Entries on both historical and contemporary organizations include African Aid Society, African Americans for Humanism, Black Academy of Arts and Letters, Black Women's Liberation Committee, Minority Women in Science, National Association of Black Geologists and Geophysicists, National Dental Association, National Medical Association, Negro Railway Labor Executives Committee, Pennsylvania Freedmen's Relief Association, Women's Missionary Society, African Methodist Episcopal Church and many more. *Canadian Reference Sources* Mary E. Bond, Martine M. Caron, 1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian people, institutions, organizations, publications, art, literature, languages and history. It lists books of a general nature as well as works in the disciplines of history and the humanities. These large divisions are then broken down by subject, genre, type of document and province or territory. Titles of national, provincial, territorial or regional interest are included in every subject area when available. The contents of the book are indexed four ways: by name, title, French subject and English subject. And to facilitate browsing, the major reference books, those dealing with more than one subject or a large geographical region, are also cross-referenced. Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages. Entries for unilingual works include a citation in the language of the publication and a bilingual annotation. The annotations are descriptive and provide information on the content, arrangements and indexing of works, the availability of non-print formats, previous editions and title changes and related works. *Canadian Reference Sources* will be an invaluable reference tool for future scholars and researchers.

Mitchell, 2020-05-01 Combining narrative history with data-rich social and economic analysis, this new institutional economics study examines the failure of frontier farms in the antebellum Northwest Territory where legislatively created imperfect markets and poor surveying resulted in massive investment losses for both individual farmers and the national economy. The history of farming and spatial settlement patterns in the Great Lakes region is described with specific focus on the State of Michigan, viewed through a case study of Midland County. Inter- and intra-state differences in soil endowments, public and private promoters of site-specific investment opportunities, time trends in settled populations and the experiences of
