## **Dtvatlas Deutsche Sprache:**

*Dtv-Atlas zur deutschen Sprache* Werner König,Hans-Joachim Paul,1978 Der bereits erstmals 1978 erschienene dtv Atlas BA 9 78 442 bem ht sich Informationen zur deutschen Sprache durch Graphiken und Karten verst ndlich zu machen Dabei besch ftigt sich der erste Teil mit der historischen Entwicklung des Deutschen der 2 Teil gibt eine bersicht ber den heutigen Dialektgebrauch Die graphische Darstellung ist oft sehr anschaulich z B bei der Sprachentwicklung bei regionalen Spracheinfl ssen und Mundarten Im allgemeinen Teil erscheint sie manchmal verk rzend und eher verwirrend Der Text ist sehr komprimiert daher eher zum Nachschlagen als zum Erarbeiten geeignet F r kulturgeschichtlich Interessierte aber auch f r Sch ler der Sekundarstufe II 2 A S      **DTV-Atlas deutsche Sprache** ,2007      **Dtv-Atlas Deutsche Sprache** Werner König,Hans-Joachim Paul,2004 Mit 155 farbigen Abbildungsseiten Grafiker Hans Joachim Paul Der dtv Atlas Deutsche Sprache Mit Literaturverzeichnis und Register      **Dtv-Atlas deutsche Sprache** Werner König,2015      *Historische Sprachwissenschaft des Deutschen* Damaris Nübling,Antje Dammel,Janet Duke,Renata Szczepaniak,2006      **dtv-Atlas deutsche Sprache** Werner König (philologue.),2015      **DTV - ATLAS ZUR DEUTSCHEN SPRACHE** Werner König,1978

**Language Variation □ European Perspectives** Frans L. Hinskens,2006-11-30 This volume presents 16 original studies of variation in languages representing the three main European language families as well as in varieties of Greek and Hungarian The studies concern variation in or across dialects or dialect groups in standard varieties or in emerging regional varieties of the standard Several studies investigate a specific linguistic element or structure while others focus on areas of tension between variation and prescriptive standard norms on regional standard varieties and regiolects on problems of linguistic classification from folk linguistic or dialect geographical perspectives and the classification of speakers Language acquisition plays a main role in three studies The studies in this volume represent a range of methods including ethnographic and interpretative approaches conversation analysis analyses of the internal and geographical distribution of dialect features the classification and quantitative analyses of socio demographic speaker background data quantitative analyses of both diachronic and synchronic language data phonetic measurements as well as quasi experimental perception studies The volume thus offers a microcosmic reflection of the macrocosmos of world wide research on variability in originally European languages at the beginning of the 21th century and the linguistic expression of cultural diversity      *Dtv-Atlas Zur Deutschen Sprache* Werner Koenig,1999      *Experimental Studies in Linguistics* Susann Fischer,Ruben Florentius Hendricus Eduardus van de Vijver,Ralf Vogel,2004 This is the first issue of a series in which affiliates of the Institute of Linguistics report the results of their experimental work Generative linguistics usually rely on the method of native speaker judgements in order to test their hypotheses If a hypothesis rules out a set of sentences linguistics can ask native speakers whether they feel these sentences are indeed ungrammatical in their language There are however circumstances where this method is unreliable In such cases a more elaborate method to test a hypothesis is called All pages in this series and hence all papers in this volume

deal with issues that cannot be reliably tested with native speaker judgements This volume contains 7 papers all using different methods and finding answers to very different questions This heterogeneity by the way reflects the various interests and research programs of the institute The paper by Trutkowski Zugck Blaszcak Fanselow Fischer and Vogel deals with superiority in 10 Indo European languages The paper by Schlesewsky Fanselow and Frisch and by Schlesewsky and Frisch deal with the role of case in processing German sentences The paper by Vogel and Frisch deals with resolving case conflicts as does the paper by Vogel and Zugck The nature of partitive case is the topic of the paper by Fischer The paper by Kbler deals with the realization of question intonation in two German dialects We hope that you enjoy reading the papers

