Drive To Hegemony The United States In The Caribbean 1898 1917:

Drive to Hegemony David Healy, 1988 In the 1890s the Caribbean began to attract the interest of the great powers United States leaders had both economic and strategic goals in the region and they believed they could profit from Caribbean nations while leading them to democracy and prosperity American citizens saw the lack of progress in the Caribbean as the result of the inhabitants inferiority and they feared that European countries particularly Germany might fill the region's power vacuum The Spanish American War crystallized U S interests in the region soon there was an isthmian canal a protectorate in Cuba and a colony in Puerto Rico But Washington's policy makers soon faced growing problems in the Caribbean How to bring peace to these countries without being drawn into domestic squabbles How to impose U S policy without the use of force How to promote local democracy while retaining a controlling interest Eventually the goals of local economic development and self determination were sacrificed to the need for security and stability often brought about through U S supported dictatorships Healy integrates these elements into a broad picture of U S policy development in the Caribbean the differences between successive administrations from McKinley to Wilson the role of the armed forces inter agency differences and the role of private enterprise and private citizens He considers the underlying assumptions of both U S policy makers and their Caribbean counterparts forming a balanced and accurate assessment Inside jacket flaps **Drive to Hegemony** David Healy, 1988-01-01 **The War of 1898 and U.S. Interventions, 1898-1934** Benjamin R. Beede, 1994-05 A fascinating encyclopedic survey of the Spanish Cuban American War the Philippine War and the small wars between 1899 and the end of the occupation of Haiti in 1934 The name changes themselves are instructive The usage of Spanish American War ignores the fact that the war in Cuba had been la *American Foreign Relations Reconsidered* Gordon Martel, 2002-11 Brings together 12 scholars of US foreign relations Each contributor provides a concise summary of an important theme in US affairs since the Spanish American War US policy process economic interests relations with the Third World and the nuclear arms race have been highlighted **From Torpedoes to Aviation** Stephen K. Stein, 2007-05-21 The career of Washington Irving Chambers spans a formative period in the development of the United States Navy He entered the Naval Academy in the doldrum years of obsolete often rotting ships and left after he had helped like minded officers convince Congress and the public of the need to adopt a new naval strategy built around a fleet of technologically advanced battleships He also laid the groundwork for naval aviation and the important role it would play in the modern navy **The Diplomacy of Trade and Investment** David M. Pletcher, 1998 Based on a thorough examination of government documents congressional debates and reports private papers of government and business leaders and newspapers David M Pletcher begins this monumental study with a comprehensive survey of U S trade following the Civil War He goes on to outline the problems of building a coherent trade policy toward Canada Mexico Central America the Caribbean and South America The study concludes by analyzing a series of abortive trade reform efforts and examining the

effects of the Spanish American War Pletcher rejects the long held belief that American business and government engaged in a deliberate consistent drive for economic hegemony in the hemisphere during the late 1800s Instead he finds that the American government improvised and experimented with ways to further trade expansion **The Hidden History of International Law in the Americas** Juan Pablo Scarfi,2017 This book offers the first exploration of the deployment of international law for the legitimization of U S ascendancy as an informal empire in Latin America This book explores the intellectual history of a distinctive idea of American international law in the Americas focusing principally on the evolution of the American Institute of International Law AIIL One Hundred Years of Sea Power George W. Baer,1996-07-01 A navy is a state s main instrument of maritime force What it should do what doctrine it holds what ships it deploys and how it fights are determined by practical political and military choices in relation to national needs Choices are made according to the state s goals perceived threat maritime opportunity technological capabilities practical experience and not the least the way the sea service defines itself and its way of war This book is a history of the modern U S Navy It explains how the Navy in the century after 1890 was formed and reformed in the interaction of purpose experience and doctrine Military Review ,1997

The Ghost at the Feast Robert Kagan,2024-04-04 An NPR Book of the Year At the dawn of the twentieth century the United States was one of the world s richest most populous most technologically advanced nations It was also a nation divided along numerous fault lines with conflicting aspirations and concerns pulling it in different directions And it was a nation unsure about the role it wanted to play in the world if any Americans were the beneficiaries of a global order they had no responsibility for maintaining Many preferred to avoid being drawn into what seemed an ever more competitive conflictual and militarized international environment However many also were eager to see the United States taking a share of international responsibility working with others to preserve peace and advance civilization The story of American foreign policy in the first four decades of the twentieth century is about the effort to do both to adjust the nation to its new position without sacrificing the principles developed in the past as one contemporary put it This would prove a difficult task The collapse of British naval power combined with the rise of Germany and Japan suddenly placed the United States in a pivotal position American military power helped defeat Germany in the First World War and the peace that followed was significantly shaped by a U S president But Americans recoiled from their deep involvement in world affairs and for the next two decades they sat by as fascism and tyranny spread unchecked ultimately causing the liberal world order to fall apart America s resulting intervention in the Second World War marked the beginning of a new era for the United States and for the world Brilliant and insightful **The Ghost at the Feast** shows both the perils of American withdrawal from the world and the price of international responsibility **The Monroe Doctrine and United States National Security in the Early Twentieth Century** Alex Bryne,2020-05-19 This book demonstrates that during the early twentieth century the Monroe Doctrine served the role of a national security framework that justified new directions in United States foreign relations

when the nation emerged as one of the world's leading imperial powers. As the United States overseas empire expanded in the wake of the Spanish American War, the nation's decision makers engaged in a protracted debate over the meaning and application of the doctrine, aligning it to two antithetical core values: simultaneously regional hegemony in the Western Hemisphere on the one hand and Pan Americanism on the other. The doctrine's fractured meaning reflected the divisions that existed among domestic perceptions of the nation's new role on the world stage and directed the nation's approach to key historical events such as the acquisition of the Philippines, the Mexican Revolution, the construction of the Panama Canal, the First World War, and the debate over the League of Nations.

