Druids Priests Of The Ancient Celts:

The Druids Paul Lonigan,1996-06-24 This comprehensive study of the Druids offers a fresh look at the enigmatic and often controversial question of the role of these priests in Celtic society The religion of Druidism is examined as an inheritance of Indo European tradition with intriguing analogies made between Irish and Roman cultic practices The author identifies the functions of the ancient priests providing an inventory of their duties and services Druids are also defined in terms of their connections with other branches of Eurasian mysticism This study will be of particular interest to scholars of Irish culture Celtic culture and comparative religion *The Druids* Paul R. Lonigan,1996 **The Druids** Charles River Editors,Jesse Harasta,2013-12 Includes pictures Includes ancient accounts of the Druids written by Caesar Cicero Pliny and more Explains the modern revival of Druids Includes footnotes and a bibliography for further reading Throughout all of Gaul there are two classes of people who are treated with dignity and honor This does not include the common people who are little better than slaves and never have a voice in councils Many of these align themselves with a patron voluntarily whether because of debt or heavy tribute or out of fear of retribution by some other powerful person Once they do this they have given up all rights and are scarcely better than servants The two powerful classes mentioned above are the Druids and the warriors Druids are concerned with religious matters public and private sacrifices and divination Julius Caesar The Celts are one of the most well known groups in Europe and one of the least understood Depending on which classifications are used the Celts are also one of the oldest civilizations in Europe In the centuries before Christ the Celts were spread out across much of continental Europe and though they are mostly identified with Gaul evidence suggests they also spread as far as Portugal However even though they were spread out across Europe before the height of the Roman Empire most people associate the Celts with the British Isles today particularly Ireland and Scotland After they had been relegated to those smaller regions as a result of the Romans and other migrations the culture of the Celts as it is currently understood began to congeal during the Early Middle Ages and Celtic culture folklore and legend have all become inextricably intertwined with Irish history and British history as a whole The Celts have fascinated people for centuries and the biggest fascination of all has been over the Druids a religious class at the heart of Celtic society that wielded great power Naturally people have been interested in Druids for centuries mostly because they don t understand much about the Druids or their practices The earliest meaning of the word comes from the Ancient Romans who labeled them Druidae in reference to the white robed order of Celtic priests living in Gaul Britain and Ireland They were a well organized secretive group who kept no written records and performed their rituals allegedly including human sacrifice in oaken groves all of which interested and horrified the Romans The order was eventually crushed under the weight of first Roman conquest and then the imposition of Christianity and from the remains centuries of myths imaginings and dreams were superimposed over the little that was known about the Druids Not surprisingly people have come to associate the Druids with what have been imposed Even today there is a revived

Druidic religious movement that fuses this skeleton of knowledge about the ancient Druids with ideas such as rituals at standing stones like Stonehenge nature and sun worship the carrying of ornate staves and Arthuriana Wider popular culture has seen Druids usually some form of secretive nature priests in games like Dungeons and Dragons and World of Warcraft and films like Wicker Man 1973 and 2006 and Druids 2001 The Druids The History and Mystery of the Ancient Celtic Priests explores the known and unknown about the Druids from the historical evidence of their existence and practices to the evolution of Druidic concepts over time This book also looks at the growth of Druidism since the 1700s along with the practitioners who embrace new ideas and beliefs Along with pictures and a bibliography you will learn about the Druids like you never have before in no time at all The Druids Rudolf Steiner,2023-10-20 The Sun Initiation of the Druid Priests and their Moon Science The Mysteries of Ancient Ireland Celtic Christianity the Heritage of the Druids Teachings of the Mysteries the Spirit in Nature The Great Mysteries the Mystery of Christ The Function of the Standing Stones Spiritual Imaginations Celtic Mythology & The Religion of the Ancient Celts John Arnott MacCulloch,2023-12-18 In Celtic Mythology The Religion of the Ancient Celts John Arnott MacCulloch delves deeply into the rich tapestry of Celtic myths and religious practices exploring their intricate relationships with identity landscape and spirituality MacCulloch s scholarly approach employs both linguistic and ethnographic analysis yielding an extensive examination of colorful deities legendary heroes and ritualistic traditions that shaped the Celts worldview His literary style is characterized by a blend of eloquent prose and rigorous scholarship set within the broader context of early 20th century perspectives on mythology that straddle the line between romanticism and historical inquiry John Arnott MacCulloch a prominent figure in the study of folklore and mythology drew from his extensive background in philology and cultural history which undoubtedly fueled his passion for examining the Celtic tradition His immersion in Celtic studies was influenced by the cultural revival of the time as well as his encounters with various historical texts and artifacts enriching his interpretations and insights into Celtic spirituality and mythic narratives This book is a must read for anyone seeking a comprehensive understanding of Celtic heritage and its mythological significance MacCulloch s meticulous research not only illuminates the ancient Celts beliefs and values but also serves as a vital resource for scholars students and enthusiasts eager to uncover the mystical dimensions of Celtic culture
