Freer,2003-09 Skewed Views Too continues Roy Schlemme s cartoon exploration of our human faults and foibles Using everything from wry wit to out and out broad slapstick he intelligently takes the reader on a rambling merry journey Beginning at times with the most bizarre of premises Schlemme quickly cajoles even the most somber of us into forgetting our personal problems and laughing out loud at the adventures of his eccentric cast of zanies Unlike other more traditional cartoonists who generally of necessity work small and simple Schlemme utilizes the larger page along with a more detailed drawing style to enhance the final effect upon readers There s no single theme from one vignette to the next but rather a lively bouncing around certain to capture even the most humor resistant of us Skewed Views Too with over 150 humorous situations is sure to find itself one of the more appealing gift giving ideas and entertaining book options around

Walking in the Garden with God Lydia B. Miller, 2023-04-23 Our Walk with the Lord begins when we take our first step in faith by believing that Jesus is who he says he is Thereafter day after day we willingly take up our cross and attempt to follow in his footsteps finding out all too soon that The Way is not easy Some will not understand our belief in the invisible God They will consider us fools and secretly despise us for claiming to see what they cannot While they may be blind to his presence we see God everywhere and in everything Ours is a life-long spiritual journey which tests our strength courage faith and convictions While it may seem that we are walking alone we are not The Lord is always with us Look around my friends there are other Believers each walking at their own pace some far ahead while others trail behind Occasionally someone comes along who falls into step and walks the long road with us Know that they have been intentionally sent by God to pick us up when we stumble and fall get lost or become discouraged We need their uplifting prayers encouragement and testimonies of faith to remind us never to give up hope This book is about my walk with The Lord However I believe the sentiments expressed are not mine alone but universal to Christians everywhere It is my hope that the words God has given me will also minister to you as you walk your walk

Sample Book Insights 1 The weakness with many books on the power of positive thinking is that they discuss the thought becomes reality concept in mystical or existential terms But it s just a reality of our neurological system that translates a thought into a result 2 Whatever is in your mind will come out in the form of a million thoughts attitudes beliefs choices and

decisions You can't focus on creating what's in your mind and accidentally create something else Whatever is in your mind is an accumulation of a lifetime of thoughts attitudes beliefs choices and decisions 3 Your business is a perfect reflection of what's in your mind You alone have 100 percent control over what goes in your box and what comes out of it If your business doesn't look the way you want it to take a long hard look within yourself and figure out what thoughts attitudes and beliefs are creating your results 4 The first step in creating a successful career is to evaluate what's in your box Then remove any junk and replace it with the results you want by exercising dominion and control over what you tell yourself on a regular basis

your own normal healing system You learn everything that you need for your proper healing good health and excellent condition through all facts about your mind and body including how they function stay healthy and how they defend themselves against all illnesses There is a difference between curing and healing Because while curing refers to the superficial treatment of your symptoms making you feel good as all drugs do healing refers to the comprehensive treatment of your illness including all main causes and resulting symptoms Because in order to heal the actual illness you have to follow the entire line of causality rendering you ill up to the main reason triggering the actual illness since that makes you sick And if you do not heal or solve it you cannot heal the entire illness you cannot recover and therefore you can never feel better With the drugs prescribed by medicine interfering with your own recovery the entire time You might have already noticed people healing themselves yet it certainly takes more than a strong determination to be successful The endeavor of healing yourself and maintaining your health continuously throughout life might seem complex yet once you master it it takes less time less stress and less effort to stay healthy and fit while you may invest the rest of your time and effort on more important matters as living your life
