Channeled by God Charles D. Collard, 2006-01-01 The year is 2020 and time is running out For 25 000 years Earth has been on a countdown to planetary precession Known as the Pangaeon Effect it causes the Earth to instantaneously change its axis Operation NOAH S ARK the top secret CIA task force responsible for preparing for the Pangaeon Effect has five years remaining before Earth suffers 5 000 years of volcanoes tsunamis earthquakes and toxic atmospheres that will place mankind on the brink of extinction While NOAH S ARK faces wars international intrigue and national chaos a new human species possessing a genetic mutation arrives on the scene Join Mike Valenti and NOAH S ARK as they face the challenges of the Pangaeon Effect and the people with the Darwin Strand The Channeling Zone Michael Fobes Brown, 1997 Neither a debunker nor an advocate Michael Brown examines why so many intelligent Americans have turned to channeling as a source of spiritual guidance and how this links with older and more esoteric native religions *Knowing the Facts about Channeling and Crystal Work* John Ankerberg, John Weldon, 2012-08-30 When men and women willingly give over their minds and bodies to spirit entities and these spirits enter and control them using them to heal or to give teachings and other information this is called channeling Crystal work uses crystals to invoke the spirits The spirits claim they can assist people toward true individual social and spiritual enlightenment Channeled spirits claim to be wise and loving entities but are they What is their real purpose The authors examine the potential problems and dangers that can occur through channeling along with a biblical evaluation of the practice **Becoming a Channel of Creativity and Inspiration** Henry Reed, 2014-09-03 Whether you call it channeling spiritual intelligence inspiration creativity or intuition we humans have available to us a level of awareness and intelligence that exists prior to any external education yet benefits from all your learning This unique book describes many grounded and practical ways consistent with research in scientific psychology of developing a relationship with this human potential all within a spiritual or transpersonal philosophy that assumes that the purpose in life is for us to learn how to share our gifts and thereby come into an awareness of our essence as Creator **Channeling the Past** Erik Christiansen, 2013-03-15 After the turmoil of the Great Depression and World War II Americans looked to the nation's more distant past for lessons to inform its uncertain future By applying recent and emerging techniques in mass communication including radio and television programs and commercial book clubs American elites working in media commerce and government used history to confer authority on their respective messages With insight and wit Erik Christiansen uncovers in *Channeling the Past* the ways that powerful corporations rewrote history to strengthen the postwar corporate state while progressives communists and other leftists vied to make their own versions of the past more popular Christiansen looks closely at several notable initiatives CBS's flashback *You Are There* program the Smithsonian Museum of American History constructed in the late 1950s the *Cavalcade of America* program sponsored by the Du Pont Company the History Book Club and the Freedom Train a museum on rails that traveled the country from 1947 to 1949 exhibiting historic documents and

flags including original copies of the U S Constitution and the Magna Carta It is often said that history is written by the victors but Christiansen offers a more nuanced perspective history is constantly remade to suit the objectives of those with the resources to do it He provides dramatic evidence of sophisticated calculations that influenced both public opinion and historical memory and shows that Americans relationships with the past changed as a result **Theology as**

Autobiography Colby Dickinson,2020-03-17 Autobiographical writings on faith frequently come from the lives of ordinary persons whose struggles with faith are often lived at the margins of the church academy and society Yet these voices have the potential to reshape the ways in which each of these fields function To find out what it means to stand before God with all of one s humanity on display is to engage in not only the act of confession but to demonstrate a bold theological reflection that needs to be more explicitly understood By turning to spiritual autobiographies as theological source texts we learn to place our emphasis where it matters most on the people whose lives of faith move us deeply and cause us to re examine our own lives in light of their witness Moving through a range of ancient early modern and contemporary spiritual writers in order to demonstrate a profound connection that unites them all this book portrays how a critical self examination of one s most personal internal fractures our poverty as it were is the only way to develop a life of faith the dual meaning of the word confession which expresses both a revealing of one s sins or brokenness and the articulation of what one believes

