Dreaming in the World's Religions Kelly Bulkeley, 2008-07-19 From Biblical stories of Joseph interpreting Pharaoh's dreams in Egypt to prayers against bad dreams in the Hindu Rig Veda cultures all over the world have seen their dreams first and foremost as religiously meaningful experiences In this widely shared view dreams are a powerful medium of transpersonal guidance offering the opportunity to communicate with sacred beings gain valuable wisdom and power heal suffering and explore new realms of existence Conversely the world's religious and spiritual traditions provide the best source of historical information about the broad patterns of human dream life Dreaming in the World's Religions provides an authoritative and engaging one volume resource for the study of dreaming and religion It tells the story of how dreaming has shaped the religious history of humankind from the Upanishads of Hinduism to the Quran of Islam from the conception dream of Buddha's mother to the sexually tempting nightmares of St Augustine from the Ojibwa vision quest to Australian Aboriginal journeys in the

Dreamtime Bringing his background in psychology to bear Kelly Bulkeley incorporates an accessible consideration of cognitive neuroscience and evolutionary psychology into this fascinating overview Dreaming in the World's Religions offers a carefully researched accessibly written portrait of dreaming as a powerful unpredictable often iconoclastic force in human religious life *Dreams in Late Antiquity* Patricia Cox Miller, 1998-01-11 Centuries By studying together pagan and Christian dreams Cox Miller hopes to reach a better understanding of some fundamental patterns of late antique culture DLGuy G Stroumsa The Journal of Religion A fluent and discursive text This is an adventurous exploration of a range of material which deserves to be more widely known DLGillian Clark The Classical Review Ultimate Realities Robert C. Neville, 2001-01-01 Explores ultimate realities in a range of world religions and discusses the issue and philosophical implications of comparison itself *Rereading the Stone* Anthony C. Yu, 2018-06-05 The eighteenth century Honglouloumeng known in English as Dream of the Red Chamber or The Story of the Stone is generally considered to be the greatest of Chinese novels one that masterfully blends realism and romance psychological motivation and fate daily life and mythical occurrences as it narrates the decline of a powerful Chinese family In this path breaking study Anthony Yu goes beyond the customary view of Honglouloumeng as a vivid reflection of late imperial Chinese culture by examining the novel as a story about fictive representation Through a maze of literary devices the novel challenges the authority of history as well as referential biases in reading At the heart of Honglouloumeng Yu argues is the narration of desire Desire appears in this tale as the defining trait and problem of human beings and at the same time shapes the novel's literary invention and effect According to Yu this focalizing treatment of desire may well be Honglouloumeng's most distinctive accomplishment Through close readings of selected episodes Yu analyzes principal motifs of the narrative such as dream mirror literature religious enlightenment and rhetorical reflexivity in relation to fictive representation He contextualizes his discussions with a comprehensive genealogy of qing desire disposition sentiment feeling a concept of fundamental importance in historical Chinese culture and shows how the text ingeniously exploits its multiple meanings Spanning a wide range of comparative literary sources Yu creates a new conceptual framework in which to reevaluate this masterpiece The Snake and the Rope Elder, 2012-04 While there are many psychological monographs on Hinduism no work has surveyed the history of that tradition in a sustained way Thus The Snake and the Rope A Jungian View of Hinduism breaks new ground both for religious studies and for psychology Trained on both sides of the argument the author of this work is uniquely qualified to elucidate what for example the Vedic hymns meant to the people who composed them and what they might mean for us today He shows us what karma means for Hindus and what Jung says it can mean for us We learn how Jungians use the term Self that Jung borrowed from the Upanishads and how it is the same and different in its new modern context The reader will witness a red thread of goddess worship from earliest India to Classical Hinduism Jung says the modern equivalent is devotion to the collective unconscious deep within ourselves Having served as a Peace Corps Volunteer in a Thai village in the late 1960's George R Elder returned to the States to earn a

Ph D in Buddhist Studies from Columbia University He subsequently taught Comparative Religions at Hunter College City University of New York and would co chair the Religion Program for several years In 1989 Dr Elder and his family relocated to Florida He trained to become a Jungian analyst and maintains a professional relationship with the C G Jung Study Center of Southern California His works include *The Body An Encyclopedia of Archetypal Symbolism* in collaboration with ARAS Shambhala 1996 He recently co edited *An American Jungian In Honor of Edward F Edinger Inner City* 2009 *Old Tales and New Truths* James Roy King,1992-01-01 This guidebook to the Bright Shadow World develops three closely related issues The first is the position that fairytales and folktales are of value today because they encourage the growth of capabilities important in our postmodern world Each of us like the fairytale hero sets out on his her own quests seeks his her own identity faces his her own dilemmas with few resources but wit imagination and a certain power of improvisation King develops the implications of this situation for such common fairytale problems as learning to read the world productively navigating various kinds of edges exploiting power sources developing highly personal moral commitments problem solving and data collecting The second concern of this book is with the development of a system for analyzing narrative structure The formula offered here involves an examination of interactions among actors physical settings lines of force and power sources as a narrative moves toward its denouement This system facilitates the classifying and contrasting of narratives and illuminates the structure of both narrative and lived experience Finally this book is concerned with myth making or world making processes It is shown that traditional narrative actually points to and delineates another dimension of existence here called the Bright Shadow World that operates by rules of its own and may be penetrated by individuals from our ordinary world Inferences about the Bright Shadow World drawn from traditional narrative are described and evaluated Textual Sources for the Study of Hinduism Wendy Doniger,1988
