Transformation of the Japanese State established specialists in a variety of areas use a coherent set of methodologies aligning their sociological public policy and political science and international relations perspectives to account for discrepancies between official rhetoric and policy practice and actual perceptions of decline and crisis in contemporary Japan. Each chapter focuses on a distinct policy field to gauge the effectiveness and the implications of political responses through an analysis of how crises are narrated and used to justify policy interventions. Transcending boundaries between issue areas and domestic and international politics, these essays paint a dynamic picture of the contested but changing nature of social, economic, and ultimately political institutions as they constitute the transforming Japanese state.
