America of love Eric Murphy Selinger shows how such concerns can shape a poet's most intimate decisions about genre and form His lucid elegant prose illuminates not only well known love poets including Emily Dickinson and William Carlos Williams but also more unexpected figures notably Wallace Stevens and Mina Loy Like the poets he discusses Selinger refuses to view love reductively Rather he takes the impulse to debunk love as part of his subject whether it crops up in Puritan theology or contemporary literary theory As he details Whitman's courtship of his readers weighs the restorations of romance in H D and Ezra Pound and demonstrates the bonds between poets as disparate as Robert Creeley and Robert Lowell Selinger establishes love poetry as an essential American genre *Nothingism* Jason Schneiderman,2025 Exploring the form and significance of poetry in a digital age **The Poetry of Disturbance** David Bergman,2015-06-30 In this book David Bergman argues that post war poetry underwent a significant shift from a visual to oral emphasis *A Reader's Guide to James Merrill's The Changing Light at Sandover* Robert Polito,1994 An invaluable road map for the epic poem of our time

attention to the processes by which perception is transformed into language and from the illusive relationship between poetry and meaning to the integral relationship between poetry and memory this collection delves into what it means to be a poet and how being a poet is intimately tied to one's social and cultural moment With Santos's trademark flair for seeking out the overlooked and unforeseeable *A Poetry of Two Minds* is an extraordinary collection that testifies to its author's far reaching intellectual curiosity Readers who have delighted in his insights over the years can now have the satisfaction of having them caught between the covers of this provocative book
