Change Of Heart The Bypass Experience:

Change of Heart Nancy Yanes Hoffman,1985 For the millions who face Bypass surgery have undergone it or are heading toward it this may easily be the most important book they will ever read **Advances** ,1992 Books in Print ,1994 *A Patient's Guide to Heart Surgery* Carol Cohan,1991 A comforting unique guide to the psychological aspects of open heart surgery From choosing and preparing for surgery to recovering in the hospital and at home this guide explores the emotional and practical ramifications of heart surgery 21 line drawings Psychocardiology: Exploring the Brain-Heart Interface Kai G. Kahl,Marlies Elizabeth Alvarenga,Don Byrne,2022-09-23 **The Reader's Adviser** ,1994 *Medical and Health Care Books and Serials in Print* ,1986 **Public Library Catalog** ,1989 **Life on the Level** Jon Lands,2013-08-15 Many years ago the Flying Wallendas were performing with the Circus and were quite a attraction wherever they performed their high wire act In one city in which they performed the local weather reporter asked the patriarch Karl Wallenda May I give the weather report on the high wire Karl agreed The big moment came the reporter stepped out balanced and gave a quick weather forecast In an instant the commercial break came and the reporter asked Mr Wallenda How do I step back right foot or left foot In his haste to make high viewer ratings rather than be safe the reporter was completely unaware of his new difficulty Karl Wallenda said Son you can t back up you have to step forward The nervous reporter said Mr Wallenda I can t do that I have never walked the high wire beside I am one step back from where I started Wallenda said You ve got thirty three steps in front of you and it is safer to take thirty three steps forward than one step back Don t be afraid I ll be right behind you The principle is true if you are going to live life on the level Don t be afraid and step forward The Epistle of James teaches us about balance so we may walk forward with Jesus no matter where He guides you This book and its study of James will help you keep your balance as you walk across the high wire of the Christian life Remember it is easier to keep your balance walking forward rather than stepping backward Can t you hear Christ whispering in your ear words of encouragement Take another step and trust Him as you live Life on the Level **Bibliographic Index** ,1988 Research Grants Index National Institutes of Health (U.S.).
