Annual Review Of Sex Research 1991

Raymond Rosen, Sandra Risa Leiblum

Annual Review Of Sex Research 1991:

Case Studies in Sex Therapy Raymond Rosen, Sandra Risa Leiblum, 1995-05-19 With simple cases of premature ejaculation or anorgasmia becoming increasingly rare clinicians are now utilizing a sophisticated array of multidisciplinary approaches to treat a complex variety of challenging problems and patient populations Bringing together under one cover case studies and clinical discussions by the very authorities whose work is changing the field Case Studies in Sex Therapy provides a state of the art guide to current clinical practice Chapters in the first section focus on cases of sexual desire disorders and explore such issues as desire disparity between partners clinical interventions in marital and sex therapy biological aspects of inhibited sexual desire treatment considerations with a homosexual couple the application of integrative therapy for treating secondary low sex desire and the many factors that may contribute to sexual avoidance The next section demonstrates both the opportunities and the complex challenges posed to the clinician by the array of new medical surgical and pharmacological therapies Addressing the growing interest in sexual addiction and compulsion the third section covers controversial issues such as the treatment of a sexually addictive client and the treatment implications when a client has been sexually exploited by another therapist

Sex for Life Laura Carpenter, John DeLamater, 2012-02-01 Sexual beliefs behaviors and identities are interwoven throughout our lives from childhood to old age An edited collection of original empirical contributions united through its use of a distinctive cutting edge theoretical framework Sex for Life critically examines sexuality across the entire lifespan Rooted in diverse disciplines and employing a wide range of research methods the chapters explore the sexual and social transitions that typically map to broad life stages as well as key age graded physiological transitions such as puberty and menopause while drawing on the latest developments in gender sexuality and life course studies Sex for Life explores a wide variety of topics including puberty sexual initiation coming out sexual assault marriage life partnering disability onset immigration divorce menopause and widowhood always attending to the social locations including gender race ethnicity and social class that shape and are shaped by sexuality The empirical work collected in Sex for Life ultimately speaks to important public policy issues such as sex education aging societies and the increasing politicization of scientific research Accessibly written the contributions capture the interplay between individual lives and the ever changing social historical context facilitating new insight not only into people s sexual lives but also into ways of studying them ultimately providing a fresh new perspective on sexuality

Sex Research and Sex Therapy Ross Morrow, 2013-06-17 Exploring the theoretical conceptual and historical issues surrounding the topic of sex research and sex therapy this book examines the influential scientific sex research completed by Masters and Johnson and its implications for sex therapy and the study of human sexuality

The Sexual Self Michael S. Kimmel, 2007 Abstract

Handbook of Sexual Dysfunction Richard Balon, R. Taylor Segraves, 2005-04-14 Offering an authoritative collection of chapters from clinicians and researchers in the United States Canada and Europe this reference comprehensively covers the latest

understanding in the etiology pathophysiology diagnosis and treatment of sexual dysfunction Handbook of Women's Sexual and Reproductive Health Gina M. Wingood, Ralph J. DiClemente, 2013-11-11 This volume is designed to motivate and engage scientists policymakers and practitioners to greater scientific discourse reduce the stigma on and validate the importance of women s sexual and reproductive health It brings together historians anthropologists psychologists sociologists epidemiologists public health researchers genetic counselors attorneys social workers nurses and physicians and presents comprehensive coverage that will benefit women s health advocates students and practitioners **Social Psychology and Human Sexuality** Roy F. Baumeister, 2001 Presents a selected group of influential articles dealing specifically with the social aspects of sexuality topics covered include differences between male and female sexuality virginity harassment rape and coercion and jealousy **AIDS, Identity, and Community** Gregory M. Herek, Beverly Greene, 1995-05-09 The gay community has been hit hard by the AIDS epidemic in the United States and in much of Europe as a result the gay and lesbian community has been forced to examine existing notions of what it means to be gay and to belong to a community based on sexual orientation This book explores gay and lesbian sexual behaviour personal identity and community membership from diverse perspectives Chapters report the authors own AIDS related research and include discussions of AIDS in both large urban centres such as New York and San Francisco and in less populated settings outside the AIDS epicentres Contributors also examine issues related to public policy volunteerism and long term survival *The Psychology of Sexual Health* Dr. David Miller, Dr. John Green, 2008-04-15 There have been rapid developments in the psychological management of sexually transmitted diseases particularly HIV and AIDS However a significant proportion of those attending genitourinary clinics do not have a disease or infection but rather are seeking help with sexual health issues relating to behaviour prior sexual experiences and relationships Hence as clinics become more and more generalist there is a need to focus on behavioural aspects of disease This is the first text to draw together the knowledge base and expertise of clinicians and researchers from all disciplines in the psychological management of sexual health It presents advances in theory and practice in a practical way that will be accessible for all disciplines *Comprehensive Handbook of Psychopathology* Henry E. Adams, Patricia B. Sutker, 2007-05-08 The purpose of this handbook originally published in 1984 was to provide a comprehensive review of current clinical descriptions research and theories of psychopathology Descriptive psychopathology is a field that forms the foundation of clinical practice and research in clinical psychology psychiatry psychiatric social work psychiatric nursing and allied professions in mental health Since the 1st edition the editors have devised and updated a handbook to cover both general and specific topics in psychopathology that would be useful to researchers practitioners and graduate or other advanced students in the mental health and behavioral medicine professions To implement this plan we have very carefully chosen colleagues whom we respect for their expertise in particular fields These authors include both clinicians and researchers who have outstanding national reputations as well as more junior behavioral

