Drei Jahre Theresienstadt:

A Debate on Jewish Emancipation and Christian Theology in Old Berlin David Friedländer, Friedrich Schleiermacher, Wilhelm Abraham Teller, 2004-09-15 When wealthy Jewish industrialist David Friedländer proposed in 1799 that Berlin's Jews undergo a sham conversion to Christianity in return for full German citizenship he touched off a political and theological debate that would continue to define the relation between Jewish and German identity for more than a century In the series of provocative letters collected here Friedländer Protestant leader Wilhelm Abraham Teller and young Christian theologian Friedrich Schleiermacher debate Friedländer's radical proposal In so doing they grapple with many of the thorny problems such as citizenship religious tolerance and assimilation that continue to vex world political leaders today Richard Crouter's Introduction provides the cultural religious and historical context for this compelling exchange a postscript by Julie Klassen reveals the ways in which Germany's minorities continue to be marginalized more than two hundred years after Friedländer made his passionate appeal for political liberty and human rights **Berlin Cabaret** Peter JELAVICH, 2009-06-30 Step into Ernst Wolzogen's Motley Theater Max Reinhardt's Sound and Smoke Rudolf Nelson's Chat noir and Friedrich Hollaender's Tingel Tangel Enjoy Claire Waldoff's rendering of a lower class Berliner Kurt Tucholsky's satirical songs and Walter Mehring's Dadaist experiments as Peter Jelavich spotlights Berlin's cabarets from the day the curtain first went up in 1901 until the Nazi regime brought it down Fads and fashions sexual mores and political ideologies all were subject to satire and parody on the cabaret stage This book follows the changing treatment of these themes and the fate of cabaret itself through the most turbulent decades of modern German history the prosperous and optimistic Imperial age the unstable yet culturally inventive Weimar era and the repressive years of National Socialism By situating cabaret within Berlin's rich landscape of popular culture and distinguishing it from vaudeville and variety theaters spectacular revues prurient nude dancing and Communist agitprop Jelavich revises the prevailing image of this form of entertainment Neither highly politicized like postwar German Kabarett nor sleazy in the way that some American and European films suggest Berlin cabaret occupied a middle ground that let it cast an ironic eye on the goings on of Berliners and other Germans However it was just this satirical attitude toward serious themes such as politics and racism that blinded cabaret to the strength of the radical right wing forces that ultimately destroyed it Jelavich concludes with the Berlin cabaret artists final performances as prisoners in the concentration camps at Westerbork and Theresienstadt This book gives us a sense of what the world looked like within the cabarets of Berlin and at the same time lets us see from a historical distance these lost performers enacting the political sexual and artistic issues that made their city one of the most dynamic in Europe **Theatre and War, 1933-1945** Michael Balfour, 2001 On an April evening in 1934 on the River Arno in Florence an air squadron an infantry a cavalry brigade fifty trucks four field and machine gun batteries ten field radio stations and six photoelectric units presented a piece of theatre The mass spectacle 18 BL involved over two thousand amateur actors and was performed before an

Yearbook Women in German Yearbook,1993-06-01 The only German literature journal that presents a coherently feminist perspective and that serves as a forum for feminist voices _Susanne Zantop Dartmouth College 2000 Susan Sarah Cohen,2012-05-24 This work includes international secondary literature on anti-Semitism published throughout the world from the earliest times to the present It lists books dissertations and articles from periodicals and collections from a diverse range of disciplines Written accounts are included among the recorded titles as are manifestations of anti-Semitism in the visual arts e g painting caricatures or film action taken against Jews and Judaism by discriminating judiciaries pogroms massacres and the systematic extermination during the Nazi period The bibliography also covers works dealing with anti-Semitism or Jewish reactions to anti-Semitism and Jewish self hate An informative abstract in English is provided for each entry and Hebrew titles are provided with English translations Keepers of the Motherland Dagmar C. G.

Lorenz,1997-01-01 Keepers of the Motherland is the first comprehensive study of German and Austrian Jewish women authors Dagmar Lorenz begins with an examination of the Yiddish author Glikl Hamil whose works date from the late seventeenth and early eighteenth centuries and proceeds through such contemporary writers as Grete Weil Katja Behrens and Ruth Kl_ger Along the way she examines an extraordinary range of distinguished authors including Else Lasker Sch_ler Rosa Luxemburg Nelly Sachs and Gertrud Kolmar Although Lorenz highlights the author's individualities she unifies Keepers of the Motherland with sustained attention to the ways in which they all reflect upon their identities as Jews and women In this spirit Lorenz argues that the themes and characters as well as the environments evoked in the texts of Jewish women authors writing in German resist patriarchal structures The term motherland defining the domain of the Jewish woman's native language regardless of political or ethnic boundaries is juxtaposed with the concept fatherland referring to the power structures of the nation or state in which she resides Lorenz describes a vital diverse and largely dissident literary tradition a brilliant countertradition in effect that has endured in spite of oppression and genocide Combining careful research with inspired synthesis Lorenz provides an indispensable work for students of German Jewish and women's writings *Staging*

