Zimmermann, 2023-03-16 Much of Civil War history emphasizes generalship or the lack of it as the key factor in analyzing why battles were won or lost Taking an innovative approach this book focuses on six elements of victory in nine important Western Theater engagements during 1862 a year when the North had not yet fully mobilized for war With increasing complexity on the battlefield and the enormous growth of American armies winning or losing depended upon achieving as many of these six critical goals as possible a clear objective mobilization of effective lieutenants a competent staff seizing and holding initiative deploying all available resources and realizing a successful strategic outcome The more goals achieved the greater the victory **Air & Space Power Journal spr 02** , Parameters ,1986 *A Century of Air Power Leadership* Jacob Neufeld, 2007 *Assembly* West Point Association of Graduates (Organization)., 1986 *Aspects of Leadership* Carroll J. Challans, 2010-03-10 2007 CHOICE Outstanding Academic Title *Awakening Warrior* argues for a revolution in the ethics of warfare for the American War Machine those political and military institutions that engage the world with physical force Timothy L Challans focuses on the systemic institutional level of morality rather than bemoaning the moral shortcomings of individuals He asks What are the limits of individual moral agency What kind of responsibility do individuals have when considering institutional moral error How is it that neutral or benign moral actions performed by individuals can have such catastrophic morally negative effects from a systemic perspective Drawing upon and extending the ethical theories of Kant Dewey and Rawls Challans makes the case for an original set of moral principles to guide ethical action on the battlefield Challans s call for reformation combined with a demand for a new set of moral principles to govern the ethical behavior on the battlefield is certain to garner the attention and ire of many readers and military leaders Parameters This is an important book that needs to be read and taken seriously If it is it could be as revolutionary as its subtitle suggests CHOICE **Late Roman Army** Karen R.
