Assault On Paradise Social Change In A Brazilian Village:

Assault on Paradise Conrad Phillip Kottak, 1992 This book is designed for use as a supplementary text in cultural and anthropology courses The book chronicles the rapid social and economic change in Arembepe a Brazilian coastal fishing village which the author has visited repeatedly from 1962 to the present 1991 The new edition brings the account up to date by describing and analyzing the past ten years of life in Arembepe *Assault on Paradise* Conrad Phillip Kottak, 2017-11-10 By the highest standards *Assault on Paradise* ranks among the best and most complete modern ethnographic accounts ever written In a rich narrative style it chronicles the rapid social and economic change in Arembepe a once isolated coastal fishing village in Brazil where the author first conducted anthropological fieldwork more than fifty years ago With emphasis on the impact of globalization technology and mass media the current edition extends stories of people and events as well as internal and external changes Readers quickly feel a part of the evolving community of Arembepe and the author's close friends and informants As one reviewer put it The people and personalities come through in a very human and often amusing way This isn't ethnography with the people taken out The well structured jargon free coverage makes it ideal for use in introductory anthropology courses ***Assault on Paradise* Conrad Phillip Kottak, 1983** ***Assault on Paradise* Conrad Phillip Kottak, Richard Pace, 2024-09-10** The Fifth Edition of *Assault on Paradise* continues to offer an in depth exploration of Arembepe Brazil through the lens of cultural change and environmental activism Combining the pioneering ethnographic research of Conrad Kottak with fresh insights from co author Richard Pace this seminal ethnographic study provides a comprehensive view of Arembepe's evolution over the past six decades Kottak's original work captures Arembepe's transformation from a serene fishing village to a global cultural hotspot during the 1960s hippie movement His detailed observations offer students a foundational understanding of how cultural social and economic forces interact within a community In this new edition an updated chapter with new co author Richard Pace reflects the current dynamics of the village Contemporary developments in religious practices the expansion of tourism and local environmental activism are addressed Kottak and Pace illustrate how Arembepe continues to navigate its identity amidst ongoing change *Assault on Paradise* stands out as a valuable case study on cultural adaptation community resilience and the impacts of globalization Kottak and Pace's combined perspectives help students grasp the complexities of cultural transformation and the role of local agency in shaping environmental and social outcomes Perfect for classroom use this book facilitates critical discussions on cultural dynamics and offers a nuanced view of how communities respond to external pressures while preserving their heritage *Violence in the City of Women* Sarah Hautzinger, 2007-09-17 Brazil's innovative all female police stations installed as part of the return to civilian rule in the 1980s mark the country's first effort to police domestic violence against women Sarah J Hautzinger's vividly detailed accessibly written study explores this phenomenon as a window onto the shifting relationship between violence and gendered power struggles in the city of Salvador da Bahia Hautzinger brings together

distinct voices unexpectedly macho policewomen the battered women they are charged with defending indomitable Bahian women who disdain female victims and men who grapple with changing pressures related to masculinity and honor What emerges is a view of Brazil's policing experiment as a pioneering and potentially radical response to demands of the women's movement to build feminism into the state in a society fundamentally shaped by gender

The Broken Village Daniel R. Reichman, 2011-11-15 In *The Broken Village* Daniel R. Reichman tells the story of a remote village in Honduras that transformed almost overnight from a sleepy coffee growing community to a hotbed of undocumented migration to and from the United States The small village called here by the pseudonym La Quebrada was once home to a thriving coffee economy Recently it has become dependent on migrants working in distant places like Long Island and South Dakota who live in ways that most Honduran townspeople struggle to comprehend or explain Reichman explores how the new migration economy has upended cultural ideas of success and failure family dynamics and local politics During his time in La Quebrada Reichman focused on three different strategies for social reform a fledgling coffee cooperative that sought to raise farmer incomes and establish principles of fairness and justice through consumer activism religious campaigns for personal morality that were intended to counter the corrosive effects of migration and local discourses about migrant greed that labeled migrants as the cause of social crisis rather than its victims All three phenomena had one common trait They were settings in which people presented moral visions of social welfare in response to a perceived moment of crisis *The Broken Village* integrates sacred and secular ideas of morality legal and cultural notions of justice to explore how different groups define social progress

