*Drieu La Rochelle and the Fiction of Testimony* Frederic J. Grover, 2022-09-23 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1958 *Drieu La Rochelle and the Fiction of Testimony* Frederic J. Grover, 2023-11-15 This study aims to reassess the literary importance of Drieu La Rochelle focusing on his fiction rather than political or moral judgments Drieu's conception of literature makes it difficult to entirely separate the artist from the man as his work often intertwines the personal and the political In analyzing Drieu's fiction the complexities and contradictions that emerge from his characters reflect the internal struggles he faced especially in relation to his political stance These nuances often overlooked in traditional political critiques lead to a portrayal of Drieu as a reluctant fascist one who grappled with various human commitments whether in his roles as husband lover soldier or man of letters While critics may point to Drieu's actions as a collaborator during the occupation and his ambiguous stance on antisemitism as evidence of his political commitment this study argues that Drieu's reluctance permeated all aspects of his life including his fascism Drieu's complex character does not easily fit into a simplistic political framework and his ambivalence towards his political ideology speaks to broader contradictions within his personal and artistic identity Coming from an opposing political perspective the study strives to be as objective and understanding as possible placing Drieu's literary works at the forefront of the analysis and offering a nuanced view of his complicated legacy This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1958 *Drieu La Rochelle and the fiction of testimony*, 1958 *Drieu la Rochelle, Decadence in Love* Robert Barry Leal, 1973 **Drieu La Rochelle** Robert Barry Leal, 1982 Criticism and interpretation of French writer of novels short stories and political essays Pierre Drieu La Rochelle whose life and works illustrate the malaise common among European youth after World War I *French News*, 1963 **Drieu La Rochelle**, **Reproductions of Banality** Alice Yaeger Kaplan, 1986 Reproductions of Banality was first published in 1986 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions An established fascist state has never existed in France and after World War II there was a tendency to blame the Nazi Occupation for the presence of fascists within the country Yet the memory of fascism within their ranks still haunts French intellectuals and questions about a French version of fascist ideology have returned to the political forefr *Three French Writers and the Great War* Frank Field, 1975-12-11 The impact of the First World War on European

society and the rise of Communism and Fascism are important subjects that concern all students of recent history The object of this book is to study these themes through the careers of three French writers Henri Barbusse Drieu la Rochelle and Georges Bernanos Each of these writers served in the war and was subsequently attracted towards Communism or Fascism Barbusse first achieved fame through his anti war novel *Le Feu* but in the years after 1918 he made a new career for himself as a rallying point for Communist sympathizers amongst the French intellectuals After becoming one of the most intelligent and sophisticated advocates of Fascism in the 1930s Drieu la Rochelle opted for a policy of collaboration with the Germans in 1940 and committed suicide in 1945 Bernanos moved to a position very close to Fascism in the 1930s but his experiences in the Spanish Civil War experiences that he so memorably described in *Les grands cimelières sous la lune* made him devote the remaining years of his life to an attack on all forms of totalitarianism