scientists and clinicians who in our opinion will achieve similar recognition in the future The excellent chapters in this book lead us to believe that we have chosen wisely We would like to express our appreciation to these authors for their outstanding contributions and cooperation

Identifying and Treating Sex Offenders Robert Geffner,2004 Identifying and Treating Sex Offenders Current Approaches Research and Techniques brings you up to date on the latest significant issues and state of the art tools involved in the evaluation and treatment of adult sex offenders Experts in the field discuss controversial topics including diagnoses classification public notification and risk assessment to help psychologists therapists and social workers better understand and work with this specialized population This book also contains accurate information about sex offender statistics and research for policymakers to use in creating policies and legal statutes that successfully deter recidivism in known sex offenders

In Changing Times Martin P. Levine,Peter M. Nardi,John H. Gagnon,1997-08-18 The HIV AIDS epidemic has been a major catastrophe for gay communities In less than two decades the disease has profoundly changed the lives of gay men and lesbians Not just a biological and viral agent HIV has become an opportunistic social invader reshaping communities and the distribution of wealth altering the social careers of gay professionals and the patterns of entry into gay and lesbian life and giving birth to groups like ACT UP and Queer Nation The distinguished contributors to this volume discuss the ways HIV AIDS has changed collective and individual identities as well as lives of gay men and lesbians and how these alterations have changed our perceptions of the epidemic They cover such topics as the impact of the epidemic on small towns cultural barriers to AIDS prevention gay youth and intergenerational relations and the roles of lesbians in AIDS organizations This collection provides compelling insights into the new communities among gay men and lesbians and the new kinds of identities and relationships that are emerging from the social and cultural ferment engendered by HIV AIDS Contributors include Barry D Adam Lourdes Arguelles Rafael Miguel Diaz John H Gagnon Gilbert Herdt Gregory M Herek Nan D Hunter Peter M Nardi John L Peterson Anne Rivero Gayle S Rubin Beth E Schneider and Nancy E Stoller

National Library of Medicine Current Catalog National Library of Medicine (U.S.),1992

Handbook of Forensic Psychology William O'Donohue,Eric R. Levensky,2004-01-19 Forensic psychology has mushroomed into a diverse and increasingly complex field that is equal parts law and psychology Psychologists act as expert witnesses in legal cases sometimes without knowing much about the laws involved and legal professionals rely on the assessment of psychologists sometimes without knowing much about how such assessments are made The purpose of this handbook is to provide professionals with current practical and empirically based information to guide their work in forensic settings or to better their understanding of the issues and debates in forensic psychology Divided into four sections the Handbook of Forensic Psychology covers basic issues assessment mental disorders and forensic psychology and special topics The basic issue chapters present a primer on law for the psychologist a primer on psychology for attorneys an overview of ethical issues relevant to forensic psychology and a chapter on forensic report writing The assessment section

