## Assassins Trail:

**On the Trail of the JFK Assassins** Dick Russell, 2008-11-22 Using newly declassified information Dick Russell builds on three decades of painstaking research in *On the Trail of the JFK Assassins* offering one of the most comprehensive and authoritative examinations of the assassination of our thirty fifth president Included are new revelations such as the theory that Lee Harvey Oswald was subjected to mind control Russell's personal encounters inside the KGB headquarters and new information gleaned from an interview with Oswald's widow Russell here comes closer than ever to answering the ultimate question Who killed JFK

**The Greatest Lie on Earth (Expanded Edition)** Edward Hendrie, 2018-09-12 This book reveals the mother of all conspiracies It sets forth biblical proof and irrefutable evidence that will cause the scales to fall from your eyes and reveal that the world you thought existed is a myth The most universally accepted scientific belief today is that the earth is a globe spinning on its axis at a speed of approximately 1 000 miles per hour at the equator while at the same time it is orbiting the sun at approximately 66 600 miles per hour All of this is happening as the sun in turn is supposed to be hurtling through the Milky Way galaxy at approximately 500 000 miles per hour The Milky Way galaxy itself is alleged to be racing through space at a speed ranging from 300 000 to 1 340 000 miles per hour What most people are not told is that the purported spinning orbiting and speeding through space has never been proven In fact every scientific experiment that has ever been performed to determine the motion of the earth has proven that the earth is stationary Yet textbooks ignore the scientific proof that contradicts the myth of a spinning and orbiting globe Christian schools have been hoodwinked into teaching heliocentrism despite the clear teaching in the bible that the earth is not a sphere and does not move This book reveals the evil forces behind the heliocentric deception and why scientists and the Christian churches have gone along with it

*The Old Man of The Mountain: The 'Trial of the Assassin'* Theodore Josiha Haig, 2015-10-15 The Old Man of the Mountain The Trial of the Assassin He was a powerful influencing reference as Britain's Bernard Lewis who would become the foremost authority on Islamic history and traditions traced the origins of the Assassin sect in the Shi'ite branch of Islam and began to chronicle both their doctrines and the life of their enigmatic founder the legendary Old Man of the Mountain The Assassins were the first group to make planned systematic and long term use of murder as a political weapon and their ideals and methods have since found many imitators Bernard Lewis was just about to publish in 1967 one of his first books entitled *The Assassins* Once published it was to be the most comprehensive readable and authoritative account of history's first terrorists When Lewis book was published Dr Ahmed Abdulla did take some exceptions on one major historical account but in all he was very pleased with the historical context of Lewis factual history Where they differed would continue to be preserved and concealed unknowingly in Lewis account as one of the most guarded secrets in the history of the assassin's legacy Ahmed and Iran's self imposed exiled Ayatollah Khomeini allegedly were two of the very few Shi'ites in the world that knew about this well guarded secret As descendants of the Old Man each was entrusted with continuing to pass the legacy

down through history until the call would come to carry out the assassination. However, it was the one called Ahmed who didn't want to get because it was diametrically in opposition to his principles of democracy, tolerance, and religion.

**Assassination in Vichy** Gayle K. Brunelle, Annette Finley-Croswhite, 2020-10-07 An engrossing World War II who-done-it and a well-researched historical study of France's deep political divisions and wartime choices. **Assassination in Vichy** explores the impact of right-wing extremism in wartime France.

**Empire of Terror** Mark D. Silinsky (author), 2021-07 In *Empire of Terror*, Mark D. Silinsky argues that Iran is one of the United States' deadliest enemies. The Islamic Revolutionary Guard Corps, known as the Guards, bring Iran's sway over much of the greater Middle East and pose a growing existential threat to Western security. Providing insights gained from his thirty-eight years as an analyst in the U.S. defense intelligence community, Silinsky argues that Iran's political leaders and Guards are animated by aggressive, unforgiving, and totalitarian principles. He draws historical parallels to the Soviet Union and Nazi Germany to compare the intelligence and security services of states with totalitarian aspirations and to illustrate ideological points of intersection: a collectivist mindset, intolerance for political deviation, strongly defined sex roles, and hypermasculinity, and a ruthless determination to ferret out and destroy their enemies. Silinsky offers biographies and explanations of the ideology that propels some of Iran's leaders with global implications. Profiling the perpetrators, victims, heroes, villains, and dupes, Silinsky shines light on the human and inhumane elements in this distinctly Iranian drama. Although the Soviet Union and Nazi Germany have been defeated and belong to history, the Iranian threat is very much alive.

