Challenge Of Leisure:

The Challenge of Leisure Michael Dower, 1965 **The Challenge of Leisure** Arthur Newton Pack, 1936 The Challenge of Leisure Charles Kestner Brightbill, 1963 The Challenge of Leisure Canadian Welfare Council. Recreation division, 1933 **The Challenge of Leisure** Conservative Political Centre (Great Britain), 1959 **Challenge of Leisure** George Barton Cutten, 1934 Work Without End Benjamin Hunnicutt, 1988-05-10

An extraordinarily informative scholarly history of the debate over working hours from 1920 to 1940 New York Times Book Review For more than a century preceding the Great Depression work hours were steadily reduced Intellectuals labor leaders politicians and workers saw this reduction in work as authentic progress and the resulting increase in leisure time as a cultural advance Benjamin Hunnicutt examines the period from 1920 to 1940 during which the shorter hour movement ended and the drive for economic expansion through increased work took over He traces the political intellectual and social dialogues that changed the American concept of progress from dreams of more leisure in which to pursue the higher things in life to an obsession with the importance of work and wage earning During the 1920s with the development of advertising the gospel of consumption began to replace the goal of leisure time with a list of things to buy Business which increasingly viewed shorter hours as a threat to economic growth persuaded the worker that more work brought more tangible rewards The Great Depression shook the newly proclaimed gospel as well as everyone's faith in progress Although work sharing became a temporary solution to the shortage of jobs and massive unemployment when faced with legislation that would limit the work week to thirty hours Roosevelt and his New Deal advisors adopted the gospel of consumption's tests for progress and created more work by government action The New Deal campaigned for the right to work a full time job and won Work Without End presents a compelling history of the rise and fall of the 40 hour work week explains how Americans became trapped in a prison of work that allows little room for family hobbies or civic participation and suggests how they can free themselves from relentless overwork This book is a sober reconsideration of a topic that is critical to America's future It suggests that progress doesn't mean much if there is not time for love as well as work and liberation is an empty achievement if the work it frees one to do is truly without end The Washington Post Hunnicutt with this excellent book becomes the first United States historian to examine fully why this momentous change occurred The Journal of American History Hunnicutt's achievement is to ask the questions and to provide the first extended answer which takes in the full array of economic social and political forces behind the end of shorter hours in the crucial first half of the twentieth century Journal of Economic History This thoroughly documented history is a valuable book well worth reading Libertarian Labor Review This is an important book in the emerging debate about alternatives to full employment Hunnicutt is a skilled historian who is on to an important issue writes well and can bring many different kinds of historical sources to bear on the problem Fred Block University of Pennsylvania Work Without End is a disturbing but impressive indictment of both big business and the New Deal program of

Franklin D Roosevelt Hunnicutt presents an unusual but persuasive description of a successful conspiracy to deprive American workers of their vision of a shorter hours work week and the individual and societal liberation which would flow from it Labor Studies Journal Holidays and Holy Days Bill Smith,2010-06 **Leisure Program Planning and Delivery** Ruth V. Russell,Lynn Marie Jamieson,2008 This course textbook provides a comprehensive three step plan for successful programming of services programme leadership and understanding operational management in recreation and leaisure organisations **The Challenge of Leisure, by Charles K. Brighbill** Charles Kestner Brightbill, *The Challenge of Leisure* Michael Dower,1965 *The Social Challenge of Ageing* David Hobman,2024-05-10 Although all recorded societies have contained a few people of extreme old age they have been the exception rather than the rule The possibility of one fifth of the total population in retirement from active employment would have been unthinkable at the beginning of the twentieth century and even social planning in the 1970s had made no adequate provision for a society in which one in every twenty five people would be over seventy five and one in every hundred over eighty five within less than a decade In Great Britain in the 1970s however and in many industrialised societies this was now a reality and vast resources would need to be directed towards the support care and treatment of the aged Whilst a growing body of knowledge based upon biological and clinical studies of the ageing process had been accumulated in recent years only a modest investment had been made in social gerontology Originally published in 1978 this book provided a multi disciplinary study of the process of ageing for those in the caring professions as well as for planners and architects whose decisions and designs affected the lives of the elderly It is divided into three parts the first provides a sociological demographic and cultural background to the place of old people in eastern and western societies The second explores the relationship which exists or should exist between a number of professional disciplines and part three considers an interdisciplinary model in practice Today it can be read in its historical context *The Challenge of Leisure* New Education Fellowship,1936 **Kraus' Recreation and Leisure in Modern Society** Daniel D. McLean,Amy R. Hurd,Nancy Brattain Rogers,2008 The Eighth Edition Of This Classic Textbook Continues To Provide A Detailed Overview Of The History Developments And Current Trends In Leisure Studies It Has Been Heavily Revised To Reflect Recent Societal Changes And The Challenges That Face The Leisure Services Industry In The 21St Century Students Will Learn How Trends Such As Dramatic Shifts In Population Make Up The Impact Of Technology And Marketing Affect Leisure Service Systems And The Recreation And Park Professions To Reflect These Trends The Text Focuses On Ten Different Types Of Organizations Ranging From Nonprofit Community Organizations Or Armed Forces Recreation To Sports Management And Travel And Tourism Sponsors **Man and Leisure.
