## **Dreaming Your Real Self A Personal Approach To Dream Interpretation:**

Dreaming Your Real Self Joan Mazza,1998 The first book to explore individual rather than universal dream symbols this book offers a brilliant new approach to dream interpretation      *Tarot for the Healing Heart* Christine Jette,2001 Jette details how to create a healing atmosphere through tarot One does not need to be a tarot expert or a healing practitioner to benefit from this book All that is needed is a desire to heal an open mind and a courageous heart      Who's Crazy Anyway Joan Mazza,2000-05 WHO S CRAZY ANYWAY Therapist Joan Mazza lets you decide This extremely useful guide to therapy grew out of Joan Mazza s experience as both a patient in therapy as well as years as a practicing therapist Using what she learned she has written a practical easy to read book designed to help readers make informed wise decisions when seeking the help they need The book is written in user friendly sound bites Each topic covered has a brief explanation and in some cases examples As new concepts and techniques in the mental health field are being developed by pioneering and innovative therapists all the time it is impossible to list all the therapy models and techniques available today Still Joan Mazza covers the main schools of thought and practice as well as many non traditional methods An extensive bibliography recommends other books for study in those areas where readers may wish to seek further more extensive coverage When practiced responsibly ethically and with caution psychotherapy has a lot to offer people in distress This book encourages readers to think critically about their problems and how they can be resolved It suggests the types of help to pursue and urges patients to be good consumers willing to evaluate services received as they proceed Who s Crazy Anyway suggests questions for readers to ask themselves and their therapist Joan Mazza contends that you know what s best for you and this book is a good place to begin

Dreams Marilyn C. Barrick,2001 We spend one third of our lives asleep and most of that time we are dreaming But we don t always remember our dreams or understand the messages they are conveying Dr Marilyn Barrick s fascinating work shows that our dreams are not only meaningful and connected with events in our lives but they also hold important keys to our spiritual and emotional development In fact our souls are great dramatists and teachers and the scripts of our dreams often contain profound and valuable guidance Through the powerful insights in this book and the author s visionary analysis of actual dreams you ll learn how to interpret your own dreams and discover how to decode the metaphorical messages of your own soul You ll also explore Tibetan sleep and dream yoga lucid dreaming and techniques to help you more clearly remember and understand your dreams      Loving in Flow Susan K. Perry,2003 Based upon the concept of Flow Mihaly Csikszentmihalyi s international bestseller *Loving in Flow* combines the author s own experiences with studies of dozens of unusually happy long term and married couples to discuss how compromise and communication and being in flow are the keys to building solid and long lasting relationships Perry uses interviews and recent research to discuss every aspect of a relationship from the initial meeting through childbearing and beyond With uncommon candor she tackles often neglected subjects such as Dealing with crazy making habits Communicating about sex Solving the chore wars Making sense of

infidelity Adjusting to the strain of parenthood Loving in Flow spotlights the most successful couples and offers readers a practical and positive guide to getting more out of their relationships and helping them sustain a joyous love life that truly flows

[Tarot Shadow Work](#) Christine Jette, 2000 In Tarot Shadow Work Christine Jette bravely takes the practice of tarot readings to new depths and places many people fear to go She shows us how we can use the cards to trigger awareness in ourselves of troubling aspects of our lives and histories and then go beyond discovery to use the cards as tools for healing This is part of the work that needs to be done with tarot in this new century Rachel Pollack author of 78 Degrees of Wisdom and the forthcoming Shining Tribe Tarot Deep within our psyches the unconscious holds our forbidden feelings secret wishes and creative urges Over time these dark forces take on a life of their own and form the shadow a powerful force of unresolved inner conflicts and unexpressed emotions that defies our efforts to control it The shadow takes its shape from a menagerie of archetypes each recognizable throughout time and around the world troubling

characters who thrive within our persona The shadow is saboteur martyr victim addict sadist masochist or tyrant all the dark figures that prey on the lighter qualities of the human personality The shadow also represents those latent talents and positive traits that were banished from us at some time along our life path artistic musical athletic or creative talents An undeveloped ability a dream that has gone unexpressed a fantasy of what might have been these too make up the personal shadow the lost parts of ourselves Tarot Shadow Work shows you how to free yourself from the shackles of the shadow's power Through tarot work journaling meditation creative visualization and dream work you will bring the shadow into the light This book is ideal for those who are in recovery from a serious addiction or illness as well as any person seeking a deeper understanding of his or her true self By exploring the dark and uncharted territory of the unconscious mind you will work towards understanding and integrating the shadow No prior knowledge of the tarot is required You will learn to use the cards as a tool to help you break free from negative patterns and self destructive behavior Once we realize that we are made of both light and darkness life will start to make sense When we accept our dual natures we stop sabotaging our own efforts and learn to be compassionate with others and with ourselves

**Things That Tick Me Off** Joan Mazza, 2000-11 Just as a walking stick provides support for the traveler this new imprint Walking Stick Press is designed for people seeking guidance on the road to personal growth Using writing as a conduit to enhanced creativity discovery and healing Walking Stick Press titles will feature thought provoking perspectives that readers can follow to explore their feelings boost their

creativity and better their lives Traffic jams Mean people Parking tickets Without a doubt everyone has their own list of things that can really make them angry This guide helps journalers vent their frustrations on paper as they explore the true causes and effects of their rage With every entry journalers will examine their negative feelings learn to cope with their anger and eventually develop a greater sense of peace and balance

**The Scribes of Sleep** Kelly Bulkeley,2023 Dream journals are a surprisingly powerful resource for psychological and spiritual discovery Contemporary dream science has shown that as much as we can learn from single dreams far more information can be derived from analyzing a series of dreams over time Various people through history have intuitively understood this point and they carefully recorded their dreams for years and even decades drawing profound guidance from the patterns they discovered This is the first book to gather historical and cross cultural evidence showing the value of dream journals as a potent means of healing religious experience and metaphysical insight Seven remarkable people who kept dream journals are profiled Aelius Aristides of second century Rome My e Shonin of twelfth century Japan Lucrecia de Le n of sixteenth century Spain Emanuel Swedenborg of seventeenth century Sweden Benjamin Banneker of eighteenth century America Anna Kingsford of nineteenth century Britain and Wolfgang Pauli of twentieth century Austria Because dreams are so complex and multifaceted especially when viewed in a series an interdisciplinary approach is required to shed light on their meanings In this work three broad methods are applied to the seven journals data science depth psychology and religious studies As the findings of these different methods are woven together and mutually illuminated it becomes clear that the practice of keeping a dream journal stimulates several specific qualities of religiosity prompting the dreamers to move in more individualist mystical and pluralistic directions toward becoming a free spirit
