Change Your World Jean Maalouf,2013-08-20 A New Creation Our very survival is at stake We must change The references and values on which we used to depend are becoming relativized and questionable and the true sense of integrity responsibility and purpose now seems outdated Instead we seem to have chosen the path of shortsighted success and gratification convenient arrangements and sometimes the one sided fanaticism and fundamentalism No wonder we find ourselves in such a deep spiritual crisis that makes all other crises possible probable and even certain and extremely dangerous Change Your World Awakening to the Power of Truth Beauty Simplicity Change is an invitation to faithfully recapture the basics deeply rediscover the very reason for our existence and carefully reassess our references and values Truth will make us free Beauty will save the world Simplicity will help redefine our priorities Change will transform us and will transform our world into a new creation 2 Corinthians 5 17 This is a profoundly political book it describes in an original and engaging way how to live and govern from our highest and most sacred consciousness Therefore do not expect politics as usual politically correct well calculated and feeling good spirituality talks Expect rather as it is articulation straightforward approaches and unequivocal descriptions of the new creation values Our survival depends on our ability to be truly human and in alignment with our most sacred consciousness the mind of Christ 1 Corinthians 2 16 Isnt contemplation the highest form of activity as Aristotle suggested Masterfully Dr Maalouf uncovers the simple truths of a happy healthy and meaningful life and discloses the secret of the fullness of life A contemplative approach to life is indispensable for grasping and living the essence of what it means to be truly human

You Don't Need a Bodhi Tree Tess Marcin,2000-01-01 Whatever it takes Not everyone knows about the bodhi tree and Buddha more people know about Newton and his tree However there is no denying that both Buddha and Newton were enlightened that they found insight This book urges the reader to seek enlightenment to

seek insight but not by sitting under any special tree The reader can sit anywhere because the place he will find what he is looking for is within the self Throughout the history of man he has ever been on the move Like Diogenes with his lantern in search of an honest man historical man has been searching for insight for enlightenment about self Many words have been written many doors have been opened but the one door the one where all the answers lie has been the most stubborn Humanity educated man confused man where has life led him Up and down some strange paths in and out of some strange doors Man prides himself on how he has managed his time on this planet Man has overlooked the most important facet He has not kept uppermost in his life the one thought that is most insightful Man the human travels in cycles In the cycle of human time he learns the lessons he experiences life Within the circle of eternity in the life of no time he either atones for his errors in judgment or he continues to build on his good judgment as spirit Humanity man vs spirit life vs life intertwined for all eternity The journey awaits us no matter which side of the threshold we find ourselves on because we live The we the us the I the me the self No one has ever seen the image behind these words but it is there While here living this life in the physical we make daily choices We really make choices in the passing of each second We make good choices we make bad choices They are our choices we are the creators of the thought that gives action to these choices And yet The human has the nasty habit of denying the responsibility of the action of choice Good choice Pat on the back Bad choice Someone else made him do it Ego never rests it is always front and center Man has been gifted with creativity He astounds himself by his inventiveness but too many times he does not give credit where credit is due Too many deny the existence of the One who gave them life Too many believe that out of nowhere they arrived fully gifted by their own efforts Out of the slime the human crawled forth in all his creative glory in all the glory of his many mysterious parts Now that is ego riding high The book may zig it may zag it may step off the path it may take a side path but it is only imitating the progress of life Each zig each zag each step has a tendency to pick up a nugget of thought Thoughts leap from one to the next linger a moment and its on to the next one Mind and spirit metaphysics life self wisdom and knowledge space universe the future light insight enlightenment etc All represented in this book by the thoughts of the writer One can only hope that the reader finds his insight his enlightenment expanding growing as he reads the book That he finds his thoughts creating a perspective uniquely his own One can also say that the stream of conscience that created YOU DONT NEED A BODHI TREE is more than just capricious We travel different paths but eventually we all arrive at our destination the only destination there is for us a oneness with our Creator Enjoy *The Ladies Playbook: How to Get Your Way with a Man* Melanie Joy Vertalino, 2024-12-17 UNLEASH YOUR INNER GODDESS AND BECOME UNSTOPPABLE IN LOVE In *The Ladies Playbook How to Get Your Way with a Man* Melanie Joy Vertalino delivers a captivating no nonsense guide for women who are ready to embrace their power elevate their dating game and create the extraordinary love life they ve always craved This isn t about mind games it s about transforming into the magnetic high value woman who effortlessly draws men in commands respect and leaves them eager to

Alcoholic David Allen,2011-11-16 The book breaks all the rules about treating alcoholism It s not just about the stereotypical alcoholic but for the invisible majority the middle class drinkers the people who are in control of their lives but with one significant exception that they have already concluded that their use of alcohol is excessive These are the silent majority the Sophisticated Alcoholics Nobody really knows how many there are but there is a suspicion that the number is very large indeed People who come to see me privately for help with their own personal battles with alcohol are invariably members of this group The book would be about a cure were alcoholism to be an illness instead of a behaviour but instead it is about resolution a permanent change of relationship between the person and the bottle so that alcohol ceases to retain any importance in a life I belonged to this group for too many years and now I don t People can completely change their relationship with alcohol if they address the real issues lying behind and driving their actions because I and others have done so Alcoholism as it turns out has nothing to do with alcohol *The Purgatory of Existence* Pasquale De Marco,2025-08-10 The Purgatory of Existence is a profound and thought provoking exploration of the meaning of existence and the nature of the human condition Drawing on a wealth of personal experience philosophical reflection and practical wisdom Pasquale De Marco offers a unique and insightful perspective on the challenges and opportunities we all face in life This book is not intended to provide easy answers or quick fixes Instead it is an invitation to reflect on the big questions and to seek a deeper understanding of ourselves and our place in the world Pasquale De Marco challenges us to question our assumptions to embrace our vulnerability and to live our lives with purpose and intention Through a combination of personal anecdotes philosophical reflections and practical advice Pasquale De Marco provides a roadmap for living a more meaningful and fulfilling life He encourages readers to embrace the present moment to cultivate gratitude and to find joy in the simple things
