Jonah's Story, Our Challenge Karl Möller, 2023-02-28 Jonah s radical and enigmatic nature calls for deeper exploration and engagement Given its brevity it is also an ideal text for multiple readings from a range of perspectives that complement build upon or challenge and critique each other In Jonah s Story Our Challenge each chapter brings a different hermeneutical tool to the text to demonstrate the wealth of fresh readings and new vistas which can open up and the rich resources for ministry which can come from these multiple readings

Challenging Contextuality, 2024-07-31 Challenging Contextuality Bibles and Biblical Scholarship in Context provides a new and innovative contribution to the study of biblical texts by bringing together current approaches to biblical interpretation The volume sets the agenda for the future of the field and provides a synthesis of approaches to date In doing so it aligns itself with the broadly shared hermeneutical conviction that contextuality is a catalyst for interpretation This applies in equal measure to approaches and methods that are often framed as traditional or

mainstream e.g. the methodological canon of the historical critical approach as the offspring of the European Enlightenment and those that are often dubbed contextual e.g. forms of feminist or indigenous interpretation. The volume grounds contextual biblical interpretation within the broader landscape of biblical studies and the chapters are all interested in the contexts in which bibles are read. Rather than a series of examples of contextual biblical interpretation, this book is concerned with what it means to do contextual biblical interpretation, how contextual biblical interpretation challenges biblical scholarship and what chances there are for this mode of inquiry. What contexts are engaged and elucidated when it comes to bible use? What contexts are made visible and invisible? How can different contexts be theorized and understood? The volume argues that it is not context that matters; rather, contemporary contexts should be a challenge and a chance for biblical scholarship, its present and its future.

The Bible Challenge Marek Zabriskie, 2012-10-25. UK contributors include Nick Baines, Rosalind Brown, Jeffrey John, Archbishop Barry Morgan, Mark Oakley, June Osborne, Martyn Percy, Emma Percy, Michael Perham, Stephen Platten and others. The Bible Challenge is supported by a website www.thecenterforbiblicalstudies.org and its international advisory board includes Rowan Williams, Paula Gooder, David Ford, Graham Tomlin and many senior figures from around the Anglican world.

Challenges to New Testament Theology Peter Balla, 1997. **Job: The Faith to Challenge God** Michael L. Brown, 2021-10-05. Just as there was no man on earth like Job, there is no book on earth like the book of Job. In this new commentary, biblical scholar Michael Brown brings Job to life for the twenty-first century reader, exploring the raw spirituality of Job, his extraordinary faith, his friends' theological errors, the mysteries of God's speeches and the unique answers to the problem of suffering offered in the book of Job. Undergirded by solid Hebrew scholarship but written with clarity for all serious students of Scripture, the commentary provides an important introduction to the study of Job: a new translation, a series of theological reflections and additional exegetical essays providing in-depth discussion of key passages. Additional topics covered in the theological reflections include the following: Challenging God as an Act of Faith; How Would Job Comfort a Sufferer? Who Was the Satan? Job and Jesus; Job and the New Atheists.

The Challenge of History Christophe Chalamet, 2020-04-07. The advent of the modern historical and critical methods of reading Scripture is one of the most significant events in the last five hundred years of Christian history and theology. New questions arose in the course of that history that led to new, sometimes troubling answers. New ways of considering Scripture were articulated. The crisis in which academic Christian theology has found itself for approximately two hundred years is directly related to the emergence of new ways of studying and criticizing the Bible. The

Challenge of History traces the trajectory of these developments presenting key readings from over thirty five theologians from Erasmus to Pannenberg whose writings relate to the birth of modern historical and critical exegesis and more broadly to the emergence among theologians and biblical scholars of a certain historical consciousness that characterizes vast segments of modernity How did the historical and critical methods arise How did they impact the study of Scripture What are their implications for Christian theology Scripture is read and needs to be read differently in a parish in a monastery and in an academic setting But the various ways of approaching Scripture should not be cordoned off from one another This volume is an ideal textbook for in depth study of one of the most important topics in modern theology THE CHALLENGE OF

