### **Aspects Of Barnsley Discovering Local History V 3:**

Aspects of Barnsley Elliott Brian, 1998-10-01 This is the fifth volume in the Aspects of Barnsley series and is a remarkable achievement for a town and district having little history as Barnsley has been described. In this volume there are fifteen contributions and their nature has changed somewhat from that of its predecessors. In Aspects of Barnsley 5 there are a greater number of contributions which fall within the category of living memories and as such are more autobiographical in nature. In this volume we travel from the Town Hall in wartime to a history of the tramways of Barnsley. Then we read the early life of the Barnsley Cheese Factory, hotly pursued by memories of the Theatre Royal and rounding off with the disclosure of scandalous behaviour in Royston and the fate of the perpetrators before the Bawdy Courts.

**KEY SELLING POINTS** | An updated version of a good selling formula | Excellent press and media coverage for the launch | The right price range for the Christmas market

**EDITOR DETAILS** Brian Elliott is the series editor for the Aspects Discovering Local History series which now includes some twenty titles either in print or due for early publication. In 1991 Brian was awarded a Master of Philosophy degree by the University of Sheffield for his research into Barnsley and its surrounding areas. His knowledge and enthusiasm for local and family history has encouraged contributors from a wide variety of backgrounds to contribute to the Aspects Series which has made this unique and highly accessible range of books to be so successful.

**The Industrial Legacy & Landscapes of Sheffield and South Yorkshire** Ian D. Rotherham, Christine Handley (eds), 2017 The chapters in the book reflect some of the breadth of industrial development and its effects that took place in and around Sheffield South Yorkshire from the eighteenth century onwards. It looks at great landowners and at ordinary townsfolk and the impacts that industrial development had on them and their environment. Containing chapters by Professors Ian Rotherham, David Hey and Melvyn Jones and Dr Leonie Skelton.

**Aspects of Barnsley** Wharncliffe Books, 1996

**The End of Tradition?** Ian D. Rotherham, 2014 The threats from global cultural change and abandonment of traditional landscape management increased in the last half of the twentieth century and ten years into the twenty first century show no signs of slowing down. Their impacts on global biodiversity and on people disconnected from their traditional landscapes pose real and serious economic and social problems which need to be addressed now. The End of Tradition conference held in Sheffield UK was organised by Ian D. Rotherham and colleagues. It addressed the fundamental issues of whether we can conserve the biodiversity of wonderful and iconic landscapes and reconnect people to their natural environment. And if we can how can we do so and make them relevant for the twenty first century. The book is in two parts: Part 1 A History of Commons and Commons Management and Part 2 Commons Current Management and Problems.

**Re-imagining Contested Communities** Campbell, Elizabeth, Pahl, Kate, Elizabeth Pente, 2018-03-21 This book offers a close look at contested communities through the lens of Rotherham, an English town struggling to survive in terms of its image profile and identity. Recently divided and left reeling from the powerful impact of the Jay report on Child Sexual Exploitation and increasingly used as a center for

