Challenging Foreign Aid

John C. Whitehead

Challenging Foreign Aid:

Japan's Foreign Aid Challenge Alan Rix, 2010-11 When this volume was published in 1993 it was the first comprehensive analysis of the major policy issues confronting Japan's massive foreign aid programme. It deals with the philosophy behind Japan's aid, Japanese reactions to the severe criticisms of its programmes and the beginnings of meaningful administrative reform of the complex aid system. Alan Rix goes on to examine the widespread innovation in programmes and policies to make Japan's aid more responsive and the impact of the Asian bias in Japan's aid.

Foreign Assistance: Multiple Challenges Hinder the Efficiency and Effectiveness of U.S. Food Aid, 2007 **China's Foreign Policy: Challenges And Prospects** Joseph Yu-shek Cheng, 2016-03-15 This volume examines the Chinese foreign policy framework today and traces its evolution since the post Mao era. Through the consideration of China's relations with the major powers and its management of various challenges ranging from territorial disputes to energy security, it investigates China's pursuit of major power status and influence in peaceful international scenarios. The author critically analyzes China's foreign policy from Chinese leaders' evolving worldview of the changing international environment. As China emerges as a major power and the second largest economy in the world, anyone interested in international politics and scenarios as well as China's foreign policy needs a basic insightful reference book like this.

Foreign Policy and the Budget Challenge John C. Whitehead, 1986 George Bush's Foreign Aid Carol Lancaster, 2008 Over the past seven years the Bush administration has launched a revolution in U.S. foreign aid. At no time since the administration of President Kennedy have there been more changes in the volume of aid, in aid's purposes and policies, in its organization and in its overall status in U.S. foreign relations. George Bush's Foreign Aid Transformation or Chaos analyzes in detail the array of recent reforms of U.S. economic assistance and the difficult issues these reforms raise while placing the changes and the manner of their implementation in a historical and political context. Lancaster draws out the challenges and opportunities this transformation of U.S. aid offers for the next administration to engage the emerging world of the 21st century.

Assessing U.S. Foreign Policy Priorities and Needs Amidst Economic Challenges in South Asia United States Congress, House, Committee on Foreign Affairs, Subcommittee on the Middle East and South Asia, 2011 Foreign Aid and Foreign Policy Louis A. Picard, Robert Groelsema, Terry F.

Buss, 2015-01-28 This timely work presents cutting edge analysis of the problems of U.S. foreign assistance programs: why these problems have not been solved in the past and how they might be solved in the future. The book focuses primarily on U.S. foreign assistance and foreign policy as they apply to nation building, governance and democratization. The expert contributors examine issues currently in play and also trace the history and evolution of many of these problems over the years. They address policy concerns as well as management and organizational factors as they affect programs and policies. *Foreign Aid and Foreign Policy* includes several chapter length case studies on Iraq, Pakistan, Ghana, Haiti and various countries in Eastern Europe and Africa, but the bulk of the book presents broad coverage of general topics such as foreign aid.

and security NGOs and foreign aid capacity building and building democracy abroad Each chapter offers recommendations on how to improve the U S system of aid in the context of foreign policy *States, Markets and Foreign Aid* Simone

Dietrich,2021-11-11 Explores the different choices made by donor governments when delivering foreign aid projects around the world **The Domestic Politics of Foreign Aid** Erik Lundsgaarde,2013 This book explains the choices that states

make concerning the volume of development aid they provide and what types of priorities are supported with this assistance The core argument of the book is that aid choices are a product of domestic politics in donor countries which involve a variety of actors that differ in character across the donor community *Challenges to Chinese Foreign Policy* Yufan

