CHANGING SCHOOL SUBJECTS

power, gender and curriculum

Carrie Paechter

Changing School Subjects Power Gender And Curriculum

Christine Skelton, Becky Francis

Changing School Subjects Power Gender And Curriculum:

Changing School Subjects Carrie F. Paechter, 2000 This study analyses the effects of curriculum change on teachers and students The ways in which power gender and knowledge influence the school curriculum and how curricular forms exclude or include certain subjects or groups are considered *Changing School Subjects* Carrie F. Paechter, 2000

Changing School Subjects examines the effects of curriculum change on teachers and students It focuses on the gendered nature of the curriculum and analyzes how power gender and knowledge intersect to determine how school knowledge is constructed what knowledge is made available to which students who supplies the knowledge and how Schooling, Society and Curriculum Alex Moore, 2006-08-10 Schooling Society and Curriculum offers a much needed reassessment and realignment of curriculum studies in the UK and international contexts Comprising a collection of eleven original chapters by prominent nationally and internationally known experts in the field of curriculum studies the book leads and fosters critical generic debates about formal education and its relationships to wider society Focusing on key debates that have been present for as long as formal state education has been in existence the contributors contextualise them within a future orientated perspective that takes particular account of issues specific to life in the early years of the twenty first century These include globalisation and nationalism poverty and wealth what it means to be a good citizen cultural pluralism and intolerance and centrally what it is that young people need from a school curriculum in order to develop as happy socially just adults in an uncertain and rapidly changing world The book is organized into four sections issues and contexts values and learners school curricula in the digital age exploring the possible globalisation localisation and utopias *Changing School Subjects* Carrie Paechter, 2000

EBOOK: Being Boys; Being Girls: Learning Masculinities and Femininities Carrie Paechter, 2007-07-16 What is it like being a boy or a girl How do boys and girls learn to be men and women How do families schools and children s peer groups influence the ways in which children think of themselves as male and female *Being Boys Being Girls* explores how boys and girls learn what it is to be male and female Drawing on a wide range of studies from around the world the book examines how masculinities and femininities are developed and understood by children and young people in families in schools and through interaction with their peers One of the key concepts underlying this book is that our identities are constructed and performed in particular ways which help us to understand who we are and how we fit in with the world This means that these identities are constantly changing according to where we are what we are doing and whom we are with Who we are and what we think about ourselves only makes sense in relation to what is going on around us The author provides a clear explanation of the underpinning idea that children s understandings of gender are developed and constructed in local communities of masculinity and femininity practice She brings together research on children and their construction and understanding of gender across the 0 18 age range and includes explicit suggestions for strategies and interventions This book is essential reading for students and academics in childhood education and gender studies and for

those with an interest in gender development and the construction of masculinities and femininities *Gender and Education [2 volumes]* Barbara J. Bank, 2007-09-30 Exploring the intersection of gender and education this work includes entries that deal with educational theories research curricula practices personnel and policies but also with variations in the gendering of education across history and cultural contexts It includes discussions on gender as a social construction

Masculinity, Class and Music Education Clare Hall, 2018-07-08 This book offers a provocative sociological examination of masculinity class and music education within the context of a unique and fascinating culture the classical musical world of choirboys The myriad cultural meanings embodied in the boy voice are unravelled through compelling musical narratives of young choirboys their mothers and their teachers The book investigates how boys negotiate dominant gender class discourses and the various pedagogies involved in producing middle class masculinities during primary school and early years contexts Drawing on the theoretical resources of Bourdieu to develop the concept of musical habitus the continued symbolic distinction of the choirboy is analysed in order to better understand how culture is simultaneously reproduced and evolving through music This interdisciplinary work at the juncture of pedagogy and culture will appeal to social science researchers educators and arts practitioners interested in the sociocultural dynamics of music Issues in Mathematics Teaching Peter Gates, 2002-09-11 This book presents the key debates that the mathematics teacher will need to understand reflect on and engage in as part of their professional development Issues in Mathematics Teaching is suitable for those at initial training level right through to practising mathematics teachers Its accessible structure enables the reader to pursue the issues raised as each chapter includes suggestions for further reading and questions for reflection or debate

