Assassinations Probe Magazine On Jfk Mlk Rfk And Malcolm X:

The Assassinations James DiEugenio, Lisa Pease, 2003-02-01 Probing deep into four hidden histories the material released should dispel any notions of lone nuts or coincidence These articles cut a clear path through the thick jungle of disinformation that has grown around these events and expose the truly hideous teratomas that thrive and bloom under the canopy of national security New York Press

Why The CIA Killed JFK and Malcolm X John Koerner, 2014-11-28 This book breaks new ground in two important areas that have yet to be linked and explored by any JFK assassination historian John Koerner argues that the CIA's secret drug trade in Laos and the president's effort to end it provided the primary motive that the CIA needed to assassinate the president A lot of effort has been made to examine the president's Vietnam policy but precious little attention has been paid to the opium trade in Laos that was making the CIA wealthy and powerful beyond its wildest dreams This book chronicles the president's secret war with the CIA over Laos a high stakes game that cost him his life Koerner also links the JFK assassination and the drug trade with the other three major assassinations of the 1960s Malcolm X Martin Luther King and Robert F Kennedy We will see that all four of the assassinations are linked together all funded and executed by the CIA to silence the four most vocal leaders who were opposed to the agency's pro war and pro drug policy in Laos and Vietnam Finally Koerner examines the impact this has had on the course of history and imagines a world where these men had lived

The Octopus Kenn Thomas, Jim Keith, 2004 Originally released to critical praise this book became a much sought after classic in the underground of conspiracy literature today commanding high prices on the book collector's market The new paperback edition carries Casolaro's conspiratorial insights and research into the post 911 world for which it was a harbinger

The Kennedy Assassinations Mel Ayton, 2022-07-19 Few events have been the subject of more conspiracy theories than the assassinations of the two Kennedy brothers Indeed a great many people consider that there were other individuals than Lee Harvey Oswald and Sirhan Sirhan involved in both murders Was a shot fired from Dealey Plaza's grassy knoll Why did Jack Ruby shoot Oswald Was it the CIA the Soviets Cuban nationalists or the Mafia that arranged John Kennedy's assassination Was Robert Kennedy shot from in front and behind and who had the most to gain from his death These are just a few of the questions that have been put forward by a myriad of conspiracy theorists and it is those people and their ideas that Mel Ayton has tackled head on Over many years Mel Ayton has examined all the more substantial conspiracy theories and through careful analysis of documents and eyewitness statements he has demolished each one In each case Mel Ayton presented the results of his detailed investigations in periodicals as he worked through the various theories These have now been brought together to provide a comprehensive analysis of all the main theories as to who how and why the two Kennedy brothers met their deaths in such unusual circumstances Though wild ideas will continue to be proposed and efforts will still be made to demonstrate that Oswald could not have fired off three shots with great accuracy in the few seconds available to him as the presidential cavalcade passed beneath the window where he

crouched or that there were sinister reasons why three CIA men were allegedly present on the night of Robert Kennedy's assassination the harsh reality is that the Kennedy brothers were each killed by lone gunmen This is an absorbing read brought up to date with the addition of new material as it has been uncovered Maybe just maybe this book will persuade people that the official accounts of both murders although flawed are not cover ups but simply statements of fact

The FBI War on Tupac Shakur John Potash, 2021-10-12 Since the first day after the tragedy was announced controversy has surrounded the death of rap and cultural icon Tupac Shakur In this work preeminent researcher on the topic John Potash puts forward his own theories of the events leading up to and following the murder in this meticulously researched and exhaustive account of the story Never before has there been such a detailed and shocking analysis of the untimely death of one of the greatest musicians of the modern era The FBI War on Tupac Shakur contains a wealth of names dates and events detailing the use of unscrupulous tactics by the Federal Bureau of Investigation against a generation of leftist political leaders and musicians Based on twelve years of research and including extensive footnotes sources include over 100 interviews FOIA released CIA and FBI documents court transcripts and mainstream media outlets Beginning with the birth of the Civil Rights Movement in America Potash illustrates the ways in which the FBI and the United States government conspired to take down and dismantle the various burgeoning activist and revolutionary groups forming at the time From Martin Luther King Jr to Malcolm X to Fred Hampton the methods used to thwart their progress can be seen repeated again and again in the 80s and 90s against later revolutionary groups musicians and most notably Tupac Shakur Buckle up for this winding shocking and unbelievable tale as John Potash reveals the dark underbelly of our government and their treatment of some of our most beloved Black icons

