Emotional and Behavioural Problems of Young Offenders in Singapore Dongdong Li, Chi Meng Chu, David P.
Farrington, 2023-10-13 This book presents the findings from the Enhancing Positive Outcomes in Youth and the Community
EPYC study EPYC is a ground breaking nationwide 10 year longitudinal study on young offenders in Singapore It focuses on
understanding crime prevention rehabilitation and reintegration of these youths Data were collected through yearly
interviews external assessments and linkage of administrative records to provide a comprehensive picture of participants In
addition a non offender youth sample was included as a normative comparison sample The research and findings of this book
focus on Prevalence rates and comorbidity of Emotional and Behavioural Problems EBPs in young offenders Drug use and Re
offending Risk and Protective Factors for EBPs As this study represents one of the first in Asia and one of few across the
globe with such in depth investigations it aims to advance the understanding of youth offending and associated emotional and
behavioural issues This book is best suited for criminal justice and mental health scholars practitioners and policy makers
who are working with Asian populations or interested in cross cultural comparisons **Drugs, Crime, and Their**
Relationships Glenn D. Walters, 2014 An Essential Text Unlike Any Other in the Field Surveys administered to high school
students studies carried out on jail and prison inmates and interviews conducted with substance abusers undergoing
treatment all point to the same conclusion drugs and crime are strongly connected Why they are connected is less well
understood however Written for middle to upper level undergraduate courses on drugs and crime or substance abuse and
crime this book examines the drug crime connection in a systematic and comprehensive way **Drugs Crime and Their**
Relationships covers the entire drug crime spectrum starting with a review of drug and crime terminology classification and
theory and ending with policy implications for prevention harm reduction and macro level management of the drug crime
problem The opening chapters discuss drugs and crime separately for the purpose of setting the stage for later discussions
on drug crime relationships As the book proceeds the boundaries between drugs and crime blur thus revealing the complex
and intimate relationship that links these two behaviors **Drugs Crime and Their Relationships** is divided into four sections
The first section offers an introduction and overview of theories on drugs crime and their relationships The second section
explores the relevant research on the biological psychological sociological and static situational correlates of drug crime
relationships The third section considers the practical implications of drug crime connections for the criminal justice system

offender assessment and treatment programming The fourth and final section examines the policy implications of the drug crime relationship in the form of prevention harm reduction and society's response to drugs and drug related crime Students will enjoy the engaging writing style instructors will welcome the logical manner in which the text is organized and scholars will appreciate the comprehensiveness of coverage and the range of citations Provides a step by step breakdown and synthesis of the drug crime connection Organized logically so that a student first progresses through chapters that treat drugs and crime separately gradually replaced by overlapping discussion of drugs and crime up until the final section policy where the overlap is nearly complete Covers core topics including the history of drugs and crime in America theories of substance abuse DSM IV criteria for substance abuse antisocial personality disorder theories of crime and neurotransmitters and drugs Also includes discussions on important topics not commonly found in other texts including meta analysis genetics of drug use and crime drug diversion programs prison based treatment programs for drug offenders evidence based intervention harm reduction Portuguese and Dutch experiments and much more Pedagogical features Chapter opening learning objectives and chapter ending summary and critical thinking questions List of key words in each chapter News Spots that highlight a related topic from the news to demonstrate the relevance of the chapter material to one's everyday life and situations Questions to Ponder following each News Spot intended to stimulate critical thinking and classroom discussion Every new printed copy is packaged with full student access to the companion website featuring a wealth of engaging and interactive study tools Instructor resources include PowerPoint Lecture Outlines and a Test Bank Drugs Crime and Their Relationships Theory Research Practice and Policy is written for middle to upper level undergraduate students enrolled in courses on drugs and crime or substance abuse and crime Courses can be found in numerous departments including Criminal Justice Criminology Social Work Political Science Psychology and Sociology 2014 488 pages *Drug Use in Metropolitan America* Robert M. Bray, 1999 Recently the Research Triangle Institute completed a five year study sponsored by the National Institute on Drug Abuse called The Washington D C Metropolitan Area Drug Study DC MADS The study attempted to look at the nature and extent of drug abuse among diverse populations living in a single metropolitan area focusing particularly on underrepresented populations such as the homeless the institutionalized and juvenile offenders along with populations that have been studied in more depth such as persons living in households The goal was to not only establish prevalence correlates and consequences of drug abuse but to establish a research model for conducting other such studies *Drug Use in Metropolitan America* describes relates and integrates findings from the DC MADS study More than that though this book places the findings in the larger context of our national drug abuse problem Therefore while there is some reporting of findings there is more emphasis on examining the policy research and program implications that flow from the studies This book will be of interest to researchers practitioners and policy makers in a number of areas as well as to academics in Sociology courses dealing with drugs deviance social problems and research methodology It should also appeal