discusses factors and measures relevant for assessing a variety of behaviors propensities and capabilities including dangerousness violence suicide competency substance abuse PTSD and neuropsychological evaluations as well as discussing interviewing children and child custody evaluations Additional chapters discuss eyewitness testimony recovered memory polygraphs sexual harassment juror selection and issues of ethnicity in forensic psychology **Sexual Life** Stephen B. Levine,2013-11-21 The author has written an unusually fresh work applying a biopsychosocial approach to the diagnosis and treatment of a wide range and degree of disorders The book will provide mental health professionals and graduate students with a trustworthy sophisticated introduction to sexual health and its problems **The Continuum Complete International Encyclopedia of Sexuality** Robert T. Francoeur,Raymond J. Noonan,2004-01-01 A completely updated one volume edition of the 4 volume International Encyclopedia of Sexuality Includes nearly 60 countries and places 12 not previously covered by more than 200 authorities It is the only reference work of its kind in any language *A Guide to Treatments that Work* Peter E. Nathan,Jack M. Gorman,2007-03-15 Much about this third edition of *A Guide to Treatments That Work* remains as it was in the first and second editions Like its predecessors this edition offers detailed evaluative reviews of current research on empirically supported treatments written in most instances by clinical psychologists and psychiatrists who are major contributors to that literature Similarly the standards by which the authors were asked to evaluate the methodological rigor of the research on treatments have also remained the same As before they provide information on the quality of the research on treatment efficacy and effectiveness that is reviewed **Sex Differences** Linda Mealey,2000-04-13 *Sex Differences* serves as an advanced text for courses in evolutionary and human biology psychology and sexuality and gender studies It also serves as a reference source for academic professionals in these disciplines The book covers the evolution of sex and sex differences and sex differences and sexual strategies in non human and human animals The final chapter addresses issues of sex and gender in interpersonal relationships organizations and politics Diagrams graphs charts and tables illustrate key concepts cartoons and photos provide visual breaks and an element of humor Examines sexual differences from a multi level comparative approach Contains a thorough coverage of literature through 1998 and into 1999 Illustrates pages with a generous use of cartoons photos figures and diagrams Invites bonus learning with special interest boxes interspersed throughout text Presents a critical analysis Includes a combination of feminist and evolutionary thinking **Human Sexuality and its Problems** John Bancroft,2008-12-29 Prepared by one of the world s leading authorities *Human Sexuality and its Problems* remains the foremost comprehensive reference in the field Now available in a larger format this classic volume continues to address the neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Fully updated throughout the new edition places a greater emphasis on theory and its role in sex research and draws on the latest global research to review the clinical management of problematic sexuality providing clear practical guidelines for clinical intervention Clearly written this highly accessible volume now includes a new chapter on the role of

theory and separate chapters on sexual differentiation and gender identity development transgender and gender non conformity and HIV AIDS and other sexually transmitted diseases Human Sexuality and its Problems fills a gap in the literature for academics interested in human sexuality from an interdisciplinary perspective as well as health professionals involved in the management of sexual problems Long awaited new edition of the definitive reference text on human sexuality Addresses the neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Examines the normal sexual experience and covers the various ways in which sex can be problematic including dysfunctional out of control high risk and illegal sexual behaviour Reviews the clinical management of problematic sexuality and provides clear practical guidelines for clinical intervention Presents a broad cross disciplinary perspective of the subject area making the book suitable for all professionals involved in the field Presents a more theoretical approach to the study of human sexuality reflecting recent changes in research Includes a section on brain imaging to demonstrate the latest research findings in sexual arousal and to compare and contrast individuals with normal and low levels of sexual desire Discusses the use of sex as a mood regulator and the importance of current research in this area Discusses the impact on the internet on the modern sexual world Explores the relevance of transgender and gender non conformity Contains a chapter on HIV and AIDS and other sexually transmitted infections Chapter on therapy fully updated to reflect the movement towards integration of psychological and pharmacological approaches to management Explores the complex relationships between anger sexual arousal and sexual violence

Sexual Aggression Donald Hall, 2013-02-01 Rape is an increasingly serious social problem the causes of which are poorly understood and preventative measures are to date ineffective This book provides the reader with theory and research on rapists including adolescents college students and criminals Chapters discuss biological psychological and social causes of rape and investigate recently developed clinical methods which provide hope for decreasing and preventing rape Whilst the empowerment of victims and potential victims of sexual aggression is critically important there is no other type of aggressive sexual act in which the victim is so routinely blamed This volume serves to shift the emphasis away from victim responsibility and so assist in the understanding treatment and prevention of sexually active behaviour It provides a broad insight into family cultural and evolutionary influences affecting rapists and details comprehensive Approaches To Treatment Which Take In Motivational Variables And Allow for follow up

Unveiling the Energy of Verbal Art: An Psychological Sojourn through **Annual Review Of Sex Research 1991**

In a global inundated with monitors and the cacophony of fast connection, the profound power and mental resonance of verbal art often fade into obscurity, eclipsed by the regular assault of noise and distractions.
