

A stylized map of Asia is rendered in black silhouette against a bright orange background. A thick orange cross is superimposed over the map, with its vertical bar passing through the Indian subcontinent and the horizontal bar passing through the Korean peninsula and Japan. The map includes the outlines of the Asian continent, including the Malay Peninsula, the Philippines, and the Japanese archipelago.

Asian Voices in Christian Theology Gerald H. Anderson, 1975

Asian Christian Theology Timoteo D. Gener, Stephen T. Pardue, 2019-07-31 Asian Christian Theology provides a survey of contextually reflective robustly evangelical theology for students to engage with the core doctrines of Christianity and their outworking in different cultures across Asia The contributors of the chapters come from all corners of Asia to systematically examine traditional doctrinal themes and contemporary concerns for the Asian church Ideal for use as a companion textbook in Asian seminaries and institutions this book will also provide excellent further reading for those outside of Asia seeking global theological perspectives and for those in contexts of significant Asian diaspora Many excellent books surveying theology exist but this book is a major step forward for students and scholars seeking to understand the dynamic environment of evangelical theology in Asia

Postcolonial Resistance and Asian Theology Simon Shui-Man Kwan, 2013-11-07 Presenting a fundamental re thinking of Asian theology this book focuses on theological indigenization in Asia in light of the postcolonial theory of resistance advanced by Homi K Bhabha among others Two types of anti colonialist resistance within Asian theologies are identified and interrogated The first is nationalistic in kind operating from a theological language that is binaristic and oppositional The second is illustrated by that which was mounted by the three Chinese Christian thinkers whose indigenous theologies are analysed in this book as case studies This second kind postcolonial in its character is characterized by collaboration rather than antagonistic binarism In spite of much dissimilarity between these two kinds of resistance the book argues that they are similarly anti colonialist and both can be equally valid in resisting colonial forces Given that the binarism and antagonism imbedded in the Asian theological movement are historically contingent and that the sole reliance on this resistance has made the movement self ensnaring the book suggests that the Asian theological movement widen its choice of colonial resistant strategies Drawing attention to the otherwise subtle politics of the Asian theological indigenization discourse this book addresses the relationship between postcolonialism and Asia contextual theology and is of interest to students and scholars of Asian Religion and Philosophy

A New Handbook of Christian Theologians Donald W. Musser, 1996-09-01 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and

their distinct expectations for the destiny of history and faith

Asia Samson L. Uytanlet,Bennet Lawrence,2024-08-31 There is a growing recognition that God s design is for us to read Scripture alongside the whole church in all of its cultural and linguistic diversity Exploring the New Testament in Asia is a textbook for students and scholars of the New Testament to help the church hear and see the good news of Jesus anew This collection of essays offers theological reflections on New Testament themes from Asian perspectives while addressing contextual issues in light of the New Testament Touching on topics such as salvation holiness poverty ethnic tensions reconciliation honoring elders persecution and hospitality the scholars in this book demonstrate the importance of a varied contemporary context for understanding the New Testament The result is a theological contribution that is both contextually relevant and biblically faithful **Evangelical Dictionary of Theology** Walter A. Elwell,2001-05 This thoroughly updated

edition of a standard reference tool covers systematic historical and philosophical theology as well as theological ethics Theologia Crucis in Asia A.A. Yewangoe,2024-08-19 *Dictionary of Mission* Karl Muller,Theo Sundermeier,Stephen B. Bevans,Richard H. Bliese,2006-01-30 Conceived and developed by two of Europe s most eminent missiologists in the country where the scientific and sustained study of mission first took shape the Dictionary of Mission represents the finest of the chorus of voices that comprise contemporary missiology The choice of topics and the authors to address them reflects what Christian mission has become a genuinely worldwide and ecumenical phenomenon That there would be entries on regional theological developments is indicative of how the world church is developing A host of other topics here explored show too how the landscape of mission is changing Taken as a whole then the Dictionary of Mission is a road map through this exciting

and challenging terrain from the Foreword **Contextual Theology** Paul Duane Matheny, 2012-07-26 For centuries the global understanding of Church has been shaped by Western theological imperatives Yet today the decline of institutional religion in the West and the extraordinary growth of the Church of the global South mean that a radical movement beyond such theologies is required Paul Matheny argues that the Church would benefit by becoming more contextualized and less Western Contextual Theology is an attempt to address that issue and to examine how a reassessment of the relationship of the Gospel to cultural context can advance this critical and necessary development Through an accessible and critical approach Matheny considers the historical background to contextual theology In the same way he aims to show how to use contextual methods to think theologically and act missiologically in different cultural contexts *Religion and Societies* Carlo Caldarola, 2011-06-01 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series *Christianity the Japanese Way* Caldarola, 2023-07-31 *What is Religion?* Nigel Ajay Kumar, 2014-01-15 What Is Religion is one of those questions rarely asked by Christian theologians who engage in interreligious discourse Nigel Ajay Kumar makes the case however that to answer this question is critical for Christian scholars who want to negotiate multiple religious identities as well as for those who want a clearer understanding of their own faith as religion Kumar takes a historical and theological approach to answering this question The history of the concept of religion is traced from biblical times to the Indian independence era Then a theological answer is offered not only by looking at the classical Indian theologian Pandipeddi Chenchiah but also by listening to other contemporary secular and theological voices This is the South Asian Edition of the original Wipf Stock edition 2013 with the same name **Releasing the Church from Its Cultural Captivity** S K Tham, 2015-11-09 In this book I would like you to come on a journey with me It is a journey that I have been on and I want to retrace the route that I have taken Some parts of the journey may be familiar to you but other parts may be new and sometimes scary My journey is by no means at its end yet but the delight that I have experienced beckons me to tell others and to take others along this journey Many times along the way I had to discard the cultural baggage that I had carried along because they became burdensome and prevented me from going further I then had to adorn a totally new attire and at times change my lenses to see things clearer I was reluctant to do that at first but the moment I tried on the new lenses I saw things that I had never seen before That was exciting Things came into much sharper focus However the distant view remained hazy but this only made me more determined to journey on With each new step I took I saw a little more Somehow

the haze of the distant hills never lifted It remained I was only given a clear view of the immediate surroundings Over time I became contented with that view knowing that in this journey the delight is limitless S K Tham Those who have struggled with cross cultural communication of the Word of God will find this book a great assistance It is not that here at last is a method we can employ that will remove the barriers we face but there is an explanation and one that is not restricted to any particular Christian cultural group Siew Kiong Tham has argued that the basic problem is not anthropological or cultural it is theological Knowing the triune God and having that knowledge effect Christian living and relationships lies at the heart of all we are about as believers and proclaimers Rev Dr Ian Pennicook New Creation Teaching Ministry NSW We see our own culture as inviolable Apart from Christ it represents our lasting and sacred endeavours It fits us with the way things are done Dr Tham shows us that we may not simply overlay our culture with a form of external Christianity The delivery of grace by the present reigning Lord Jesus can never be dropped over our culture as a better moral system that simply tidies up some minor cultural loose ends The culture of the Fathers family must break through as the culture of love seen and known only in the Cross Only there do we discover the Fathers lasting and sacred endeavours to form His culture within humanity Brian Arthur Pastor Bethel Christian Church *Mangoes Or Bananas?* Yung Hwa, 1997 **Contextualization** David J. Hesselgrave, Edward Rommen, 2000 This expert analysis of contextualization from David Hesselgrave and Ed Rommen skillfully brings the meanings proposals and tasks of contextualization into clearer focus creating the most comprehensive treatise on the subject produced by evangelical scholars
