Dreams of Love and Fateful Encounters Ethel S. Person, 2007-04-02 This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis romantic passionate love Ethel Person views romantic love as a powerful agent of change arguing that it is as central to human culture as it is to human existence This new edition of *Dreams of Love and Fateful Encounters* emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love related issues from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts Employing a philosophical perspective in order to understand the existential dilemmas posed by love and a cultural perspective in order to understand its cultural variability Dr Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love She acknowledges love's vital importance and power proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love Among the issues she discusses are romantic love's sources in our early lives its relationship to imagination and creativity and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love love across generations and love triangles focusing on the individual growth that can result from such relationships Citing accounts of love drawn from literature film and real life Person focuses on the lover's internal soliloquy and external dialogue with the beloved that can develop over an individual's life An uplifting resource for people experiencing failing or unorthodox romances *Dreams of Love and Fateful Encounters* boldly takes on issues pertinent to lovers to professionals who encounter patients for whom key conflicts revolve around romantic love and to anyone who has struggled to understand the importance of romantic love in his or her own life

Conversations with the Turtles Nilson Ariel Espino,2024-06-13 Polarization often results from deficient forms of social belonging caused primarily by stark social inequalities These inequalities then generate psychological responses that both create and worsen polarization Yet social stability is possible In this provocative and original book Nilson Ariel Espino argues that our current ideological polarizations can be best analysed as springing from the contradictions of modernity and its obsessions Using culture as a founding and organizing dimension the author disassembles the typical dichotomies of left versus right or conservatism versus progressivism and reveals the opposing sides as mutually interdependent positions that struggle with cultural paradoxes they are ill suited to address Written with clarity and verve for the general reader this book brings classic concepts of cultural anthropology to bear on the key preoccupations of today s world from poverty and inequality to political instability and the environmental crisis **Books in Print** ,1994 **Psychoanalysis Listening to**

Love Simonetta Diena,2018-04-19 This book is about love about how we fall in love and why we fall in love and about how much we suffer if unable to love or be loved The need to love and be loved can be read as the prototype of every human need and every relationship between human beings To be loved is wishing to be seen known recognised for what we are in our deepest and most hidden inner self in our wildest desires to live and be free It is a need for knowledge gratefulness and recognition Literature cinema and our very experience of life tell us about it By listening to love can psychoanalysis add anything further and new to what has already been said by culture art and by our life experiences In psychoanalysis the

events of love can be understood by going back to the most primitive forms of human relationships that is to the earliest childhood experiences *The Publishers Weekly*, New Books on Women and Feminism, 1988 Books in Print Supplement, 1994 **New Woman**, 1991 *It's Time for My Story* Carol T. Williams, 1992-10-30 Soap opera story the only mass public form of continuing narrative today is oral culture for our electronic era Carol Williams *It's Time for My Story* is an examination of soap opera sources structure and response particularly from the critical viewpoints of psychology both archetypal and empirical and popular culture specifically narratology and feminism that uncover the true nature of the genre First Williams traces the development of soap opera from its immediate source in radio and television as well as from its fundamental source in age old myth and storytelling Then she analyzes the content and form that together make up the structure of soap opera Finally she looks at what soaps mean to watchers and in the process debunks many myths about soap opera for instance the myth that soap opera like all television drama is merely commercial produced formulaically by advertisers Williams argues that soap opera is not only a commercial product but also a popular art form derived from the wellspring of culture and folk story She also argues that it is a form which has been depreciated because it is historically a woman's medium Discussions with writers creators and fans are included throughout Recommended to scholars and students of media drama popular culture and women's studies Canadian Journal of Psychiatry, 1990 **Country Home**, 1988

Vital Signs Gregg Levoy, 2014-12-26 Rediscover or discover for the first time the things that make you passionate in life *Vital Signs* is about what inspires passion and what defeats it How we lose it and how we get it back And ultimately it's about the endless yet endlessly fruitful tug of war between freedom and domestication the wild in us and the tame our natural selves and our conditioned selves Each chapter in *Vital Signs* will contain a core sample an intimate biography of one of the strategies we employ to gain or regain our passion The book also affirms the importance of courageous inquiry into dispassion where we're numb depressed stuck bored so the reader can recognize and change these tendencies in themselves