The Shaping of America: A Geographical Perspective on 500 Years of History D. W. Meinig, 1986-01-01. Volume one examines how an immense diversity of ethnic and religious groups ultimately created a set of distinct regional societies. Volume two emphasizes the flux, uncertainty, and unpredictability of the expansion into continental America, showing how a multitude of individuals confronted complex and problematic issues.

American Imperialism and the State, 1893-1921 Colin D. Moore, 2017-04-17. American Imperialism and the State recasts imperial governance as an episode of American state building.

The United States and Latin America Joseph Smith, 2005-02-25. Providing a concise, balanced, and incisive analysis of US diplomatic relations with Latin America from 1776 to the end of the twentieth century, this timely work explores central themes such as the structure of international relations and the pursuit of American national interest by the use of diplomacy, cultural imperialism, and economic and military power. Joseph Smith examines the rise of the USA as an independent power, its policy towards Latin American movements for independence, the evolution of the Monroe Doctrine, pan Americanism, dollar diplomacy, the challenge of communism. Highlighting Latin American responses to US policy over a significant time span, the study documents the development of a complex historical relationship in which the United States has claimed a pre-eminent role, arousing as much resentment as acquiescence from its southern neighbours. Including a timely discussion of the current issues of debt, trade, and narcotics control, this unique and valuable study will be of interest to all those with an interest in US and Latin American international relations.

Selected Papers from the 1992 (59th Annual) Meeting of the Society for Military History Hosted by the Command and Staff College of the Marine Corps University Society for Military History (U.S.). Meeting, 1994

The Oxford Companion to American Military History, *The Encyclopedia of War, 5 Volume Set* Gordon Martel, 2012-01-17. This ground-breaking 5-volume reference is a comprehensive print and electronic resource covering the history of warfare from ancient times to the present day across the entire globe. Arranged in A-Z format, the Encyclopedia provides an overview of the most important events, people, and terms associated with warfare, from the Punic Wars to the Mongol conquest of China and the War on Terror, from the Ottoman Sultan Suleiman the Magnificent to the Soviet Military Commander Georgi Konstantinovich Zhukov, and from the crossbow to chemical warfare. Individual entries range from 1,000 to 6,000 words, with the longer essay-style contributions giving a detailed analysis of key developments and ideas. Drawing on

an experienced and internationally diverse editorial board the Encyclopedia is the first to offer readers at all levels an extensive reference work based on the best and most recent scholarly research The online platform further provides interactive cross referencing links and powerful searching and browsing capabilities within the work and across Wiley Blackwell s comprehensive online reference collection Learn more at www.encyclopediaofwar.com Selected by Choice as a 2013 Outstanding Academic Title Recipient of a 2012 PROSE Award honorable mention

Power and Policy Lawrence Lenz, 2008 Through its military policy and foreign policy America attained superpower status in a remarkably short period of time Nations survive based on their ability to provide internal order and external defense Unfortunately foreign policy goals are not always attained and sometimes those goals are based on questionable concepts Power and Policy examines the relationship of the US military and naval power with its foreign policy objectives exploring the policies and the use of force that propelled the United States into the first ranks of world power The book asks when military action is needed and how such action can change the very context within which foreign policy unfolds The study focuses on twelve major decisive events in history during the late 19th and early 20th centuries including a hurricane in Samoa and its effect on the German and US navies the outcomes that followed the Spanish American War the role of Panama in the development of a trans continental powerhouse the US approach to southern neighbors including Nicaragua and Mexico maneuvering for a stronger global position at the conclusion of World War I and the establishment of naval parity with Great Britain The facts background and analysis enable readers to understand interventions that defined and then re defined United States foreign policy for the rest of the 20th century Publisher s description

Atlas of American Military History James C. Bradford, 2003 From the Battle of Bunker Hill to the Battle of Midway from Vietnam to the Persian Gulf from George Washington to Douglas MacArthur The Atlas of American Military History covers the full span of America at war exploring the personalities methods strategies and historical contexts of each conflict Following a loose chronological framework this book examines every significant military campaign and war in which the United States has been engaged both domestically and internationally from the Revolutionary War to the present Written by trusted military historians each section combines analysis with a strong narrative account and an assessment of major campaigns and battle taking up the American viewpoint as well as those of its allies and opponents Military method weaponry and communication technology receive detailed treatment in the text and in the maps The center point of the book is its stunning color maps including historical military cartography specially commissioned maps and graphic reconstructions These maps show troop ship and aircraft movements of major campaigns and battles the theaters of fighting the balance of forces and the wider strategic picture It also features hundreds of illustrations appendixes and a glossary and information on military commanders events treaties code names and civilian personalities Edited by noted historian James Bradford The Atlas of American Military History is a beautiful and informative volume for history buff and general reader alike

A Companion to American Foreign

Relations Robert Schulzinger, 2008-04-15 This is an authoritative volume of historiographical essays that survey the state of U S diplomatic history The essays cover the entire range of the history of American foreign relations from the colonial period to the present They discuss the major sources and analyze the most influential books and articles in the field Includes discussions of new methodological approaches in diplomatic history