The Assassination of President John F. Kennedy: The Final Analysis David W. Mantik, M.D., Ph.D., Jerome R. Corsi, Ph.D., Douglas P. Horne, In this decisive analysis of the JFK assassination medical expert Dr David W Mantik and New York Times bestselling author Jerome R Corsi definitively validate the observations of the physicians at Parkland Hospital who recognized immediately that the wound in JFK's throat and the massive avulsed blow out in the back of his head both involved frontal shots What distinguishes this book from the myriad of books written on the JFK assassination is that Dr Mantik's optical density measurements of the JFK skull X rays in the National Archives leave no doubt the X rays were altered to disguise evidence of the two frontal shots With over four decades of experience reading X rays Dr Mantik has examined the JFK assassination materials more than anyone else Mantik and Corsi present overwhelming testimonial and documentary evidence that proves the Bethesda surgeons performed pre autopsy surgery on JFK's head to remove evidence of the forehead bullet as well as to gain access to his brain and thus sanitize the crime scene by removing bullet fragments and bullet tracks in the brain tissue The world is starving for objective science This book contains objective forensic science for which the world will never be ready If the X rays were doctored the CIA the FBI and the US Secret Service have some questions to answer The public deserves the final analysis of these issues James Lyons Weiler PhD The

Institute for Pure and Applied Knowledge **JFK and the End of America** Tim Fleming, 2018-01-29 JFK and the End of America is the culmination of Tim Fleming's 50 years of research into the Kennedy assassination. The book makes the case that Lee Harvey Oswald did not kill the president. Rather, an elaborate plot concocted and executed by a sinister covert cabal took Kennedy's life. The plotters who stood to gain the most from JFK's death, Lyndon Johnson and Allen Dulles, were abetted by powerful interests in government business and the military. Kennedy was moving America toward a permanent peace state, threatening the national security military establishment whose existence is dependent on a permanent war state. Since 1963 we have been at war or under a threat of war, spending nearly six of every ten tax dollars on defense. It is vital to expose the truth of who killed Kennedy and why if we are to understand the real history of America since 1963. Fleming draws a straight line from Dallas to the political and cultural divide that afflicts us today.

Why the JFK Assassination Still Matters Richard Buyer, 2009 We live in a great country. Yet we must have faith and trust in our government or we cannot succeed. On the other hand, the government must also believe in its own people. Both factions must tell the truth. For this reason, the JFK assassination still matters. History cannot be replayed, but it can be rewritten. Why read another book about the JFK assassination? It's simple: the major crime of the twentieth century remains unsolved. Although the assassination of President John F. Kennedy happened in 1963, the reverberations of this horrific event are still felt today. Discrepancies and questions about the assassination remain unanswered. Was there a conspiracy behind the assassination? If so, who was involved? Why the JFK Assassination Still Matters discusses new ideas, showing Lee Harvey Oswald never fired a shot at the president. The Warren Commission was a hoax, and the single bullet theory was physiologically impossible. Strange bedfellows emerged when the CIA formed a coalition with organized crime in an attempt to assassinate Fidel Castro. President Kennedy became a threat to very powerful forces when he tried to establish a peaceful coexistence with Russia and Cuba. About the Author: Dr. Richard Buyer has been practicing medicine for over thirty-five years. The assassination of President John F. Kennedy was probably the greatest tragedy he has personally experienced. He wrote this book to help his children learn the truth behind this horrific event. His daughter, Kennedy, happened to be born on the anniversary of the assassination. It is Dr. Buyer's goal that all children, as well as adults, will finally learn the truth about the assassination.

Martyrs to the Unspeakable Douglass, James W., 2025-10-29 *Conspiracies Uncovered* Lee Mellor, 2021-02-04 Enter a hidden world of mysteries, scandals, secrets, and lies. Perhaps it is human nature to believe there is more to the world than meets the eye, that the greatest secrets and truths are hidden from us. Whatever the reason, conspiracy theories are a global phenomenon. *Conspiracies Uncovered* delves into some of the most pervasive theories, from the assassination of John F. Kennedy to the moon landings, showcasing the evidence for and against each one, revealing the surprising truths behind some and the bizarre inspirations for others.