**Political Governance in Post-Genocide Rwanda** Filip Reyntjens, 2013-12-30 Analyses political governance in post-genocide Rwanda, focusing on the rise of the Rwandan Patriotic Front (RPF). In the aftermath of the 1994 Rwandan genocide, the RPF has employed various means: rigged elections, elimination of opposition parties, and civil society legislation outlawing dissenting opinions and terrorism to consolidate its position as the nation's ruling party. Although Rwanda is considered successful for its technocratic governance, societal reforms, and economic development, the regime's darker side of human rights abuses, social engineering projects, information management schemes, and retributive justice system is also exposed.

*The War Inside* Allen DeKeyser, 2025-08-17 At its core, this book is the collision of pain and hope, a story of battles fought not only in the world outside but deep within the human soul. *The War Inside: The Love That Survived* is a raw and unflinching journey through trauma, scars, and the quiet wars waged in silence, but it is also a testimony to the love, loyalty, and resilience that refuse to be extinguished. Allen DeKeyser opens his heart and pages to share a powerful account of survival, the violence that nearly broke him, the weight of PTSD and despair, and the moments when darkness pressed in from all sides. But through it all, a constant thread runs strong: love. The love of family, the love of his dogs who became his healers and protectors, the love of a wife who stood unshaken through storms, the love of faith that whispered life back into wounded places. This book is both memoir and manifesto, a cry for peace, a tribute to endurance, and a reminder that while life can carve deep wounds, it is love that binds.

them heals them and helps us stand again Whether you have fought your own battles carried unseen scars or stood beside someone in their struggle The War Inside The Love That Survived will meet you with honesty strength and hope It s a book that doesn t flinch from truth but insists on redemption proving that no matter the war inside love can and does survive

**Parasite's Embrace** Neelansh,2025-06-17 Liam and Nari are two elite spies loyal precise and unshakable But when Nari is infected by an alien parasite that controls thoughts and erases doubt their perfect mission starts to unravel As Liam investigates her strange behavior he discovers a horrifying truth a hidden organization is using parasites to manipulate agents into carrying out a silent plan for a global reset When Liam himself is infected he s plunged into a world where rebellion is impossible His memories are rewritten his choices no longer his own Yet one thing resists control his love for Nari Parasite s Embrace is a dark psychological sci fi thriller about mind control sacrifice and the quiet power of love In a world where even thoughts can be programmed Liam and Nari must hold on to the only truth that can t be overwritten what they meant to each other and what they lost

**Be Marked By A Revengeful Alpha** Part I Mco, I am a human but my boyfriend is a werewolf During a date I discovered that he cheated on me Disillusioned I rushed to the bar to drown my sorrows in alcohol but accidentally ended up having a one night stand with a stranger and was marked by him I thought my life was going to be completely dark from that point on but I never expected that the man would turn out to be a powerful alpha It was like a wide net slowly closing in on us in the darkness Ever since I found out that I was pregnant the fate of us was deeply entangled individuals

Down from London Carolyn W. de la L. Oulton,2022-02-15 In the first hundred years of the UK rail network the seaside figures as a nerve centre managing and making visible the period s complex interplay between health death gender and sexuality This monograph discusses around 130 novels of the railway age to show how the seaside infiltrates a diverse range of literature subverting the boundaries between high and low literary culture The seaside holiday galvanises innovative literary forms including early twentieth century holiday crime and romance fiction which has its origins in the sensational strategies of mid nineteenth century authors Where reading takes place is at least as important as what is read and case studies on literary Brighton and Dickensian Kent explore the occasionally fraught relationship between seaside towns and the metropolis as London visitors are represented in and are the target audience for literary accounts of the seaside holiday The act of reading by the sea is itself overdetermined and problematic a dilemma that is managed in part through the development of text free literary tourism in the late nineteenth century Deploying strategies from literary criticism histories of reading libraries and the book and literary tourism this book recovers seaside reading as both a literary sub genre and a deeply contested mode of engagement
