Drumbeat And Whispers:

The Listeners Harrison Demchick, 2012-12 Before the plague and the quarantine fourteen year old Daniel Raymond had only heard of the Listeners They were a gang or at least that's what his best friend Katie's police officer father had said They were criminals thieves monsters deadly men clearly identifiable by the removal of their right ears That's what Daniel had heard But he didn't know He didn't know much in those early days He didn't know how the plague began but then no one did The doctors and emergency medical personnel said it was airborne and highly contagious They said those infected became distorted both inside and out and very very dangerous Then the helicopters came and took the doctors away and no one said much of anything after that Except the police officers They said they'd provide food and order in exchange for guns and ultimately anything else they felt like taking Daniel's mother went out for toilet paper She never came back He hasn't heard from Katie since the phones went dead And with his real family gone and surrogate family unreachable Daniel scared and alone has nothing except the walls of his apartment the window shattered the poisonous air seeping in That's when the Listeners arrive Derek the one eared man with the big soulful eyes promises protection and hope and the choice not to sit alone and wait to die in some horrific way He offers a brotherhood under the watch of their leader the prophet Adam He offers a place in the world to come A harrowing work of literary horror The Listeners Harrison Demchick's electrifying debut is a dark and terrifying journey into loneliness desperation and the devastating experience of one young boy in a world gone mad
