Annie Harpers Journal A Southern Mothers Legacy:

Mistresses and Slaves Marli Frances Weiner,1997 Marli Weiner challenges much of the received wisdom on the domestic realm of the nineteenth century southern plantation a world in which white mistresses and female slaves labored together to provide food clothing and medicines to the larger plantation community Although divided by race black and white women were joined by common female experiences and expectations of behavior Because work and gender affected them as much as race mistresses and female slaves interacted with one another very differently from the ways they interacted with men Supported by the women s own words Weiner offers fresh interpretations of the ideology of domesticity that influenced women s race relations before the Civil War the gradual manner in which they changed during the war and the harsher behaviors that resulted during Reconstruction A volume in the series Women in American History edited by Anne Firor Scott Nancy A Hewitt and Stephanie Shaw

Trials and Triumphs Marilyn Mayer Culpepper, 2012-01-01 In *Trials and Triumphs* Marilyn Mayer Culpepper provides incomparable insights into women's lives during America's Civil War era. Her respect for these nineteenth century women and their experiences as well as her engaging and intimate style enable Culpepper to transport readers into a tumultuous time of death, destruction and privation into a world turned upside down, an environment that seemed as strange to contemporaries as it does in our own time. Culpepper has uncovered forgotten images of America's bloodiest conflict contained in the diaries and correspondence of more than 500 women. *Trials and Triumphs* reveals the anxiety, hardship, turmoil and tragedy that women endured during the war years. It reveals the fierce loyalty and enmity that nearly severed the Union, the horror of enemy occupation and even the desperate austerity of an itinerant refugee life. Just as the Civil War influenced culture and government, it shaped the attitudes of a new breed of pioneering woman. As the war progressed, either by choice or by default, men turned over more and more responsibility to women on the home front. As a result, women began to break free from the cult of domesticity to expand career opportunities. By war's end, women on both sides of the conflict proved to themselves and to a nearly shattered nation that the appellation "weaker sex" was a misnomer. Originally published in 1992, this revised paperback edition includes a new index.

Reconstructing Democracy Justin Behrend, 2015 Within a few short years after emancipation, freedpeople of the Natchez District created a new democracy in the Reconstruction era, replacing the oligarchic rule of slaveholders and Confederates with a grassroots democracy that transformed the South after the Civil War.

Mississippi Bishop William Henry Elder and the Civil War Ryan Starrett, 2019-10-21 Conquest, War, Famine, Death. During the Civil War, all four horsemen circled the flock of William Henry Elder, the third bishop of Natchez. Elder was a hopeful unionist turned secessionist whose diocese encompassed the entirety of Mississippi. Consequently, he witnessed many of the pivotal moments of the Civil War: the capitulation of Natchez, the Siege of Vicksburg, the destruction of Jackson, and the overall desolation of a state. And in the midst of the conflict, Bishop Elder went about his daily duties of baptizing, teaching, praying, preaching, performing marriages, confirming, comforting, and burying the dead. Join author Ryan Starrett on this moving account of Elder and the heroics of this wartime bishop.

Your Heritage Will Still Remain Michael J. Goleman, 2017-04-27 Your Heritage Will Still Remain details how Mississippians black and white constructed their social identity in the aftermath of the crises that transformed the state beginning with the sectional conflict and ending in the late nineteenth century Michael J Goleman focuses primarily on how Mississippians thought of their place as Americans as Confederates or as both In the midst of secession white Mississippians held firm to an American identity and easily transformed it into a Confederate identity venerating their version of American heritage After the war black Mississippians tried to etch their place within the Union and as part of transformed American society Yet they continually faced white supremacist hatred and backlash During Reconstruction radical transformations within the state forced all Mississippians to embrace deny or rethink their standing within the Union Tracing the evolution of Mississippians social identity from 1850 through the end of the century uncovers why white Mississippians felt the need to create the Lost Cause legend With personal letters diaries and journals newspaper editorials traveler's accounts memoirs reminiscences and personal histories as its sources Your Heritage Will Still Remain offers insights into the white creation of Mississippi's Lost Cause and into the battle for black social identity It goes on to show how these cultural hallmarks continue to impact the state even now

Stepping Lively in Place Joyce Linda Broussard, 2016-07-15 Enlivened with profiles and vignettes of some of the remarkable people whose histories inform this study Stepping Lively in Place shows how free single women navigated life in a busy slave based river port town before and during the Civil War and how these women transitioned during Reconstruction emancipation and thereafter It examines how free single women in one city including prostitutes entrepreneurs and elite plantation ladies coped with life unencumbered or unprotected by husbands The book pays close attention to the laws affecting southern gender and sociocultural traditions focusing especially on how the town's free single women maneuvered adroitly but guardedly within the legal arena in which they lived Joyce Linda Broussard looks at all types of free single women black and white law abiding and criminal including spinsters widows divorcees and abandoned women She demonstrates the nuanced degrees to which these women understood that the legal cultural and social traditions of their place and time could alternately constrain or empower them often achieving thereby a considerable amount of independence as women Before the Civil War says Broussard the town's patriarchal community tolerated often reluctantly even the most independent minded and often disorderly free single women as long as their behavior left unchallenged the institutions of white male mastery slavery and marriage She explores the impact of the Civil War and

Reconstruction on the town's single women especially when thousands of formerly enslaved women and new widows swelled their ranks. With slavery dead and male authority undermined Broussard demonstrates how the not married women of postbellum Natchez confronted a world turned inside out with a determinedly resolute dexterity

A Cultural History of Hair in the Age of Empire Sarah Heaton, 2022-08-25 A thick tangled and deliciously idiosyncratic history of hair Times Literary Supplement 19th and early 20th century hair appears to be everywhere when you start to look from the abundant locks of the pre Raphaelites to the myriad objects on show at the Great Exhibitions. The latter hosted at venues such as the Crystal Palace hinted at the level of global trade in hair economies from hair harvest hairpieces and hairwork to commodities for styling and adornment. It was a period when hair became fetishized in all sorts of ways from fashioning hair to moralising constrictions from suggestions of sexuality in abundant free flowing locks to intricate hair incorporating jewellery which offered spiritual connections to the dead. In a period of increasing globalization and associated anxieties hair came to express identity not just for the individual but for different cultures. Perhaps inevitably hair itself became a contested site of signification whether as the strands of the diaspora the cut locks of the underclass or the coiffures of the court. **A Cultural History of Hair in the Age of Empire** presents an overview of the tangled tresses of hair in this period with essays covering Religion and Ritualized Belief Self and Society Fashion and Adornment Production and Practice Health and Hygiene Gender and Sexuality Race and Ethnicity Class and Social Status and Cultural Representations