Learning to Teach in the Secondary School Susan Capel, Marilyn Leask, Sarah Younie, Elizabeth Hidson, Julia Lawrence, 2022-07-29 The market leading text for beginning teachers on all undergraduate postgraduate and school based routes to QTS this is an essential introduction to the key skills and knowledge needed to become a successful teacher Offering advice on all aspects of teaching and learning this ninth edition has been thoroughly updated to reflect changes in the field and covers key new topics including the science of learning online pedagogies and working with your mentor There are also expanded units on diversity and inclusion and teacher wellbeing The text includes a wealth of examples and tasks to support you in successfully applying theory to practice and in critically reflecting on and analysing your practice to maximise pupil learning The wide range of pedagogical features supports both school and university based work up to Masters level Written by experts in the field the 41 concise units are underpinned by evidence informed practice and focus on what you need to know to thrive in the classroom including lesson planning curriculum managing behaviour online lessons and digital resources effective communication with pupils how pupils learn assessment marking and feedback diversity and inclusion special educational needs and disabilities SEND managing stress workload and time applying for jobs developing as a professional and networking The book is extended and enhanced through a companion website that includes Animated

explainer videos to introduce and summarise key topics A selection of downloadable and editable tables and figures from the book so that the most practical elements can be taken out of study and into practice Additional material and interactive features to support selected units such as focus questions for lesson observations and flashcards to help analyse student behaviour Bonus content including Starting to Teach chapters and a mapping document supporting you to make links between the ninth edition chapters and key teaching standards Supported by the subject specific titles in the Learning to Teach Subjects in the Secondary School and A Practical Guide to Teaching Subjects in the Secondary School Series it is an essential purchase for every aspiring secondary school teacher

The RoutledgeFalmer Reader in Gender & Education

Madeleine Arnot, Mairtin Mac An Ghaill, 2006-09-27 Here Madeleine Arnot and Mairtin Mac an Ghaill bring together a wide range of lively and informative material in this unique Reader to present an international perspective on topical issues in gender and education focusing on enduring trends in the field

Children's Emotional Lives Sandra Leanne Bosacki, 2008 Drawing on evidence from a longitudinal study of Canadian children's emotional experiences within the grade school classroom this book considers the nature and significance of such experiences for children's development and well being Within the learning context of the classroom the girls and boys share their experiences of self emotional understandings and social relations through interviews and social cognitive tasks The chapters provide scholarly analysis and practical information for those who agree that emotions are paramount to children's comprehensive development The book concludes by describing the practical implications and applications of its findings for parents teachers and caretakers of children including how to help children learn about and negotiate emotions in themselves and in their interactions with others

Teacher Subject Identity in Professional Practice Clare Brooks, 2016-03-31 Teacher Subject Identity in Professional Practice focuses on a key but neglected element of a teacher's identity that of their subject expertise Studies of teachers professional practice have shown the importance of a teacher's identity and the extent to which it can affect their resilience commitment and ultimately their effectiveness Drawing upon narrative research undertaken with a range of teachers over a period of 14 years the book explores how subject expertise can play a significant role in teacher identity acting as a professional compass guiding teachers at all levels of their professional practice It reveals powerful individual stories of meaning making which highlight the dynamic importance of teachers subject expertise The book's metaphor of a professional compass goes to the heart of teacher professionalism and provides a valuable mechanism to enable teachers to respond to challenges they face in their daily practice It enables teachers to consider the moral dimensions of their practice and can constitute a significant component in professional formation and identity Throughout the book the importance of subject expertise for teachers professional practice is explored at a range of scales from the classroom to broad education policy and at different stages of a teacher's career which offers readers a deeper understanding of the importance of subject expertise for teachers Teacher Subject Identity in Professional Practice makes a significant contribution to an under researched area It

identifies the role and significance of teachers subject expertise as a dimension of their teacher identity The book is key reading for teacher educators policy makers and researchers with an interest in teachers professional development and practice

Undemocratic Schooling John Polesel, Richard Teese, 2013-01-14 Half the boys living in working class suburbs to the west and north of Melbourne fail mathematics Why Why are so many young people leaving school early when there are no jobs for them to go to Are boys disadvantaged at school in comparison with girls What makes good schools work Is the best university one that attracts the top students or one that offers the best chances for lower achieving students This groundbreaking book is based on the largest social survey of secondary education ever undertaken in Australia It presents a comprehensive picture of who succeeds and who fails at school Undemocratic Schooling brings together a unique range of information on who our students are what they want from school how well they think their schools work what subjects they study how well they succeed and where they end up It also reveals their larger views on matters such as jobs careers marriage and family the political system and social justice In its imaginative presentation of the findings of this massive survey this book sheds new light on inequalities in our education system It reveals significant new information on students achievements in relation to their attitudes and values students perspectives on issues from jobs to discrimination students destinations in relation to their backgrounds The authors offer valuable angles on such topical issues as retention and dropout rates the relation between poverty and achievement the gender debate private versus public schools and which universities serve which social groups