The Forgotten Terrorist Mel Ayton, 2019-05 Robert F. Kennedy's assassination in 1968 seems like it should be an open and shut case. Many people crowded in the small room at Los Angeles's famed Ambassador Hotel that

fateful night saw Sirhan Sirhan pull the trigger Sirhan was also convicted of the crime and still languishes in jail with a life sentence However conspiracy theorists have jumped on inconsistencies in the eyewitness testimony and alleged anomalies in the forensic evidence to suggest that Sirhan was only one shooter in a larger conspiracy a patsy for the real killers or even a hypnotized assassin who did not know what he was doing a popular plot in Cold War era fiction such as The Manchurian Candidate Mel Ayton profiles Sirhan and presents a wealth of evidence about his fanatical Palestinian nationalism and his hatred for RFK that motivated the killing Ayton unearths neglected eyewitness accounts and overlooked forensic evidence and examines Sirhan's extensive personal notebooks He revisits the trial proceedings and convincingly shows Sirhan was in fact the lone assassin whose politically motivated act was a forerunner of present day terrorism The Forgotten Terrorist is the definitive book on the assassination that rocked the nation during the turbulent summer of 1968 This second edition features a new afterword containing interviews and new evidence as well as a new examination of the RFK assassination acoustics evidence by technical analyst Michael O Dell

Conspiracy Theory in America Lance

deHaven-Smith, 2013-04-15 Asserts that the Founders' hard nosed realism about the likelihood of elite political misconduct articulated in the Declaration of Independence has been replaced by today's blanket condemnation of conspiracy beliefs as ludicrous by definition

New Directions for Catholic Social and Political Research Guido Giacomo

Preparata, 2016-10-25 This book offers scholars who ground their research in compassion and pacifism a new framework for the socio political analysis of current global events By tackling a broad range of critical themes in various disciplines the essays compose a critical narrative of the ways in which power and violence shape society culture and belief In addition to the contemporary dynamics of international economics political murder and the rhetorical antagonism between Christianity and Islam the book addresses cultural strife in the West the societal effects of neoconservative hegemony in the United States and the world and the overall question of religious credence in connection with political action All such topics are discussed with a view toward providing solutions and policies that are informed by a comprehensive desire to resist violence and war on the one hand and to foment cohesion and harmony at the community level on the other

Drugs as Weapons

Against Us John L. Potash, 2015-05-25 Drugs as Weapons Against Us meticulously details how a group of opium trafficking families came to form an American oligarchy and eventually achieved global dominance This oligarchy helped fund the Nazi regime and then saved thousands of Nazis to work with the Central Intelligence Agency CIA operations such as MK Ultra pushed LSD and other drugs on leftist leaders and left leaning populations at home and abroad Evidence supports that this oligarchy further led the United States into its longest running wars in the ideal areas for opium crops while also massively funding wars in areas of coca plant abundance for cocaine production under the guise of a war on drugs that is actually the use of drugs as a war on us Drugs as Weapons Against Us tells how scores of undercover U S Intelligence agents used drugs in the targeting of leftist leaders from SDS to the Black Panthers Young Lords Latin Kings and the Occupy Movement It also

tells how they particularly targeted leftist musicians including John Lennon Jimi Hendrix Kurt Cobain and Tupac Shakur to promote drugs while later murdering them when they started sobering up and taking on more leftist activism The book further uncovers the evidence that Intelligence agents dosed Paul Robeson with LSD gave Mick Jagger his first hit of acid hooked Janis Joplin on amphetamines as well as manipulating Elvis Presley Eminem the Wu Tang Clan and others

The Four Guns John Koerner, 2024-10-29 What would our country be today if Abraham Lincoln James Garfield William McKinley and John F Kennedy had survived their assassinations Would this country and the world we live in today be better or worse What if Lincoln and McKinley had lived through their second terms What if Garfield and Kennedy had completed their four years in office and gone on to get reelected The Four Guns has three purposes First to explain the circumstances surrounding the four assassinations and examine any evidence for possible conspiracy The second is to trace the history of the four assassination weapons readers will learn the types of firearms used how the assassins acquired them and where they are now most of this information has never been written about or made public The third purpose is to examine how American history would have changed if the presidents had survived their assassinations and to show just how much these four weapons deprived us of a better future

Matrix for Assassination Richard Gilbride, 2009 A phantom haunts America the ghost of Dealey Plaza where President John F Kennedy was shot on November 22 1963 In Matrix for Assassination author Richard Gilbride a schoolboy in 1963 who became fascinated with the facts condenses much of the research conducted in recent years after a mountain of new data became available from classified files with the passing of the John F Kennedy Assassination Records Collection Act of 1992 Matrix for Assassination names the names It offers simple and defensible solutions to many of the crime s lasting enigmas Who were the shooters Who forced Ruby to kill Oswald Who orchestrated Kennedy s autopsy cover up What actually happened in the book depository Were the Dallas police in on the plot The Pentagon LBJ The CIA Thoroughly referenced with 300 accompanying photographs Matrix for Assassination is bookended by two events which draw it through the tabloids and into the X Files Marilyn Monroe s strange death and JFK s clash with an above top secret UFO cabal Her murder was a prelude to Dallas at the heart of the military industrial complex dwelt a sinister darkness that originated in Nazi Germany
