The Truth Behind the Lies Tanweer Akhter, 2015-06 The author has written this book because she was wickedly accused of things she says she had not done False allegations were made against her and she wanted to clear her name and demonstrate her innocence so that people cannot take advantage of her past and use it against her in the future She says her own sister out of jealousy selfishness and bitterness made her life hell although they had once been very close They had been through so much together previously that she could not believe 10 years later her sister would be so evil and cruel even though the author had stuck by her many times particularly when her marriages failed She repaid by listening to outsiders bad friends and relatives who gave her bad advice and turned her against the author and the rest of her family She asks what was her crime All she had asked was help with her Mum who was very ill and she still cannot understand why she reacted in such an evil way **Advertiser Notes and Queries** ,1883