Channeling Shakespeare Marianne Kimura,2025-06-28 What Happens When an Academic is Also a Psychic This paranormal memoir by tenured academic and psychic channel Marianne Kimura explains how Shakespeare s consciousness contacted her over four decades using a variety of ghostly phenomena to help him reveal his real messages which were heretical in his day In particular her research shows how Shakespeare crafted allegories in his plays to express his support for Giordano Bruno the Renaissance philosopher burned alive for heresy in Rome in 1600 Channeling Shakespeare represents the sensational sudden and more strange return of Shakespeare to our world 400 years after his death An unparalleled dramatist Shakespeare announced these exact plans with those words in Hamlet in order to show us in the most audacious way possible that death is not final and that consciousness goes on Starting with a mysterious clairaudient experience in a Harvard University s Sanders Theatre after a Shakespeare lecture when she was twenty Channeling Shakespeare chronicles Marianne s strange but uplifting psychic experiences as she engaged with the occult world with love and positivity to bring the truth about Shakespeare to light **Channeling Grace** Carl L. Memoir Rediscovered Cindy Little DMin MDiv,2022-11-20 A Christian who has not suffered is like a child without training Such Christians cannot receive or understand the fulness of God s blessing They know the Lord only as an acquaintance rather than as an intimate heavenly Father Romans 8 17 says Now if we are children then we are heirs heirs of God and co heirs with Christ if indeed we share in His sufferings we do so we may share in His glory This is the goal of the Christian to so identify with Jesus Christ that is all others see *Clocking the Goose: A memoir of short stories about growing* Robert Moseley,2024-12-10 At his trial for impiety and corrupting youth in ancient Greece Socrates is reputed to have said The unexamined life is not worth living The legendary philosopher believed that a life devoid of introspection self reflection and critical thinking is essentially meaningless and lacks value This sentiment provides context for *Clocking the Goose* a memoir of short stories about growing up and getting over it by Robert Moseley The stories in *Clocking the Goose* illuminate the struggles of childhood bring insight to the process of individuation and provide an offbeat alternative perspective on figuring out and fulfilling personal destiny As these narratives reveal the process of discovering and actualizing personal potential necessitates trial and error Mistakes and missteps are as crucial to becoming a fully realized human being as the positive choices and the successful actions a person takes If becoming fully human and alive is the reader s cup of tea which is the core motivation driving Moseley s missives he or she must endure inner contradictions that can be tormenting but necessary to make one mindful that human beings can do horrific as well as magnificent things at any time What emerges from these stories is the realization that Moseley wasn t so afraid of making mistakes or of his shadow self as he was of failing to become wholly himself and fully alive Starting with his volatile reactive and painful childhood the stories in *Clocking the Goose* take the reader from sad and funny childhood struggles common to us all and the challenges of adolescence and young adulthood to gaining a mature perspective on what being human is all about Self knowledge self acceptance forgiveness and redemption are essential themes that run throughout the book In tandem to the stories themselves the pre and post story elements of this memoir provide social context to the author s personal struggles Here Moseley weighs in with his views on social media the Woke movement and America s corporatized culture in ways that make his personal journey culturally relevant The emotional thrust of this memoir is that the business of becoming a human being in full is a harrowing and humbling process Becoming conscious that saintly and savage traits eternally coexist within all individuals has the potential to transform or destroy us depending on the choices we make and the responsibility we take in creating our lives Being mindful of this hopefully makes us more tolerant and compassionate towards our failings and the foibles of others From a social perspective this memoir is framed in the viewpoint that modern America has been coopted by a corporate mind set and

an immature unconscious and often rapacious social media culture that truncates our humanity At the end of the day Clocking the Goose affirms the value of individuation and of embracing the light and darker angels of human nature with grace and forgiveness The Autobiography of a Crystal in the Formation of the Solar System Cyrus George Dunn,1876