Hao,C.X. George Wei,Lowell Dittmer,2021-12-15 When Beijing hosted the 2008 Summer Olympics China symbolically asserted its role as an emerging world power a position it is not likely to relinquish anytime soon China s growing economy military reforms and staggering productivity have contributed to its ascendancy as a major player in international affairs Western scholars have attempted to explain Chinese foreign policy using historical or theoretical evidence but until this volume few studies from a Chinese perspective have been published in English In *Challenges to Chinese Foreign Policy* Diplomacy Globalization and the Next World Power editors Yufan Hao C X George Wei and Lowell Dittmer reveal how Chinese scholars view their nation s rise to global dominance Drawing from a wealth of foreign relations experts including scholars native to the region this volume examines the unique challenges China faces as it adapts in its role as a world leader and it analyzes how China s evolving international relationships are shaping the global landscape of the twenty first century

India's Foreign Policy and Economic Challenges Silvio Beretta,Axel Berkofsky,Giuseppe Iannini,2023-02-13 This book provides a state of the art analysis of India s foreign and security policies examining e g the country s security economic and trade ties and interactions with Pakistan China the United States Japan the Middle East and ASEAN Furthermore the contributors provide the reader with an overview and analysis of the quality and challenges of India s regional and global trade and investment policies While in the past India has been a reluctant and not particularly prominent foreign and security policy actor in East and Southeast Asia as well as globally China s resurgence and its assertive and increasingly aggressive regional security policies have led India s policymakers to reconsider the country s decades old non alignment policies and opt for expanding security and defence ties with the United States Japan and others The Indian Chinese border clashes in 2020 and China s unlawful occupation of disputed territories along the Indian Chinese border in the Himalayas have convinced Delhi s policymakers and the country s security and defence elites that India is well advised to join and contribute to US led China containment policies The expansion of India s security and defence ties with Japan over recent years in particular will continue to be instrumental to keeping Beijing s territorial expansionism in Southeast and South Asia in check This volume analyses India s involvement and engagement in regional and global trade and investment structures and flows in great detail Written by a team of prolific European and Indian scholars the book will be of interest to researchers in the

fields of international relations and security studies as well as policymakers at governmental or international organizations

Challenging the Research Complex Joel Samoff, 2025-03-31 Starting with an overview of the intersection of local and global dynamics in education in Africa this book focuses critical attention on education research and the problematic research process Education held extraordinary promise at Africa's independence Rapid expansion in access and imaginative innovations followed but progress proved difficult to sustain As frustration displaced optimism recourse to foreign aid became common Education in Africa critical to national development combines high expectations and enthusiasm with distress and dependence Local and global agendas intersect External influence is internalized Research is consequential especially in reinforcing the conservative charter of most education systems in Africa more concerned with reproducing the national political economy than changing it Notwithstanding disciplinary border crossers methodological orthodoxy is blinding Social engineering remains more important than social justice Scholarship about Africa is only rarely by Africa Scholars study poverty and miss impoverishment This book unpacks those relationships exploring the narrow gaze of education research and its problematic character Examining the research complex interconnected institutions with distributed authority acting in concert requires attention to how knowledge is generated where and to whose benefit On this important and exciting terrain Africa education research readers will find this an accessible and stimulating analysis **New**

Zealand's Foreign Policy Under The Jacinda Ardern Government: Facing The Challenge Of A Disrupted World

Robert G Patman, Dennis Wesselbaum, Balazs Kiglics, Peter Grace, 2024-03-14 The purpose of this book is to examine the foreign policy of Jacinda Ardern's New Zealand Government between 2020 and early 2023 when the COVID 19 pandemic intersected with an evolving and often tumultuous post Cold War global environment This context witnessed the erosion of an international rules based order and the renewal of great power competition In particular the Indo Pacific has become a contested strategic space which impacted on New Zealand's foreign policy interests As a self proclaimed small state New Zealand faced distinct challenges the Ardern Government formulated a distinctive foreign policy that drew on the success of its handling of the pandemic as well as Aotearoa New Zealand's indigenous values and emphasised the importance of a good international reputation strong diplomatic networks and multilateral cooperation to maintain and grow its influence This interdisciplinary volume brings together academics policymakers and practitioners and provides essential reading for anyone interested in how relatively small states such as New Zealand can navigate significant foreign policy challenges in an increasingly complex and contested system of international relations **Facing foreign policy challenges** Matthew