**Linguistic Purism in the Germanic Languages** Nils Langer, Winifred Davies, 2011-12-22 Purism is an aspect of linguistic study which appeals not only to the scholar but also to the layperson Somehow ordinary speakers with many different mother tongues and with no formal training in linguistics share certain beliefs about what language is how it develops or should develop whether it has good or bad qualities etc The topic of linguistic purism in its many realisations is the subject of this volume of 19 articles selected from the contributions presented at a conference at the University of Bristol in 2003 In particular the articles deal with the relationship of purism to historical prescriptivism e g the influence of grammarians in the 17th and 18th centuries to nationhood e g the instrumentalising of purism in the standardisation of Afrikaans or Luxembourgish to modern society e g the existence of puristic tendencies in computer chatrooms to folk linguistics e g lay perceptions of different varieties of English and to academic linguistics e g the presence of puristic notions in the historiography of German or English    **Kleiner deutscher Familiennamenatlas** Damaris Nübling, Konrad Kunze, 2023-01-30 Nach dem Erscheinen des siebenbändigen Deutschen Familiennamenatlas fasst dieser Band zum einen die wichtigsten und interessantesten Ergebnisse allgemeinverständlich zusammen und illustriert sie mit zahlreichen farbigen Namenkarten Zum anderen liefert er zahlreiche neue Erkenntnisse aus der Forschung zu Familiennamen Das Grundlagenwerk skizziert die Entstehung und Entwicklung der Familiennamen in Deutschland einschließlich eingewandterer Namen z B Hugenottennamen an denen sich historische Migration ablesen lässt Gegenstand sind auch sprachhistorische grammatische und dialektale Aspekte Wo werden Familiennamen dem Vornamen vorangestellt der Hofreiter Anton wo feminisiert die Hofreiterin Ausführlich werden die fünf Motivgruppen vorgestellt und illustriert Familiennamen aus Berufsbezeichnungen Stoiber aus Vornamen Merkel zu Markward aus bernamen Strahle nach Wohnstätten Steger und nach Herkunft Hesse Ebenso wird der Band durch sieben Kapitel zu regionalen Namenprofilen also zu typisch nieder mittel und oberdeutschen Familiennamen Dieser Band bildet das modernste Grundlagenwerk zu unseren Familiennamen und adressiert sowohl Fachleute als auch die interessierte Öffentlichkeit    **Language and Space** Peter Auer, Jürgen Erich Schmidt, 2010 The dimensions of time and space fundamentally cause and shape the variability of all human language To reduce investigation of this insight to manageable proportions researchers have traditionally concentrated on the deepest dialects But it is

increasingly apparent that although most people still speak with a distinct regional coloring the new mobility of speakers in recently industrialized and postindustrial societies and the efflorescence of communication technologies cannot be ignored This has given rise to a reconsideration of the relationship between geographical place and cultural space and the fundamental link between language and a spatially bounded territory Language and Space An International Handbook of Linguistic Variation seeks to take full account of these developments in a comprehensive theoretically rich way The introductory volume examines the concept of space and linguistic approaches to it the structure and dynamics of language spaces and relevant research methods A second volume offers the first thorough exploration of the interplay between linguistic investigation and cartography and subsequent volumes uniformly document the state of research into the spatial dimension of particular language groupings Key features comprehensive coverage of the field in terms of theory and methods the unique volume stands alone since it neither is a handbook of dialectology or of areal linguistics nor a handbook on language variation alone gathers together a great number of distinguished scholars and experts in the field

[Indo-European Linguistics](#) Michael Meier-Brügger,2013-02-06 This Textbook on Indo European Linguistics is designed as an introduction to the field It presents current topics and questions in Indo European linguistics in a clear and informative manner This is the English translation of the eight edition of the work first published by Hans Krahe and it takes account of more recent research While Krahe only considered phonology and morphology the edition also includes a comprehensive account of syntax and lexis Manfred Mayrhofer assisted with the section of phonology Matthias Fritz wrote the section on syntax and provided support for the project as a whole

