Training Spiral Sue Grice,2023-05-30 Engaging new ways to understand and implement time proven systems of horse training The Scales of Training Training Scale and Training Pyramid are familiar terms to riders Around the globe and across disciplines equestrians hear reference to them or study them as a part of their equestrian education Dressage rider and trainer Sue Grice grew up with these concepts too and like many found them to be not only fairly boring but also confusing

when it came to actually implementing them as part of daily training In the course of her work with other riders she came to realize that although many seemed to know about the Scales of Training in theory few actually applied them in practice Grice determined that this was because there was really no clear framework or methodology for implementing the system in a progressive manner So Grice conceived a new approach based on the standard but with a focus on a better rate of success Success could be achieved when the rider was engaged with the system and understood how to continually adhere to it even as advances or falters might occur For over 30 years she has continued to develop and apply her ideas and now she has finally brought them together to share with the world in this book Here readers find a detailed plan for applying what Grice calls the Training Spiral She does not try to rewrite what history has shown to work in the development of the riding horse but instead simply provides a fresh framework that enables riders and trainers to Apply the classical elements of the Training Scale in a more progressive and logical manner and Employ them systematically within daily training as well as over a longer period of time Grice provides clear explanations of how to use each of the six elements Rhythm Suppleness Contact Impulsion Straightness and Collection how the elements are to be used in order and what can go wrong if they are applied in the wrong order Clear examples are given at all levels of training and detailed case studies demonstrate how the Training Spiral can succeed where traditional systems have failed The spiral structure provides a means of applying the Scales of Training in practice that is not just logical but also extremely easy to follow The clarity of Grice s approach also helps horses understand what is being asked of them leading to a happier relationship between horses and riders and training that progresses more quickly and easily overall The Training Spiral is an invaluable and immensely practical guide for trainers and riders at all levels from novice to advanced

The Top Books of the Year Dressage Training Companion Your Mantra Direction Rhythm Bend Lightness The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
