwick Montgomery, 2018-01-26 A forceful scholarly call to return to the solid ground of the ancient creeds of Christianity Dr Montgomery s incisive observations on Barth Bultmann Tillich de Chardin Pike and others may rankle some readers on occasion But there can never be any question about the mental acumen he brings to bear upon his subject or the skill with which he pens his views Montgomery is so obviously at home in the area of the theological and so conversant with the convictions of his fellow theologians that he certainly must be reckoned with Not content with only analyzing the suicide of theology the author also gives a proposal for its resurrection

Conflicts and Challenges in Early Christianity Donald A. Hagner, 1999-10-01 Seminal essays by Martin Hengel and C K Barrett that focus on the interface between Judaism and Christianity in the New Testament

Challenges to Biblical Interpretation Heikki Räisänen, 2021-11-22 The book offers a selection of the author s seminal recent articles focusing on Jesus Paul and questions of principle It contributes to the Jesus quest by questioning the authenticity of some sayings and stories usually counted to the bedrock of the tradition It analyses the ambiguous relationship of early Christians especially Paul to their Jewish heritage It suggests new ways of handling fundamental questions of principle in biblical interpretation The book is likely to stimulate thought and discussion challenging widely held views The author reflects on the use of New Testament in responsible modern theology defending

classical historical criticism against recent challenges The emphasis put on the role of experience in the formation of early Christian thought and on the significance of the effective history of the Bible is especially helpful Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1974 Phenomenological Approaches to Religion and Spirituality Essien, Essien D.,2021-01-29 There is an interesting knowledge trajectory that God remains incomprehensible not imperceptible This lends credence to the fact that religious study since the Enlightenment has dedicated itself almost entirely to the problem of reconciling the non existence of God in the physical world with his necessary existence in the metaphysical world When seriously examined it would be discovered that these two aspects are logically contradictory and this is a problem with no solution But interpreting God not as a physical being but as a phenomenological thing changes the nature of the problem enough that a solution emerges almost automatically In this phenomenological model the crux of the matter is that God does not exist but God is real Therefore it is imperative to return to experience and verifiability hence purging it of unexamined and often hidden assumptions Phenomenological Approaches to Religion and Spirituality brings together the different disciplines and research approaches to provide a comprehensive analysis of the phenomenology of God and spirituality as well as offering an effective epistemological apparatus capable of dealing with this concept The book employs multidisciplinary approaches from religious studies theology philosophy anthropology and other segments to dissect the subject matter for efficient evaluation and all inclusive findings While covering various aspects of religion such as the testaments of the Bible the church the religious experience and various aspects of spirituality this book is intended for theologians philosophers religious leaders policymakers academicians researchers students public institutions and agencies with a special interest in religious matters values knowledge and truth **Challenges to Conventional Opinions on Qumran and Enoch Issues** Paul Heger,2011-12-09 The study disputes allegations of dualism and determinism in the Dead Sea Scrolls and the substitution of Enoch s prophecies for the Mosaic Torah which are incompatible with the biblical doctrines that dominated Jewish society in the late Second Temple period The Book that Breathes New Life Walter Brueggemann,2005 NAME *New Challenges to Faith* Sherwood Eddy,1926 **Ancient Israel's Faith and History** George E. Mendenhall,2001-01-01 Relying on archeological artifacts and anthropological study George Mendenhall re tells the story of Israel s history and faith While careful not to move beyond the evidence Mendenhall also provides an account of the theological dimensions of Israel s history **The Faith of the Old Testament** Werner H. Schmidt,1983-01-01 Intended as a student textbook on the religion of Israel Werner Schmidt s The Faith of the Old Testament is especially relevant to theology A great deal of attention is given to ideas of God and there are ample references to Old Testament texts **Those Challenging Cracks of Secularism** Rev. Oliver O. Nwachukwu,2014-01-09 Lack of religious enthusiasm is a universal nemesis with long ranging effects In Those Challenging Cracks of Secularism author Rev Oliver O Nwachukwu shows how secularism can further deepen dividing lines among people The negatives solicited by indifference to authentic religious

values and the erroneous use of force to enlist membership by religious extremists are two extremities Those Challenging Cracks of Secularism opposes in the search for ultimate truth Aggrieved by the negative effects of competing alliances on core Christian religious teachings and values the book discusses the recent ecclesiastical wrangling in the Episcopal Church that began with the ordination of gay priests and blessing of same sex union It further treats the recent clerical sex abuse scandal allegations of cover up the financial burdens on the affected dioceses as well as homosexuality in the priesthood The mythological anabasis of the Old Testament books have often been interpreted wrongfully by fanatics to engage in senseless killings of innocent people in the name of God something that has led to the mistaken practice of shutting religion off public places as private No one should be denied the privilege of close relationship with God through attitude of religious indifference Economic obsessions technological enslavement proliferations of arms racial intolerance and unbridled political correctness have diluted religious values so much that people are constantly burdened with mistrust and skepticism
