Schmidt,2021-12-10 There are yet among us men and women who braved the dangers and hardships of a frontier life in order that we may be enjoying the advantages and wealth of the present Some of these have not great wealth and while others are drawing a small pension from the State there are still others who are in dire poverty and never expect to ride on a concrete highway for pleasure and recreation What they want to know more than anything else is that their lives have not been spent in vain that we are actually building on the foundation they have laid and that we appreciate just what they have done Those were strenuous times when pioneer men and women had to be brave and face the dangers that threatened home and children the men could not always be near to protect their families and their property but seldom do we hear or read of a woman who did not nobly and bravely stand between her loved ones and danger whether from dangerous wild animals marauding redskins or from a devastating prairie fire that often swept the settlement leaving nothing but a black streak of ashes in its wake It is hard indeed for us to realize as we sit beside our peaceful firesides the hardships and perils those brave men and women had to endure when this country was an untamed wilderness Therefore we dedicate this manual to their memory **CMJ New Music Report** ,2001-12-31 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ's trade publication compiles playlists for college and non commercial stations often a prelude to larger success The Known World Don Bogen,2012-01-01 Turning bare description into a luxuriance The Known World looks at the complex relationship of past and present creating energetic juxtaposition between different historic periods to envision life at the end of our own century Don Bogen calls the work an archeology and uses details of life in past eras as a way of penetrating the surfaces of history In his account everything known is both encumbered with and defined by the past Short poems in this collection cohere around the long title poem which explores the nineteenth century through more than thirty sections in different voices and styles including lists mock letters brief narratives and lyric passages The result is lively

and illuminating *Dramatic Spaces* Jennifer Low, 2015-07-16 For literary scholars plays are texts for scenographers plays are performances Yet clearly a drama is both text and performance *Dramatic Spaces* examines period specific stage spaces in order to assess how design shaped the thematic and experiential dimensions of plays This book highlights the stakes of the debate about spatiality and the role of the spectator in the auditorium if audience members are co creators of the drama how do they contribute The book investigates Roman comedy and Shakespearean dramas in which the stage space itself constituted the primary scenographic element and actors bodies shaped the playing space more than did sets or props the use of paid applauders in nineteenth century Parisian theaters and how this practice reconfigured theatrical space transactions between stage designers and spectators including work by L szl Moholy Nagy William Ritman and Eiko Ishioka *Dramatic Spaces* aims to do for stage design what reader response criticism has done for the literary text with specific case studies on *Coriolanus* *The Comedy of Errors* *Romeo and Juliet* *Tales of Hoffman* *M Butterfly* and *Tiny Alice* exploring the audience s contribution to the construction of meaning **Godey's Lady's Book, and Ladies' American Magazine** ,1878
