hawesbordas.com What the book provided for me was a clarity and structure in my thinking about preparation for competition both for myself and my clients. It also gave me a new way of viewing the purpose of the competition which may take some of the stress away from competitions themselves. Currently I don't get out often. For less experienced riders I believe it will provide a great foundational structure. It will guide them on the best path forward. Even if there are some elements they don't yet understand or have feeling for, it will bring to their awareness things they might be thinking about and noticing and in due course giving them valuable AhHa moments. I wish I'd had this book as a reference point when doing my Pony Club tests and BHS stages.