The Environment in Anthropology Nora Haenn, Richard Wilk, 2006 Presenting ecology and current environmental studies from an anthropological point of view this book gives readers a strong intellectual foundation as well as offering practical tools for

solving environmental problems **Blackness and Social Mobility in Brazil** Doreen Joy Gordon, 2022-03-07 This book examines the emergence of the black middle classes in urban Brazil after 30 years of black mobilization and against the backdrop of deep economic cultural and political transformations taking place in recent decades within the country One of the consequences of such transformations is said to be the restructuring of gender race and class relations Utilizing qualitative research techniques such as ethnography interviews life histories and focus groups among Afro descendant families in the Northeast region of the country the book explores contemporary race class and gender inequalities and their impact on daily lived experience It reveals the dynamics underlying upward mobility the diverse modes and experiences of social ascent into the middle classes and the everyday negotiations involved in establishing one's status in the socio racial hierarchy which are not captured by other more macro lenses While some of these patterns are not peculiar to black people this book argues that race shaped the contours and possibilities of social mobility in particular ways This book is critical reading for specialists in the fields of inequality and race class and gender relations *The Tourist as a Metaphor of the Social World* Graham Dann, 2002 This book contains a selection of papers from the prestigious Research Committee on International Tourism presented at the World Congress of the International Sociological Association Brisbane Australia July 2002 It provides a sociological and anthropological critique of existing tourism theory as well as some directions for its future development and research While much of the present understanding of the tourist and tourism is grounded in metaphor e g tourism as a sacred journey tourism as play the tourist as a child etc such analogies need to be linked to transformations in tourism generating and receiving societies Hence the focus on the tourist and everyday life socio psychological dimensions of the tourist experience the tourist and conflicting expectations and the tourist in a changing world *Prime-Time Society* Conrad Phillip Kottak, 2016-06-03 A landmark comparative study U S and Brazil of television's social and cultural effects on human behavior updated edition has a new introduction bringing the study up to the present *Another Arabesque* John Tofik Karam, 2008-03-14 A revealing investigation of changing identity in a globalizing world **Race in Another America** Edward E. Telles, 2014-04-24 This is the most comprehensive and up to date book on the increasingly important and controversial subject of race relations in Brazil North American scholars of race relations frequently turn to Brazil for comparisons since its history has many key similarities to that of the United States Brazilians have commonly compared themselves with North Americans and have traditionally argued that race relations in Brazil are far more harmonious because the country encourages race mixture rather than formal or informal segregation More recently however scholars have challenged this national myth seeking to show that race relations are characterized by exclusion not inclusion and that fair skinned Brazilians continue to be privileged and hold a disproportionate share of wealth and power In this sociological and demographic study Edward Telles seeks to understand the reality of race in Brazil and how well it squares with these traditional and revisionist views of race relations He shows that both schools have it partly right that there is far more

miscegenation in Brazil than in the United States but that exclusion remains a serious problem He blends his demographic analysis with ethnographic fieldwork history and political theory to try to understand the enigma of Brazilian race relations how inclusiveness can coexist with exclusiveness The book also seeks to understand some of the political pathologies of buying too readily into unexamined ideas about race relations In the end Telles contends the traditional myth that Brazil had harmonious race relations compared with the United States encouraged the government to do almost nothing to address its shortcomings

Class Acts E. Paul Durrenberger, Suzan Erem, 2015-12-03 American labor leaders are constantly developing new programs to revive the union movement What happens when these plans collide with the daily lives of front line union staff and members This book examines the often conflicting interests of key players in the trenches of a national effort to bring back the American labor movement Brutally honest funny never dull this anthropological ethnography shows the daily struggles of union members today to bring about positive change and hold together their urban labor union in an era of globalization outsourcing and deindustrialization A union activist and an anthropologist the authors pair up to offer inside/outside views of labor unions and of how anthropological fieldwork is done Explaining coaching and warning Paul of hazards Suzan the communications director for the Local provides inside views and details of day to day interactions Paul the anthropologist provides outside analytical views that related Suzan's experiences and his own observations to the wider view anthropology offers through ethnography holism and comparativism The result is a story of one dynamic union local one anthropological study and the lit fuse that connects them until the end