Morrow, John

Bergsma, 2023-01-26 For much of the history of both Judaism and Christianity the Pentateuch first five books of the Bible was

understood to be the unified work of a single inspired author Moses Yet the standard view in modern biblical scholarship contends that the Pentateuch is a composite text made up of fragments from diverse and even discrepant sources that originated centuries after the events it purports to describe In *Murmuring against Moses* John Bergsma and Jeffrey Morrow provide a critical narrative of the emergence of modern Pentateuchal studies and challenge the scholarly consensus by highlighting the weaknesses of the modern paradigms and mustering an array of new evidence for the Pentateuch's antiquity By shedding light on the past history of research and the present developments in the field Bergsma and Morrow give fresh voice to a growing scholarly dissatisfaction with standard critical approaches and make an important contribution toward charting a more promising future for Pentateuchal studies

[The Challenge of Homer](#) Karl Olav Sandnes, 2019-09-19 Homer was the gateway to education to the skills of reading and writing These skills were necessary for the nascent Church Knowledge of Homer's writings was a sign of Greekness of at home ness in the society Education was embedded in the mythology immorality and idolatry of these writings This challenged the Christians This study presents how Christians responded to this The opinions varied from rejection of Homer and all pagan literature considering them works of the Devil to critical involvement with this literature This study attempts to trace the discourse on Homer and education among the Christians back to the New Testament The topic does not come to the surface but it is argued that in Paul's letters contrasting attitudes towards the propaedeutic logic and the philosophical principle of *usus* making right use of are present He opposed a logic wherein Christian faith represented the peak of education the culmination of liberal studies In his instruction on how to relate to the pagan world Paul argues in accordance with the principle of *usus* The New Testament is not so dependent upon the Homeric poems as assumed by some scholars The first Christians faced two hermeneutical challenges of fundamental importance that of interpreting the Old Testament and how to cope with the Greek legacy embedded in Homer The latter is not explicitly raised in the New Testament But since the art of interpreting any text presupposes reading skills conveyed through liberal studies the Homeric challenge must have been of outmost importance

[Jewish Jesus Research and its Challenge to Christology Today](#) Walter Homolka, 2016-10-05 Historical Jesus research Jewish or Christian is marked by the search for origins and authenticity The various Quests for the Historical Jesus contributed to a crisis of identity within Western Christianity The result was a move back to the Jewish roots For Jewish scholars it was a means to position Jewry within a dominantly Christian culture As a consequence Jews now feel more at ease to relate to Jesus as a Jew For Walter Homolka the Christian challenge now is to formulate a new Christology between a Christian exclusivism that denies the universality of God and a pluralism that endangers the specificity of the Christian understanding of God and the uniqueness of religious traditions including that of Christianity

A Disabled Apostle Isaac T. Soon, 2025-05-19 Speculation around the health of Paul the Apostle has been present since soon after his death Recently scholars have understood Paul to be disabled but have been wary of isolating precisely what his disabilities may have been or

whether they are important for understanding his writings This book is the first full length study of Paul the Apostle and disability Using insights from contemporary disability studies Isaac Soon analyses features of Paul s body in his ancient Mediterranean context to understand the ways in which his body was disabled Focusing on three such ancient disabilities demonization circumcision and short stature this book draws on a rich variety of ancient evidence from textual sources and epigraphy to ancient visual culture to analyze ancient bodily ideals and the negative cultural effects such deviant persons generated The book also examines Paul s use of his own disabilities in his letters and shows how disability is not subsidiary to his thought but a central aspect of it This book also provides scholars with a new method for uncovering previously unrecognized disabilities in the ancient world Last of all it critiques the latent ableism in much New Testament scholarship which assumes that the figures of the early Jesus movement were able bodied

The Challenge of Diversity David M. Rhoads, *The Challenge of Diversity* argues that the present diversity in the church reflects a rich variety that was integral to the early Christian movement from its very beginnings Rhoads shows how Galatians Mark Matthew Luke and John each present a fundamentally different understanding of the human condition a different vision for life under God and a different portrayal of our transformation
