Drift Poems:

Drift Kevin Connolly, 2005 A collection of poetic works by a Gerald Lampert Award winning writer investigates the enigmatic mental process by which thoughts journey into the realms of unreality in a volume that considers such subjects as the business end of a sea cucumber and disfigured historical celebrities who are left to wander the consumer grid Original

Drift Mary Kinzie, 2013-10-09 The world is touched and stands forth writes Mary Kinzie in this book of seductive poetic experiment In lines by turns fragmented and reflective she shatters and reassembles such curiosities as an engraving by Albrecht Durer and the portrait of a notorious suicide whose children develop a secret telepathy In one of her many powerful longer pieces she collects glittering shards from myriad versions of the Cinderella story Was the young girl running out of it because recall the blood within the shoe it hurt her Kinzie's verse moves mysteriously between folk lore and urban

devastation between white magic and the concoction of mood drugs in the modern laboratory In each poem she draws our attention to the chinks of light in the dark narratives that surround us in a language animated by her sympathy and deep moral intelligence

Drift Joel H. Vega, 2018 *Drift (Collected Poems)* A. L. Reynolds, 2012-09-11 Poems that pooled in the author's mind and came together in a collection called Drift Motherhood moods hero worship science and love all play a part in a collection of poetry inspired by the author's children current events the questioning of religion geology Darwinism and 1960s television

Beyond the Drift David Scott, 2014 Springing from ordinary events or a picture or an aspect of the priestly life David Scott's beautifully restrained poems work up the detail into a moment of significance They are rooted in an English culture which appears not only in locality but also in understatement and the sideways look But his poetry has wider reverberations exploring spirituality and ways of praying as well as momentary glimpses of meaning caught in everyday life David Scott won the National Poetry Competition in 1978 and this new retrospective draws on all the books he has published since then

The Drift Alan Jenkins, 2011-11-30 ALAN JENKINS POETRY IS EXHILARATING IT IS CHARGED WITH EROTIC ENERGY RAGE SORROW AND CONFUSION DAVID LEHMAN The poems in Alan Jenkin's magnificent new collection are closely linked forming a movingly autobiographical book which deals with the disjunction between the aspirations of youth and the realities of middle age The narrator looks back on his twenties full of the grand ambition to be the next Rimbaud and wryly contrasts it with his current situation friends dead women lost opportunities missed Images of drifting of the random patterns that fate imposes on existence weave their way through poems full of sea scapes and sailing boats Ghosts loom through the mist objects imbued with memory accumulate like driftwood But although Alan Jenkins writes about a sense of loss and failure his rich poetry formally dextrous and inventive witty and subtle in its allusions acts as a counterbalance showing how the twisting of an emotion into shape can salvage feelings of pointlessness Through his personal experience he explores themes that will resonate with a broad audience the difference between men and women
