Clarke, 1993 While the role of the laity in the nationalist awakening is commonly recognized their part in the movement for religious renewal is usually minimized Initiative on the part of the laity has been thought to have existed only outside the church where it remained a troubling and at times insurgent force Clarke revises this picture of the role of the laity in church and community He examines the rich associational life of the laity which ranged from nationalist and fraternal associations independent of the church to devotional and philanthropic associations affiliated with the church Associations both inside and outside the church fostered ethnic consciousness in different but complementary ways that resulted in a cultural consensus based on denominational loyalty Through these associations lay men and women developed an institutional base for the activism and initiative that shaped both their church and their community Clarke demonstrates that lay activists played a pivotal role in transforming the religious life of the community **Rediscovering Fellowship and Devotion** ISAIAH MACWEALTH, The

call to fellowship and devotion is a calling to a deeper relationship with God who desires to have a deep and intimate relationship with man He created Adam to fellowship with Him but Adam lost the right to fellowship with God when He committed treason by willfully disobeying God and obeying Satan His transgression brought sin into the world and Death also came by sin Wherefore as by one man sin entered into the world and death by sin and so death passed upon all men for that all have sinned Romans 5 12 Death seeks to separate man from life on earth and ultimately from God the source of life in eternity And they heard the voice of the LORD God walking in the garden in the cool of the day and Adam and his wife hid themselves from the presence of the LORD God amongst the trees of the garden Genesis 3 8 But Jesus came to restore the fellowship between God and man giving man peace with God He gave man peace with God and access to Him He made a way for us to come back into the place where we belong Therefore being justified by faith we have peace with God through our Lord Jesus Christ By whom also we have access by faith into this grace wherein we stand and rejoice in hope of the glory of God Romans 5 1 2 God is faithful by whom ye were called unto the fellowship of his Son Jesus Christ our Lord 1Corinthians 1 9 That which we have seen and heard declare we unto you that ye also may have fellowship with us and truly our fellowship is with the Father and with his Son Jesus Christ 1John 1 3 So today we can talk to God the father as a man speaks to his friend We can have a deep relationship with Him so that we can be like Him This is a great privilege However to fully understand what it means to fellowship with God and have a deeper relationship with Him we need to understand the concept of fellowship devotion and quiet time In this book we will elaborate on these concepts and differentiate between them with the aim of helping every believer develop the consistency of fellowship devotion and quiet time with God which is the ultimate purpose of creation

Private and Domestic Devotion in Early Modern Britain Alec Ryrie, 2016-04-15 Scholars increasingly recognise that understanding the history of religion means understanding worship and devotion as well as doctrines and polemics Early modern Christianity consisted of its lived experience This collection and its companion volume Worship and the Parish Church in Early Modern Britain ed Natalie Mears and Alec Ryrie bring together an interdisciplinary range of scholars to discuss what that lived experience comprised and what it meant Private and domestic devotion how early modern men and women practised their religion when they were not in church is a vital and largely hidden subject Here historical literary and theological scholars examine piety of conformist non conformist and Catholic early modern Christians in a range of private and domestic settings in both England and Scotland The subjects under analysis include Bible reading the composition of prayers the use of the psalms the use of physical props for prayers the pious interpretation of dreams and the troubling question of what counted as religious solitude The collection as a whole broadens and deepens our understanding of the patterns of early modern devotion and of their meanings for early modern culture as a whole