International Encyclopedia of Education , 2009-04-17 The field of education has experienced extraordinary technological societal and institutional change in recent years making it one of the most fascinating yet complex fields of study in social science Unequaled in its combination of authoritative scholarship and comprehensive coverage International Encyclopedia of Education Third Edition succeeds two highly successful previous editions 1985 1994 in aiming to encapsulate research in this vibrant field for the twenty first century reader Under development for five years this work encompasses over 1 000 articles across 24 individual areas of coverage and is expected to become the dominant resource in the field Education is a multidisciplinary and international field drawing on a wide range of social sciences and humanities disciplines and this new edition comprehensively matches this diversity The diverse background and multidisciplinary subject coverage of the Editorial Board ensure a balanced and objective academic framework with 1 500 contributors representing over 100 countries capturing a complete portrait of this evolving field A totally new work revamped with a wholly new editorial board structure and brand new list of meta sections and articles Developed by an international panel of editors and authors drawn from senior academia Web enhanced with supplementary multimedia audio and video files hotlinked to relevant references and sources for further study Incorporates ca 1 350 articles with timely coverage of such topics as technology and learning demography and social change globalization and adult learning to name a few Offers two content delivery options print and online the latter of which provides anytime anywhere

access for multiple users and superior search functionality via ScienceDirect as well as multimedia content including audio and video files

Women in Science Ruth Watts,2013-05-13 The first book of its kind to provide a full and comprehensive historical grounding of the contemporary issues of gender and women in science Women in Science includes a detailed survey of the history behind the popular subject and engages the reader with a theoretical and informed understanding with significant issues like science and race gender and technology and masculinity It moves beyond the historical work on women and science by avoiding focusing on individual women scientists

Art in Education Charles Callahan Perkins,1870

Art in Education D. Atkinson,2005-12-28 Distinctive and unique in its approach this book opens up art education to the broader field of social enquiry into practice subjectivity and identity It draws upon important developments in contemporary philosophy and the social sciences and applies this to the professional field of art in education It opens new perspectives for teachers teacher educators and student teachers

Inclusion and Exclusion Through Youth Sport Symeon Dagkas,Kathleen Armour,2013-03-01 We can reach far more people through sport than we can through political or educational programmes In that way sport is more powerful than politics We have only just started to use its potential to build up this country We must continue to do so Nelson Mandela Nelson Mandela s statement reflects a widely held view that sport can contribute in unique and far reaching ways to the delivery of important social outcomes But is this really the case Can sport bring people from different backgrounds together and in so doing act as a force for social transformation and change In the language of policymakers and practitioners can sport contribute to social inclusion or could it be argued that sport acts to marginalize and disadvantage some groups in society In other words could sport reinforce rather than challenge social inequality Focusing on youth sport as a touchstone sector of sport in society this book examines the theoretical and empirical bases of arguments for the role of sport in social inclusion agendas Authors are drawn from around the world and offer critical perspectives on assumptions underpinning the bold claims made about the power of sport This book represents the most up to date and authoritative source of knowledge on inclusion and exclusion in youth sport As such it is essential reading for those who want to use sport to make a difference in young people s lives It is therefore recommended for students researchers policy makers and practitioners working in sports development sports coaching sport studies or physical education

The Moral Foundations Of Educational Research Sikes, Pat,Nixon, John,Carr, William,2003-04-01 This book considers what is distinctive about educational research in comparison with other research in the social sciences As the contributors all agree that education is always an essentially moral enterprise discussion about methodology starts not with the widely endorsed claim that educational research should be useful and relevant but with the attempt to justify and elaborate that claim with reference to its moral foundations

Feminism and 'The Schooling Scandal' Christine Skelton,Becky Francis,2009-01-13 Brings together feminist contributions from two generations of educational researchers to provide a comprehensive overview of contemporary research and theory emerging from second wave feminism and assesses

their impact on pupils and teachers in today s schools and classrooms
