significant dimensions of diasporas on the one hand the material corporeal and spatial locations where those displacements associated with travel and exile occur and on the other the fluid environments and networks that connect distant places cultures and times This collection explores the ways in which women of African descent shape the cultures and histories in the modern colonial and postcolonial Atlantic worlds [I Documenti diplomatici italiani](#) ,1993 **Arts for Change** Beverly Naidus,2009-04-01 Arts for Change presents strategies and theory for teaching socially engaged art with an historical and contemporary overview of the field The book features interviews with over thirty maverick artists faculty from colleges and universities in the United States Canada and Great Britain whose pedagogy is drawn from and informs activist arts practice The issues these teaching artists address are provocative and diverse Some came to this work through personal healing from injustice and trauma or by witnessing oppressions that became intolerable Many have taught for decades deeply influenced by social movements of the 1960s and 1970s yet because the work is controversial tenured positions are rare **A Time of One's Own** Catherine Grant,2022-08-29 In A Time of One's Own Catherine Grant examines how contemporary feminist artists are turning to broad histories of feminism ranging from political organizing and artworks from the 1970s to queer art and activism in the 1990s Exploring artworks from 2002 to 2017 by artists including Sharon Hayes Mary Kelly Allyson Mitchell Deirdre Logue Lubaina Himid Pauline Boudry and Renate Lorenz Grant maps a revival of feminism that takes up the creative and political implications of forging feminist communities across time and space Grant characterizes these artists engagement with feminism as a fannish autodidactic and collective form of learning from history This fandom of feminism allows artists to build relationships with previous feminist ideas artworks and communities that reject a generational model and embrace aspects of feminism that might be seen as embarrassing queer or anachronistic Accounting for the growing interest in feminist art politics and ideas across generations Grant demonstrates that for many contemporary feminist artists the present moment can only be understood through an embodied engagement with history in which feminist pasts are reinhabited and reimagined
