

The background of the book cover is a detailed illustration of a garden scene. A large, vibrant red poppy flower with dark, textured centers is the central focus in the lower-left quadrant. To its right and slightly behind it, another red flower is partially visible. The ground is covered with green grass and scattered yellow and brown autumn leaves. In the upper-left corner, a branch with more yellow leaves extends into the frame. The entire scene is rendered in a painterly style with visible brushstrokes.

Anna Pavord's Gardening Companion:

Anna Pavord's Gardening Companion Anna Pavord, 1992 **The Curious Gardener** Anna Pavord, 2011-09-05 A wonderful book about the gardening year with practical advice by the top garden writer and best selling author of The Tulip The Garden , 2006 **The Tulip** Anna Pavord, 2019-11-14 A revised and updated edition of the internationally bestselling classic Anna Pavord's now classic internationally bestselling sensation The Tulip is not a gardening book. It is the story of a flower that has driven men mad. Greed, desire, anguish and devotion have all played their part in the development of the tulip from a wild flower of the Asian steppes to the worldwide phenomenon it is today. No other flower carries so much baggage: it charts political upheavals, illuminates social behaviour, mirrors economic booms and busts, plots the ebb and flow of religious persecution. Why did the tulip dominate so many lives through so many centuries in so many countries? Anna Pavord, a self-confessed tulipomaniac, spent six years looking for answers, roaming through eastern Turkey and Central Asia to tell how a humble wild flower made its way along the Silk Road and eventually took the whole of Western Europe by storm. Sumptuously illustrated from a wide range of sources, this irresistible volume has become a bible, a unique source book, a universal gift and a joy to all who possess it. This beautifully redesigned edition features a new Preface by the author, a revised listing of the best varieties of this incomparable flower to choose for your garden, and a reorganised listing of tulip species to reflect the latest thinking by taxonomists.

A Little History of British Gardening Jenny Uglow, 2012-10-31 Get out in your garden and discover the history hidden in the hedges. Did the Romans have rakes? Did the monks get muddy? Did potatoes seem really, really weird when they arrived on our shores? Drawn from Jenny Uglow's own love for plants, this lively potted history of gardening in Britain takes us on a garden tour from the thorn hedges around prehistoric settlements to the rage for ornamental grasses and outdoor rooms today. Tracking down the ordinary folk who worked the earth from weeding women to florists, as well as aristocrats and grand designers and famous plant hunters, A Little History of British Gardening is brought to life by gorgeously vivid illustrations and Uglow's insightful wisdom. Not only dealing with flowery meads, grottoes and vistas, landscapes and ha-has, parks and allotments, Uglow explains, for example, how the Tudors made their curious knots, how housewives used herbs to stop freckles, how the suburbs dug for victory in World War II. With a brief guide to particular historic or evocative gardens open to the public, this is a book to put in your pocket when planning a crisp winter's day out, but also to read in your armchair with a well-earned glass of red after a hard day's graft in your own garden. Enchanting, stirring, evocative and fascinating. Daily Mail. This book will be a joy for any gardener. Independent The Publishers Weekly , 1993

Life in the Garden Penelope Lively, 2017-11-02 Wonderful. A manifesto of horticultural delight. Literary Review. Beautiful. Perfect for literary garden lovers. Good Housekeeping. Rich and unusual, a book to treasure. Few recent gardening books come anywhere close to its style, intelligence and depth. Observer. The two central activities in my life, alongside writing, have been reading and gardening. Penelope Lively has always been a keen gardener. This book is partly a
