Changements Sociaux En Cote Divoire:

Changements sociaux en Côte d'Ivoire Bohumil Théophile Holas, 1961-01-01 T00:00:00+01:00 Cet ouvrage est une réédition numérisée d'un livre paru au XXe siècle désormais indisponible dans son format d'origine *Les jeunes, la terre et les changements sociaux en pays baoulé, Côte-d'Ivoire* Alfred Babo, 2010 À partir de l'étude du pays baoulé une région stratégique tant du point de vue économique que politique Alfred Babo explique comment des changements démographiques et économiques ont entraîné une recomposition sociale selon trois directions principales une transformation des relations intergroupes rationnelles au profit des jeunes une modification des liens entre les lignages au profit de ceux bien dotés en terres et une reorganisation des rapports entre autochtones et allogènes au profit des premiers Cet ouvrage complète et prolonge ainsi la tradition d'ouvrages empiriques de qualité sur les dimensions politiques et économiques du changement social dans les zones forestières d'Afrique de l'Ouest *Pression démographique et changement social au Kenya* Valérie Golaz, 2009 Les hautes terres kenyanes ont connu la fin du XXe siècle une densification de la population sans précédent dans le monde Dans la région très fertile de Kisumu les densités humaines sont passées de 260 hab/km² en 1962 à 711 hab/km² en 1999 Cet ouvrage montre de quelle manière une société s'adapte à la rarefaction des ressources dans un contexte historique mouvementé Le Kenya a en effet traversé dans les années 1990 et encore au début de 2008 plusieurs vagues de conflits identitaires comme ethniques dans les milieux qui ont pesé lourdement sur la vie quotidienne et touché de larges secteurs de la société Ce livre montre les changements progressifs liés à l'évolution du contexte économique régional et national Il montre aussi les effets des conflits plus radicaux et des violences sociales Mais la relation mécanique souvent présentée entre la densité du peuplement et la violence est démentie grâce à une compréhension globale et précise des enjeux économiques et politiques au niveau local La situation est notamment clarifiée par une enquête biographique conduite au sud-ouest du Kenya la limite sud du district de Gucha La pression démographique conduit en fait la population vers deux issues différentes des mouvements migratoires complexes et le développement local On voit donc ici comment l'économie peut être perturbée par des conflits intercommunautaires mais aussi comment la densification humaine peut être le moteur de pratiques économiques renouvelées particulièrement dans le secteur dit informel s'ajoutant aux dynamiques agricoles mieux connues par ailleurs **African Feminism** Gwendolyn Mikell, 2010-08-03 African feminism this landmark volume demonstrates differs radically from the Western forms of feminism with which we have become familiar since the 1960s African feminists are not by and large concerned with issues such as female control over reproduction or variation and choice within human sexuality nor with debates about essentialism the female body or the discourse of patriarchy The feminism that is slowly emerging in Africa is distinctly heterosexual pro-natal and concerned with bread and butter and power issues Contributors present case studies of ten African states demonstrating that as they fight for access to land for the right to own property for control of food distribution for living wages and safe working conditions for health care and for election reform African women are creating a powerful and specifically African feminism Arts de la Côte d'Ivoire

Anthropo-logiques de la Communication Bahi, Aghi,2016-02-22 Cet ouvrage pose d abord un regard critique sur les

travaux menés par l'auteur de 1994 à 2013 dans trois domaines de la communication et des changements sociaux : 1 communication médiatisée dans les politiques de santé 2 usages et appropriations d'internet et des TIC et 3 médias politique et espaces publics dans une société en crise. En toile de fond de ces travaux de recherche se trouve la Côte d'Ivoire urbaine Abidjan notamment sociétalement encore anthropologiquement. Balandier sociétalement en mouvement lieu concret de changements de contrastes de crise multiforme où se joue la vie quotidienne et où se lisent les contradictions de la modernité. Ensuite, partant d'une conception large de la communication, il propose une réflexion critique sur la pratique de l'enseignement et de la recherche en sciences de la communication en Côte d'Ivoire. En effet, la communication avec l'Autre s'inscrivant nécessairement dans un rapport politique lato sensu se traduit inévitablement dans les anthropologies livrées dans toute société. Il s'agit alors de s'engager dans des terrains de recherche plus ancrés dans l'anthropologie communicationnelle afin de rendre compte de la luxuriance des changements sociaux et de la labilité du social postcolonial. Une anthropologie de la communication ambitieuse mais circonspecte, audacieuse mais pondérée loin de tout mimétisme n'aurait-elle pas devrait contribuer au développement des Sciences de l'information et de la communication ivoiriennes en les centrant sur la construction d'objets authentiques.