the Holocaust Claude Schumacher,1998-09-24 To portray the Holocaust one has to create a work of art says Claude Lanzmann the director of Shoah However can the Holocaust be turned into theatre Is it possible to portray on stage events that by their monstrosity defy human comprehension These are the questions addressed by the playwrights and the scholars featured in this book Their essays present and analyse plays performed in Israel America France Italy Poland and of course Germany The style of presentation ranges from docudramas to avant garde performances from realistic impersonation of historical figures to provocative and nightmarish spectacles The book is illustrated with original production photographs and some rare drawings and documents it also contains an important descriptive bibliography of more than two hundred Holocaust plays *Narrating the Holocaust* Andrea Reiter,Patrick Camiller,2004-12-01 In this literary study of memoirs describing at first hand the horrors of German concentration camps the principal question asked is How did the survivors

find the words to talk about experiences hitherto unknown even unimaginable Beyond being a mere analysis of discourse Narrating the Holocaust reflects the situations in camp that triggered these responses and shows how the professional authors adapted certain literary genres e g the travel story the Hassidic tale to serve as models for communication while the vast majority who were not trained as writers merely used the form of the report A comparison between these memoirs and the more frequently discussed camp novel identifies the different narrative strategies by which the two are determined Most of the 130 texts discussed here were published in German between 1934 and the present some famous Italian French and Polish texts have also been included for comparison *My Shadow in Dachau* Dorothea Heiser, Stuart Taberner, 2014 Poems by and biographies of inmates of the Dachau Concentration Camp testimonies to the persistence of the humanity and creativity of the individual in the face of extreme suffering

International Handbook of Violence Research Wilhelm Heitmeyer, John Hagan, 2003-12-31 An international manual is like a world cruise a once in a lifetime experience All the more reason to consider carefully whether it is necessary This can hardly be the case if previous research in the selected field has already been the subject of an earlier review or even several competing surveys On the other hand more thorough study is necessary if the intensity and scope of research are increasing without comprehensive assessments That was the situation in Western societies when work began on this project in the summer of 1998 It was then too that the challenges emerged any manual especially an international one is a very special type of text which is anything but routine It calls for a special effort the state of the art has to be documented for selected subject areas and its presentation made as compelling as possible The editors were delighted therefore by the cooperation and commitment shown by the eighty one contributors from ten countries who were recruited to write on the sixty two different topics by the constructive way in which any requests for changes were dealt with and by the patient response to our many queries This volume is the result of a long process It began with the first drafts outlining the structure of the work which were submitted to various distinguished colleagues Friedhelm Neidhardt of Berlin Gertrud Nunner Winkler of Munich and Roland Eckert of Trier to name only a few supplied valuable comments at this stage

Rebirth of a Culture Hillary Hope Herzog, Todd Herzog, Benjamin Lapp, 2008-08-01 After 1945 Jewish writing in German was almost unimaginable and then only in reference to the Shoah Only in the 1980s after a period of mourning silence and processing of the trauma did a new Jewish literature evolve in Germany and Austria This volume focuses on the re emergence of a lively Jewish cultural scene in the German speaking countries and the various cultural forms of expression that have developed around it Topics include current debates such as the emergence of a post Waldheim Jewish discourse in Austria and Jewish responses to German unification and the Gulf wars Other significant themes addressed are the memorialization of the Holocaust in Berlin and Vienna the uses of Kafka in contemporary German literature and the German and American Jewish dialogue as representative of both the history of exile and the globalization of postmodern civilization The volume is enhanced by contributions from some of the most significant representatives of

German Jewish writing today such as Esther Dischereit Barbara Honigmann Jeanette Lander and Doron Rabinovici The result is a lively dialogue between European and North American scholars and writers that captures the complexity and dynamism of Jewish culture in Germany and Austria at the turn of the twenty first century **Insiders and Outsiders** Dagmar C. G. Lorenz, Gabriele Weinberger, 1994 *Insiders and Outsiders* addresses various aspects of Jewish and Gentile interaction since the development of the German Jewish literary and cultural identity in the early nineteenth century Containing the work of prominent scholars critics and journalists involved with German Jewish studies from around the world this ambitious anthology of literary and cultural criticism suggests a reevaluation of important cultural and literary issues including the problem of cultural diversity with regard to German speaking countries and the question as to what constitutes German cultural identity in multicultural central Europe This volume highlights the centrality of the Jewish presence in the heart of German and Austrian culture as well as the important role German culture played in Jewish society While most previously published studies emphasize either the grandeur of German Jewish achievement or the tragedy of these two cultures in contact *Insiders and Outsiders* examines both the failures and the successes of this tense and troubling relationship It suggests that rather than being the product of a nurturing multicultural environment the achievements of German Jewish intellectuals and poets grew out of friction unrest and discomfort **Jüdische Kinderärzte 1933-1945** E.
