Drizzle Of Honey:

A Drizzle of Honey David M. Gitlitz, Linda Kay Davidson, 2000-09-25 When Iberian Jews were converted to Catholicism under duress during the Inquisition many struggled to retain their Jewish identity in private while projecting Christian conformity in the public sphere To root out these heretics the courts of the Inquisition published checklists of koshering practices and grilled the servants neighbors and even the children of those suspected of practicing their religion at home From these testimonies and other primary sources Gitlitz Davidson have drawn a fascinating award winning picture of this precarious sense of Jewish identity and have re created these recipes which combine Christian Islamic traditions in cooking lamb beef fish eggplant chickpeas and greens and use seasonings such as saffron mace ginger and cinnamon The recipes and the accompanying stories of the people who created them promise to delight the adventurous palate and give insights into the foundations of modern Sephardic cuisine