**Dialectology meets Typology** Bernd Kortmann,2008-08-22

In what ways can dialectologists and language typologists profit from each others work when looking across the fence This is the guiding question of this volume which involves follow up questions such as How can dialectologists profit from adopting the large body of insights in and hypotheses on language variation and language universals familiar from work in language typology notably functional typology Vice versa what can typologists learn from the study of non standard varieties What are possible contributions of dialectology to areal typologies and the study of grammaticalization What are important theoretical and methodological implications of this new type of collaboration in the study of language variation The 18 contributors among them many distinguished dialectologists sociolinguists and typologists address these and other novel questions on the basis of analyses of the morphology and syntax of a broad range of dialects Germanic Romance Balto Slavic Indo Aryan

**Dialect Change** Peter Auer,Frans Hinskens,Paul Kerswill,2005-09-22 Dialects are constantly changing and due to increased mobility in more recent years European dialects have levelled making it difficult to distinguish a native of Reading from a native of London or a native of Bonn from a native of Cologne This comprehensive study brings together a team of leading scholars to explore all aspects of recent dialect change in particular dialect convergence and divergence Drawing on examples from a wide range of European countries as well as areas where European languages have been transplanted they

examine a range of issues relating to dialect contact and isolation and show how sociolinguistic conditions differ hugely between and within European countries Each specially commissioned chapter is based on original research giving an overview of work on that particular area and presenting case studies to illustrate the issues discussed Dialect Change will be welcomed by all those interested in sociolinguistics dialectology the relevance of language variation to formal linguistic theories and European languages    Basiswissen Deutsche Gegenwartssprache Katja Kessel,Sandra Reimann,2017-09-11 berarbeitete und erweiterte Neuauflage des bew hrten Einf hrungsbuches Der Band behandelt die wichtigsten Teilbereiche und Methoden der deutschen Sprachwissenschaft In der Neuauflage wird erstmals die Pragmatik als weitere klassische sprachwissenschaftliche Disziplin in das Grundlagenbuch aufgenommen Jedes Kapitel enth lt bungen sowie Hinweise zu weiterf hrender Literatur Gewinnbringende Basislekt re f r alle Studierenden der germanistischen Sprachwissenschaft

An Encyclopedia of Language N.E. Collinge,2002-09-11 Examines how language works accounting for its nature its use its study and its history Two comprehensive indexes of Topics and Technical Terms and Names Carefully illustrated to explain key points in the text This rich repository of information on all aspects of language is a must for all libraries in higher education schools and larger public libraries Library Review Each article has an excellent bibliography In addition there are comprehensive indexes of topics and technical terms and names Highly recommended for all college and general public libraries Choice This important book is in many ways a state of the art survey of current conceptions of and approaches to language with generous references to more detailed sources Each chapter has a good bibliography Language International A comprehensive guide with very thorough bibliographies Collinge s Encyclopedia is recommended to academic libraries Reference Reviews The bibliographies are an invaluable aid the editor is to be congratulated for having done an excellent job there are virtually no areas of language and linguistics that do not get a look in somewhere and there is good signposting in the text itself Nigel Vincent Times Higher Education Supplement    **Basiswissen Deutsche Gegenwartssprache, 4.**

**durchges. Aufl.** Katja Kessel,Sandra Reimann,2015-11-11 Das Einf hrungsbuch wendet sich an Studierende der Germanistik die die deutsche Gegenwartssprache im wissenschaftlichen Sinne durchschauen und unter analytischen Gesichtspunkten kennen lernen wollen Gegenstand sind die wichtigsten Teilbereiche und Methoden der deutschen Sprachwissenschaft Besonders ausf hrlich werden die Kapitel Syntax und Wortbildung behandelt die zum Kanon der meisten sprachwissenschaftlichen Pr fungungen geh ren Jedes Kapitel enth lt bungen mit L sungen und weiterf hrende Literatur sodass die Studierenden auch die M glichkeit haben sich den Stoff selbstst ndig zu erarbeiten und ihre Kenntnisse zu berpr fen Der Transfer in die Analysepraxis steht stets im Vordergrund F r Leser die sich f r Linguistik und Literaturwissenschaft interessieren auch ohne wissenschaftliche Vorbildung mit Gewinn zu lesen ekz Informationsdienst Von solchen Publikationen brauchen wir heute noch viel mehr info daf    German Phonetics and Phonology Mary Grantham O'Brien,Sarah M.
