Aspects Of Rotherham No 3 Discovering Local History:

The Industrial Legacy & Landscapes of Sheffield and South Yorkshire Ian D. Rotherham, Christine Handley (eds), 2017 The chapters in the book reflect some of the breadth of industrial development and its effects that took place in and around Sheffield South Yorkshire from the eighteenth century onwards It looks at great landowners and at ordinary townsfolk and the impacts that industrial development had on them and their environment Containing chapters by Professors Ian Rotherham David Hey and Melvyn Jones and Dr Leonie Skelton *B&W Working & Walking Vol1* Ian D. Rotherham, Melvyn Jones, Christine Handley (eds.), 2012-09-14 The conference at which the chapters in this book were originally presented as papers Working and Walking in the Footsteps of Ghosts took place at Sheffield Hallam University between 29th May and 1st June 2003 The conference proceedings were published at the event as a bound volume of abstracts and longer papers This was a landmark conference It was a large conference of more than 300 delegates who came from all parts of Britain including the Republic of Ireland and from continental Europe Belgium France Hungary Italy the Netherlands and Sweden It marked the tenth anniversary of the first national woodland conference in Sheffield organised by The Landscape Conservation Forum The delegates came from a very wide range of backgrounds academic professional forestry land managers Wildlife Trusts the Forestry Commission English Nature English Heritage Scottish Natural Heritage the Woodland Trust and members of woodland conservation and wildlife groups Trees, Forested Landscapes and Grazing Animals Ian D. Rotherham, 2013-03-05 In this comprehensive book the critical components of the European landscape forest parkland and other grazed landscapes with trees are addressed The book considers the history of grazed treed landscapes of large grazing herbivores in Europe and the implications of the past in shaping our environment today and in the future Debates on the types of anciently grazed landscapes in Europe and what they tell us about past and present ecology have been especially topical and controversial recently This treatment brings the current discussions and the latest research to a much wider audience The book breaks new ground in broadening the scope of wood pasture and woodland research to address sites and ecologies that have previously been overlooked but which hold potential keys to understanding landscape dynamics Eminent contributors including Oliver Rackham and Frans Vera present a text which addresses the importance of history in understanding the past landscape and the relevance of historical ecology and landscape studies in providing a future vision **Aspects of Rotherham** Melvyn Jones, 1998 The publication of this the third volume in the Aspects of Rotherham series marks an important development in the ever growing Aspects Series From its beginnings in 1993 with Aspects of Barnsley 1 the series now has some twenty titles either in print or programmed for early publication The present volume continues the tradition of bringing a wide variety of well researched material to the attention of the general reader Furthermore the text is augmented with numerous photographs drawings diagrams and maps the vast majority of which have never before been published Continuing the tradition of the Aspects Series the volume contains contributions from well

known local historians and newcomers being published for the first time Aspects of Rotherham 3 will appeal equally to the reader with a general interest in the town and the serious student of the history of Rotherham and its people

South Yorkshire Mining Villages Melvyn Jones, 2017-07-30 Over a period of more than 150 years between the late eighteenth century and the 1930s the South Yorkshire rural landscape was transformed by coal mining and the movement of coal But it was not just the development of collieries canals and railways that caused this transformation The population of the coalfield grew at a phenomenal rate and the new mining population many of them migrants from other parts of the country had to be housed near to the collieries where they worked Small residential colonies were built near the new collieries existing rural villages expanded new satellite villages were established and completely new mining communities were created the later ones carefully planned and laid out in the form of geometrically designed estates This copiously illustrated book explores the history of the physical and social development of

these very varied mining communities drawing on a wide variety of sources It is the first book to cover this subject and includes topics such as the settlement that was specifically built for blackleg miners the development in one village of a large Welsh speaking colony how Earl Fitzwilliam housed his colliers and their families and the views of well known writers like Fred Kitchen Roger Dattler and George Orwell on the colliery villages The book will be of great interest not only to readers living in South Yorkshire but also to the descendants of South Yorkshire miners now living in other parts of the country and elsewhere

Aspects of Barnsley 7 Brian Elliot,2002-10-01 The Aspects series takes the readers on a voyage of nostalgic discovery through their town city or area Following on from the success of Aspects of Barnsley 6 the series continues with Aspects of Barnsley 7 Brian Elliott offers the reader a chance to become re acquainted with the forgotten by ways of the social history in the Barnsley area Aspects of Barnsley 7 contains a well researched and readable history from a variety of experienced and new authors The topics include personal accounts of local businesses such as Needham Brothers and Station Taxis Memories of a Barnsley Childhood by an American Resident Excerpts from Royston School log Books Johnny Westons Monk Bretton New Insight Concerning 2 Worsborough Collieries Some Characters of Old Darfield Postcards from Barnsley and The Ancient Place Names of the Barnsley Metropolitan Borough All of these are captivated with fantastic illustrations in Aspects of Barnsley 7

Land Agent Lowri Ann Rees,2018-06-08 This book brings together leading researchers of British and Irish rural history to consider the role of the land agent or estate manager in the modern period Land agents were an influential and powerful cadre of men who managed both the day to day running and the overall policy direction of landed estates As such they occupy a controversial place in academic historiography as well as popular memory in rural Britain and Ireland Reviled in social history narratives and fictional accounts the land agent was one of the most powerful tools in the armoury of the British and Irish landed classes and their territorial political and social dominance By unpacking the nature and processes of their power The Land Agent explores who these men were and what was the wider significance of their roles thus uncovering a neglected history of British rural society
