Animals As The Allies Of Man:

The Human Side of Animals Royal Dixon, 2022-07-15 Excerpt In this book I have attempted to bring together many old and new observations which tend to show the human like qualities of animals The treatment is neither formal nor scholastic in fact I do not always remain within the logical confines of the title My sole purpose is to make the reader self active observative free from hide bound prejudice and reborn as a participant in the wonderful experiences of life which fill the universe I hope to lead him into a new wonderland of truth beauty and love a land where his heart as well as his eyes will be opened

Man Is by Nature a Political Animal Peter K. Hatemi, Rose McDermott, 2024-05-31 In *Man Is by Nature a Political Animal* Peter K Hatemi and Rose McDermott bring together a diverse group of contributors to examine the ways in which evolutionary theory and biological research are increasingly informing analyses of political behavior Focusing on the theoretical methodological and empirical frameworks of a variety of biological approaches to political attitudes and preferences the authors consider a wide range of topics including the comparative basis of political behavior the utility of formal modeling informed by evolutionary theory the genetic bases of attitudes and behaviors psychophysiological methods and research and the wealth of insight generated by recent research on the human brain Through this approach the book reveals the biological bases of many previously unexplained variances within the extant models of political behavior The diversity of methods discussed and variety of issues examined here will make this book of great interest to students and scholars seeking a comprehensive overview of this emerging approach to the study of politics and behavior
