The great udje poets first composed songs paying tribute to the god of songs followed by songs of self exhortation and then songs mocking themselves before satirizing others This collection incorporates some of these aspects of the oral poetic genre in its four part structure. It deals with self examination and the minstrel s alter ego as a way of attempting to know himself So there is self mockery that justifies mocking others The four parts of the collection are Pulling the Thread of the Loom Songs of Myself Songs of the Homeland Warrior and Secret Love and Other **Beauty in the Rubble** Ernest N.