Passions scolaires en Côte d'Ivoire Laurence Proteau, 2002-01-01. En Côte d'Ivoire l'école est au centre de passions privées et publiques de luttes individuelles et collectives autant de la part des familles que des syndicats d'élèves et d'enseignants. Sur la scène publique mais aussi dans les coulisses de l'intimité familiale elle pose la question sociale dans toute sa brutalité plus inégale que libératrice elle conserve malgré tout en l'absence d'autres alternatives de mobilité sociale une force paradoxale d'attraction. Nul ne veut ou ne peut y renoncer complètement nul ne s'en exclut non plus sans en payer le coût social. L'école semblait garantir tous une promotion sociale. Elle tint cette promesse jusqu'à dans les années soixante-dix au moins pour un certain nombre de diplômés des classes populaires et moyennes. Nombreux furent les enseignants du secondaire et du supérieur qui accédèrent des postes dans l'appareil politique ou dans la haute fonction publique. Le diplôme fut ainsi valorisé par la promotion sociopolitique qu'il autorisait bien plus que pour les connaissances qu'il était censé valider. L'école et les illusions qu'elle entretenait participaient ainsi à la perpétuation du régime politique autoritaire de Félix Houphouët-Boigny qui prétendait apporter en mieux l'économie ce qu'il retirait en liberté publique. La fin du miracle ivoirien se manifesta dès la fin des années soixante-dix soumise aux plans d'ajustement structurel la réduction drastique du marché du travail et une paupérisation constante les fractions sociales moyennes en subirent de plein fouet les effets et firent l'expérience des limites de la transmission leur descendance d'un destin collectif en ascension. La crise de l'école apparut ainsi comme une crise de croyance en l'efficacité de l'institution scolaire en tant que moyen de promotion sociale et comme condition d'accès au champ

du pouvoir Elle exacerbe galement les conflits et les luttes entre les agents du champ scolaire enseignants syndicats entrepreneurs priv s l ves tudiants parents d l ves et les responsables politiques qui en avaient d fini les objectifs L cole pose ainsi non seulement la question sociale mais aussi la question politique Ibss: Anthropology: 1971 International Committee for Social Science Information and Documentation,1973-08-09 First published in 1973 Routledge is an imprint of Taylor Francis an informa company *La Côte d'Ivoire, économie et société* Henri Bourgoïn,Philippe

D'Ivoire (African Historical Dictionaries/ Historical Dictionaries of Africa) Robert J. Mundt, 1987 **La Côte d'Ivoire à l'aube du XXI^e siècle** Georges Photios Tapinos, 2001-01-01 La crise économique des années 1980 et 1990 en Côte d'Ivoire a été la mesure de la croissance des décennies antérieures souvent qualifiée de modèle ivoirien. À l'aube du XXI^e siècle, cette grave crise qui s'étend au domaine socio-politique doit être mise au regard des dynamiques démographiques des trajectoires économiques et des défis du développement durable. Cet ouvrage privilégie par conséquent le long terme dans une étude rétrospective et prospective. Après avoir étudié les influences de la croissance de la population et de celle de l'économie, l'ouvrage analyse les secteurs clés du développement économique et social, puisement des fronts pionniers, chômage et précarisation des emplois, inadéquation des systèmes scolaires et de santé, autant de diagnostics de ces analyses. Celles-ci mettent également en évidence les potentialités du pays et les éléments des politiques publiques nécessaires, leur utilisation en étudiant notamment les populations cibles que devraient être les femmes, les jeunes et les migrants. Enfin, en construisant plusieurs scénarios économiques, l'ouvrage permet de dessiner les devenir possibles d'une Côte d'Ivoire partagée entre l'intégration régionale et le repli nationaliste, la recherche d'une croissance démographique maîtrisée et d'un développement plus compétitif, équitable et durable.
