Music of the Middle Ages: Volume 1 Giulio Cattin, F. Alberto Gallo, 1984-12-06 A unique history of the vast repertory of monophonic music of the Middle Ages **Dictionary Catalog of the Music Collection** New York Public Library. Reference Department, 1964 **Liturgy and Society in Early Medieval Rome** John F. Romano, 2016-05-06 The liturgy the public worship of the Catholic Church was a crucial factor in forging the society of early medieval Rome As the Roman Empire dissolved a new world emerged as Christian bishops stepped into the power vacuum left by the dismantling of the Empire Among these potentates none was more important than the bishop of Rome the pope The documents archaeology and architecture that issued forth from papal Rome in the seventh and eighth centuries preserve a precious glimpse into novel societal patterns The underexploited liturgical sources in particular enrich and complicate our historical understanding of this period They show how liturgy was the social glue that held together the Christian society of early medieval Rome and excluded those who did not belong to it This study places the liturgy center stage filling a gap in research on early medieval Rome and demonstrating the utility of investigating how the liturgy functioned in medieval Europe It includes a detailed analysis of the papal Mass the central act of liturgy and the most obvious example of the close interaction of liturgy social relations and power The first extant Mass liturgy the First Roman Ordo is also given a new presentation in Latin here with an English translation and commentary Other grand liturgical events such as penitential processions are also examined as well as more mundane acts of worship Far from a pious business with limited influence the liturgy established an exchange between humans and the divine that oriented Roman society to God and fostered the dominance of the clergy *Yoga Journal*, 1997-12 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty The Restoration of Gregorian Chant Pierre Combe, 2008-08 Gregorian chant the Catholic Church's very own music is proper to the Roman liturgy but during the course of its long history it has experienced periods of ascendancy and decline A century ago Pope Pius X called for a restoration of the sacred melodies and the result was the Vatican Edition This book presents for the first time in English the fully documented history of the Gregorian chant restoration The original French edition was published by the Abbey of Solesmes in 1969 This book describes in careful vivid detail the strenuous efforts of personalities like Dom Joseph Pothier Dom Andre Mocquereau Fr Angelo de Santi and Peter Wagner to carry out the wishes of the pope The attentive reader will not fail to note that many of the questions so fervidly debated long ago are still current and topical today Robert A Skeris introduction to this edition illuminates the current discussion with documentation including the Preface to the Vatican Gradual and the Last Will and Testament written by Dom Eugene Cardine Oral and Written Transmission in Chant Thomas Forrest Kelly, 2023-01-30

The writing down of music is one of the triumphant technologies of the West Without writing the performance of music involves some combination of memory and improvisation Isidore of Seville famously wrote that unless sounds are remembered by man they perish for they cannot be written down This volume deals with the materials of chant from the point of view of transmission The early history of chant is a history of orality of transmission by mouth to ear and yet we can study it only through the use of written documents Scholars of medieval music have taken up the ideas and techniques of scholars of folklore of oral transmission of ethnomusicology for the chant is in fact an ancient music transmitted for a time in oral culture and we study a culture not our own whose informants are not people but manuscripts All depends ironically on deducing oral issues from written documents Gregory the Great F. Holmes Dudden,2004-08-26 Performance Practice Roland Jackson,2013-10-23 Performance practice is the study of how music was performed over the centuries both by its originators the composers and performers who introduced the works and later by revivalists This first of its kind Dictionary offers entries on composers musiciansperformers technical terms performance centers musical instruments and genres all aimed at elucidating issues in performance practice This A Z guide will help students scholars and listeners understand how musical works were originally performed and subsequently changed over the centuries Compiled by a leading scholar in the field this work will serve as both a point of entry for beginners as well as a roadmap for advanced scholarship in the field