activism and agitation by the far right Rotherham could be seen as an exemplar of a contested community But what happens when a community confronts an identity that has been forced upon it How does a community re define itself More than simply a book about Rotherham this is a book about history culture feelings methods and ideas that will help to articulate the lived meanings of political cultures in Britain today      **Aspects of Birmingham** Brian Hall,2001-01-01 There are now over 25 books published as part of the Aspects Series each one taking readers on a voyage of nostalgic discovery through their town city or area Here Birmingham once The Workshop of the Empire is revealed in twelve studies of the city and its people Here we find Birmingham Municipal Bank the only successful council operated bank and Lesser Known Characters about the city We see the work of the Birmingham Mission and Birmingham Children s Emigration Homes During the troubled 1930 s Birmingham held a Great Pageant and as war clouds gathered over Europe the city s young men fought in The Spanish Civil War All this and so much more is available in this the first Aspects of Birmingham      Wentworth Woodhouse: The House, the Estate and the Family Melvyn Jones,Joan Jones,Stephen Cooper,2021-06-09 It was the home of a knight a baron a viscount two marquises and nine earls The family had estates not only in South Yorkshire but also in North Yorkshire the Midlands and Ireland at their greatest extent covering nearly 120 000 acres One head of household was beheaded Another saw one of the last wolves in the British Isles One owner built the Palladian mansion at Wentworth which has the longest frontage of any country mansion in Britain and was one of the earliest growers of pineapples in this country One head of family was prime minister Twice Another provided financial assistance to more than 6 000 of his Irish tenants and their families to emigrate to Canada during the Great Famine Another had a christening attended by 7 000 official guests Yet another bought an ocean liner to go and search for buried treasure in the Pacific This copiously illustrated book explores the history of the house the estate and the family over more than 400 years drawing on a wide variety of sources particularly the family records the Wentworth Woodhouse Muniments held in Sheffield Archives      *Aspects of Teesside* Maureen Anderson,2002-01-01 Foul Deeds and Suspicious Deaths Around the Tees contains over sixty terrible and gruesome tales that are set in the locality including Barnard Castle Darlington Middlesbrough Hartlepool and many of the surrounding villages In the nineteenth century Victorian industrialists built their empires in the beautiful scenery and charming villages of the Tees area using the river for transport of the commodities that were produced Small cramped houses were built to accommodate the rising population and often three or more families would live in one small dwelling Many of the workers were illiterate and heavy drinkers Domestic violence and drunken brawls were common amongst the poorer classes Women and children were often a burden to the breadwinner and were held in low esteem In a period spanning 100 years from 1799 1899 these well researched events give an insight into the darker side of our region s history and heritage Take a journey into the darker side of your area and let your spine tingle as you read Foul Deeds and Suspicious Deaths Around the Tees Key Selling Points This new series by Wharncliffe Books has been very successful in other local towns Readers always have a thirst for grisly

tales of past misdemeanours in their local town Well illustrated using local sources and articles Author Maureen Anderson was born in Scotland as a child she was taken to Australia and finally returned back to Britain in the early 1970 s Maureen now lives in the village of Seaton where she carries out her research on ancient history Maureen s parents were keen members of the National Trust which gave Maureen her love of historical buildings and all things Victorian Maureen also edited Aspects of Teesside earlier this year for Wharncliffe Books

**Forensic Medicine and Death Investigation in Medieval England** Sara M. Butler, 2014-08-21 England has traditionally been understood as a latecomer to the use of forensic medicine in death investigation lagging nearly two hundred years behind other European authorities Using the coroner s inquest as a lens this book hopes to offer a fresh perspective on the process of death investigation in medieval England The central premise of this book is that medical practitioners did participate in death investigation although not in every inquest or even most and not necessarily in those investigations where we today would deem their advice most pertinent The medieval relationship with death and disease in particular shaped coroners and their jurors understanding of the inquest s medical needs and led them to conclusions that can only be understood in context of the medieval world s holistic approach to health and medicine Moreover while the English resisted Southern Europe s penchant for autopsies at times their findings reveal a solid understanding of internal medicine By studying cause of death in the coroners reports this study sheds new light on subjects such as abortion by assault bubonic plague cruentation epilepsy insanity senescence and unnatural death

**Cultural Severance and the Environment** Ian D. Rotherham, 2013-05-09 This major book explores commons lands and rights of usage in common traditional and customary practices and the cultural nature of landscapes Importantly it addresses now critical matters of cultural severance and largely unrecognized impacts on biodiversity and human societies and implications for conservation sustainability and local economies The book takes major case studies and perspectives from around the world to address contemporary issues and challenges from historical and ecological perspectives The book developed from major international conferences and collaborations over around fifteen years culminating The End of Tradition in Sheffield UK 2010 The chapters are from individuals who are both academic researchers and practitioners These ideas are now influencing bodies like the EU UNESCO and FAO with recognition by major organisations and stakeholders of the critical state of the environment consequent on cultural severance
