THE SKEPTIC PSYCHIC: An Autobiography Into The Acceptance Of The Unseen Suzy Graf, 2010-01-18 I started to write in the fall of 2004 during the night in order to return to sleep I was learning developing as a medium and an animal communicator and I learned that if I wrote my dreams or what my pretend friends were telling me through dreams then I would be left alone and could return to sleep No I was not crazy just a struggling would be psychic searching to understand the unknown and when I began this path my searching I found little literary assistance Yes the celebrity psychics all had their autobiographies in print but something was missing I needed to learn HOW they learned not WHAT they learned I needed to understand the beginning phases of mediumship not the perfected exercises of the adept With this mission in mind I journaled my experiences and edited them into The Skeptic Psychic an Autobiography into the Acceptance of the Unseen The Skeptic Psychic has two purposes first it entices the reader to expand their imagination beyond what we currently perceive as reality and it offers my experiences and my reactions my fear to these situations as a comfort and encouragement for the reader to challenge their own suspicions and limitations I am now a working psychic offering animal readings or mediumship as well as leading meditations teaching classes and offering energy healing and my students and clients often comment how at peace and naturally talented I am and I smile For I know that I had lived through a myriad of experiences that with time had taught me to acclimate and accept the unseen But I am far from naturally talented and I feel that The Skeptic Psychic could help aspiring psychics or anyone contemplating the unknown to better understand that they are not alone in what they are experiencing I composed The Skeptic Psychic from chronological journal entries that span from August of 2005 through March of 2006 The book opens just after I attended a weekend retreat that posed the possibility that adults could believe in fairies and aliens The more I questioned if fairies could exist the more I discovered that they did Later that year I confronted my apprehension when sensing that aliens were near as well And as 2005 changed into 2006 I learned to overcome my fears and to accept the unseen I realize that my story and the fact that aliens and fairies do exist sounds rather unbelievable but read my book follow the path the reasoning of how I learned to

overcome my fears and understand that the result was a peace a knowing that we are not alone in our reality that there are unseen beings guides are another term that are present to enlighten protect and serve I close this book description the way I close all my journal entries with the salutation Namaste defined through WIKPEDIA as I respect that divinity within you that is also within me Namaste Suzy Graf **A Soul's Guide to Abundance, Health and Happiness** Jody Howard,2006-05-01 A Soul s Guide to Abundance Health and Happiness is easy to read and hard to put down It is the first book to explain the spiritual mental emotional energetic and physical awareness necessary to create a life of superb health complete happiness and endless abundance Forty chapters with study guides motivational prayers poetry true life anecdotes and channeled information take readers on a fascinating journey of self exploration diagnosis healing and training Topics include finding your true self spiritual contracts cell memory meditation channeling positive thoughts intent affirmations dreams living in the moment loving self and others forgiveness gratitude working with energy chakras meridians how to give a healing using crystals essential oils herbs flower essences the acid alkaline diet exercise cell memory and past lives Abundance health and happiness is a reality for all people not a stroke of luck for just a few It is our God given right and you deserve it Animal Movies Guide ,2008-08-23 Beyond Companionship Amy Miller,2015-07-27 Discover meaning purpose in the presence of animal companions Beyond Companionship Connecting with Kindred Souls of Animal Companions explores the powerful connection conceived the moment you acknowledge the soul within your animal companions This sharing of truths Amy has uncovered through her work as an Intuitive Animal Communicator is an exploration to A deeper understanding of the connection you share with your animal companions Enriching the time you share with your animal friends Experiencing through meditation your unique soul connection with an animals kindred soul Connecting with an animal companion after he or she has crossed over since the bonds of love are eternal The narratives and connection points within these pages will open your mind touch your soul and forever change your relationship with the animals in your life **The Animal Communicator's Guide Through Life, Loss and Love** Pea Horsley,2014-06-02 He was just a pet people sometimes say and yet our animal companions are so much more to us than this and we may feel we have nowhere to turn when faced with their loss Millions of people have sought answers to questions like What happens to animals when they die What is life like for them on the other side and Will they ever come back to me Now for the first time internationally renowned animal communicator Pea Horsley shares ground breaking true stories which reveal animals thoughts and feelings on life death and life after death By hearing their views we come to understand that animals are spiritual beings and great teachers and that we are all connected This collection of inspirational tales is woven together with Pea s moving story of her own dog Morgan and his physical struggle his awareness of the right time to go and his insights and support from beyond the grave

Frontiers of Knowledge: Scientific and Spiritual Sources for a New Era Douglas Kinney,2014-06-06 Frontiers of Knowledge is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in

the universe We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing Insights from quantum physics suggest that the basis of our physical world is actually mental conscious thoughts Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness All strongly hint that spirituality is the underlying source of everything Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics cosmology biology psychology disease and healing death near death experiences reincarnation experiences and those occurring in spiritual hypnosis on the nature of the spiritual realm New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe Ninety five percent of the universe s energy and mass are a mystery to scientists and for the moment we resort to naming them dark matter and dark energy The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun not the earth Historians call it the Copernican Revolution because it led to modern Western science From one perspective the new era predicted in this book a revolution in its own right can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit our soul aspect and non physical realities Until now this emerging knowledge has not been organized into a coherent and comprehensive structure Frontiers of Knowledge provides the first outline of this new structure of reality