Nimetz, 1980 **U.S. Foreign Policy Achievements and Challenges** Michael H. Armacost, 1986 *Foreign policy*

challenges in the 1980s J. Brian Atwood, 1980 *India's Strategic Vision And Foreign Policy: Options And Challenges*

Mohan Bhanu Pillai, 2023-02-15 Prime Minister Narendra Modi reiterated Second Raisina Dialogue New Delhi on 17th January 2017 that the civilisational legacy of Realism Co existence Cooperation and Partnership moulded India's strategic

vision The above statement reflects India's ambitious project to attain great power status which has been a constant element in India's foreign and strategic policy since its independence The quest for great power status is a shared belief and behaviour Moreover Prime Minister Modi has been continuing at a fast pace with the reforms initiated in 1991 by Prime Minister Narasimha Rao and pursued by his immediate predecessors We can notice in Narendra Modi's approach of strategic interconnectedness or multi vectored engagement or panchamrit a continuity that aligns perfectly with the policies of his immediate predecessors At the dawn of independence the non alignment approach facilitated liberal capitalist economic development with socialist flavours on an upward trajectory Narasimha Rao rehabilitated India into the orbit of neoliberal political and financial architecture Modi's objective is to take India into the league of leading countries in the multipolar world order through his Multivector Alignment There exists a symbiotic relationship between foreign policy strategy and domestic economic growth Modi's Make in India project Atmanirbhar Bharat and similar initiatives constructed on multi vectored alignment or strategic interconnectedness have given India unprecedented visibility worldwide This book is a collection of essays penned by a few established scholars in the field and budding scholars under the guidance of established scholars One retired diplomat and one retired Vice Admiral contributed each piece rooted in their own experiences The attempt is to comprehensively analyse India's strategic culture doctrine and foreign policy behaviour *European Foreign Policy and the Challenges of Balkan Accession* Gergana Noutcheva, 2012-07-26 The Balkan countries have responded differently to the EU's conditional offer of membership This book examines the diverging compliance patterns of the Balkan accession states and asks why some of them have complied substantially some only partially and others have defied the EU The book examines the compliance of the Balkan states with the EU accession conditionality arguing that the variation in the compliance behavior of Balkan governments hinges on three main factors the legitimacy of the EU conditions as seen domestically in the accession states the costs of compliance and the EU's ability and willingness to use its superior power resources to impose compliance when faced with domestic defiance Placing important events from the most recent political history of the Balkans in a broader historical perspective the author evaluates the successes and failures of the EU's state building policies in the Balkans a geographical area of the highest priority for the EU's foreign policy and a test case for the EU's capacity and willingness for foreign policy action Based on detailed empirical data *European Foreign Policy and the Challenges of Balkan Accession* will be of interest to scholars and students of EU and comparative politics and those focusing on policy impact in EU integration *America's Foreign Policy Challenges for the 1980's* Ronald Reagan, 1984

Indo-Pacific Strategies and Foreign Policy Challenges Hyun Ji Rim, James E. Platte, 2023-06-30 This book examines key issue areas of Indo Pacific strategies such as cyber security space security maritime security emerging technologies and institutional frameworks in the context of deepening US China rivalry With greater interconnectedness across various fields the Indo Pacific region faces greater security challenges including future strategic power competition States are increasingly

engaging in intense strategic activities and strengthening partnerships The first part of book focuses on the strategic competition between the United States and China in different areas including cyber security space security maritime security emerging technologies and institutional frameworks The second part of the book presents the perspectives of different local actors in the regional theatre and the intentions and concepts behind their growing interconnectedness under Indo Pacific strategies including China Russia Taiwan Hong Kong and North Korea Through examining different aspects of US Indo Pacific strategy this edited book contributes to a better understanding of Indo Pacific strategy and its implications for broader security cooperation in a more interconnected world The book will be of interest to scholars and policy makers working on Asian Security Politics International Relations and the security dynamics of East Asia and the Indo Pacific
