Dreams and Conflicts Francesco Bonami, Maria Luisa Frisa, 2003 The accompanying catalog to this year's Venice Biennale is a massive compendium of ideas and trends in contemporary art The Venice Biennale the world's most respected and influential contemporary art showcase celebrates its fiftieth International Art Exhibition in 2003 Francesco Bonami internationally known curator writer critic and the Lewis Manilow Senior Curator of the Museum of Contemporary Art in Chicago will be curating the exhibit The exhibit entitled *Dreams and Conflicts The Viewer's Dictatorship* will explore not only art as a personal tool of the artist but also as the experience of the viewer and the conflicts and results of this bond Sogni e conflitti Francesco Bonami, 2003* The Road to Parnassus: Artist Strategies in Contemporary Art Diego Mantoan, 2020-10-06 How can one become a successful artist Where should one start a career in the art world What are useful strategies to achieve recognition in the art system Such questions hoard in students' minds ever since entering art school and they probably chase every kind of art professional who is at an early career stage The Road to Parnassus tries to understand what makes a good start in today's art world who are influential players in the field and which strategies might apply The swift career ascension of Glasgow artist Douglas Gordon one of today's leading visual artists and of the broader YBA generation that rose into worldwide prominence in the 1990s Damien Hirst and Sarah Lucas among the best known serves as a convenient case to analyse contemporary artist strategies This book takes a multidisciplinary approach spanning from traditional art history to sociology and economics pursuing the reconstruction of the field of forces in art as intended by French sociologist Pierre Bourdieu Compared to previous publications on art system dynamics such as Thompson's *The 12 Million Stuffed Shark* this book offers an enhanced understanding of the factors that allow a young artist to enter the arena of contemporary art The present research should help uncover the art system logic which appears enigmatic to non experts revealing that artists are aware they need to consider global trends beat competitors and meet the demands of dealers collectors curators and museums This book furthers existing contributions on the YBAs for example Stallabrass *High Art Lite* offering innovative conclusions on recent British art such as on the duality between London and Glasgow the gender opposition among emerging artists and the predominance of resourceful authors *New Histories of Art in the Global Postwar Era* Flavia Frigeri, Kristian Handberg, 2021-03-24 This book maps key moments in the history of postwar art from a global perspective The reader is introduced to a new globally oriented approach to art artists museums and movements of the postwar era 1945-70 Specifically this book bridges the gap between historical artistic centers such as Paris and New York and peripheral loci Through case studies previously unknown networks circulations divides and controversies are brought to light From the development of Ethiopian modernism to the showcase of Brazilian modernity this book provides readers with a new set of coordinates and a reassessment of well trodden art historical narratives around modernism This book will be of interest to scholars in art historiography art history exhibition and curatorial studies modern art and globalization
